

On October 2, 2019, the petitioner² submitted a timely request that Commerce postpone the preliminary determination in this LTFV investigation.³ The petitioner stated that it requests postponement to provide adequate time for it and Commerce to review the respondents' questionnaire responses prior to the preliminary determination. The petitioner requests that Commerce fully extend the preliminary determination by 50 days.

For the reason stated above and because there are no compelling reasons to deny the request, Commerce, in accordance with section 733(c)(1)(A) of the Act, is postponing the deadline for the preliminary determination by 50 days (*i.e.*, 190 days after the date on which this investigation was initiated). As a result, Commerce will issue its preliminary determination no later than January 2, 2020. In accordance with section 735(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determination of this investigation will continue to be 75 days after the date of the preliminary determination, unless postponed at a later date.

This notice is issued and published pursuant to section 733(c)(2) of the Act and 19 CFR 351.205(f)(1).

Dated: October 23, 2019.

SUPPLEMENTARY INFORMATION:

Background

On February 8, 2019, Commerce published in the **Federal Register** a notice of opportunity to request an administrative review of the CVD order on solar products from China for the POR.¹ On February 25, 2019, Shenzhen Portable Electronic Technology Co., Ltd. (Shenzhen Technology) a Chinese exporter of the subject merchandise covered by the underlying CVD order, timely requested a review for its own POR entries of subject merchandise.² On February 28, 2019, Suniva, Inc. (Suniva), a domestic producer of subject merchandise, timely requested a review of 12 companies, one of which was Shenzhen Technology.³ Shenzhen Technology and Suniva each filed its request for review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.213(b). No other interested party requested an administrative review of any company for this segment of the proceeding. Based on the requests filed by Shenzhen Technology and Suniva, and in accordance with section 751(a) of the Act and 19 CFR 351.221(c)(1)(i), on May 2, 2019, Commerce initiated an administrative review of the CVD order on solar products from China covering the POR.⁴

Rescission of Review

Pursuant to 19 CFR 351.213(d)(1), the Secretary will rescind an administrative review, in whole or in part, if the party that requested the review withdraws the request within 90 days of the date of publication of the notice of initiation of the requested review. As noted above, Shenzhen Technology and Suniva, the only interested parties that filed requests for an administrative review for this segment of the proceeding, each timely withdrew its respective request for all companies for which a review was requested. Accordingly, Commerce is rescinding the administrative review of the CVD order on solar products from China for the period January 1, 2018, through December 31, 2018, in its entirety.

Commerce intends to issue appropriate assessment instructions to CBP 15 days after the date of publication of this notice in the **Federal Register**.

This notice serves as a reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of CVD duties prior to liquidation of relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of CVD duties occurred and the subsequent assessment of doubled CVD duties.

Assessment Rates

Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries.

Pursuant to 19 CFR 351.212(b)(1), because Magnum reported the entered value for all its U.S. sales, we calculated importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of antidumping duties calculated for the examined sales to the total entered value of the sales for which entered value was reported. To determine whether the duty assessment rates are *de minimis*, in accordance with the requirement set forth in 19 CFR 351.106(c)(2), we calculated importer-specific *ad valorem* ratios based on the entered value.

For the companies which were not selected for individual examination, we used, as the assessment rate, the cash deposit rate assigned to Magnum, in accordance with our practice.⁵

Commerce's "automatic assessment" practice will apply to entries of subject merchandise during the POR produced by Magnum for which it did not know that the merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate

⁴ This rate is based on the rates for the respondents that were selected for individual review, excluding rates that are zero, *de minimis* or based entirely on facts available. See section 735(c)(5)(A) of the Tariff Act of 1930, as amended (the Act).
