

energy, recreation, special status species, visual resources, and wildlife habitat which have occurred across the Oklahoma, Kansas, and Texas planning area since previous plan publications. New resource data are available for consideration, and new policies, guidelines, and laws have been established.

The four alternatives analyzed in the Oklahoma, Kansas, and Texas FJEIS/BLM P–RMP/BIA P–IRMP are as follows:

- Alternative A (No Action Plan) is a continuation of existing land use management actions under the current Kansas, Oklahoma, and Texas RMPs and associated amendments;
- Alternative B (Proposed Alternative) represents a mix of resource use and resource value conservation stewardship principles and management decisions that address current and reasonably foreseeable future land use management issues, including provisions for energy development, recreational opportunities, and conservation of natural resources;
- Alternative C (Environmental Focused Plan) represents a land use management strategy intended primarily to preserve and protect ecosystem health and resource values across the planning area; and
- Alternative D (Resource Use Focused Plan) represents a land use management strategy intended primarily to develop resources and promote economic development across the decision area, such as livestock grazing, energy and mineral development, and recreation.

This land use planning effort was initiated on July 26, 2013, through a Notice of Intent published in the **Federal Register** (78 FR 45266), notifying the public of a formal scoping period and soliciting public participation. The BLM and BIA held 17 scoping meetings between November 2013 and January 2014, throughout Kansas, Oklahoma, and Texas, with stakeholders, interest groups, and the public. During this external scoping period, the public provided the BLM Oklahoma Field Office with input on relevant issues to consider during the land use planning process. Additional information was collected during three additional workshops, one each in Kansas, Oklahoma, and Texas, with the public and cooperating agencies. Based on these issues, conflicts, information, and the BLM and BIA goals and objectives for this planning effort, the BLM–BIA Interdisciplinary Team formulated three action alternatives for consideration and analysis in the Draft

Oklahoma, Kansas, and Texas FJEIS/BLM P–RMP/BIA P–IRMP.

The public comment period for the Oklahoma, Kansas, and Texas FJEIS/BLM P–RMP/BIA P–IRMP was initiated on November 19, 2018, through a **Federal Register** Notice of Availability (83 FR 58283), notifying the public of the release of the draft land use plan for an extended 125-day public comment period, which occurred from November 19, 2018, until March 24, 2019, and solicitation of public comments. Seventy-two cooperating agencies expressed interest in collaborating with the BLM and BIA during the NEPA process and signed a formal cooperating agency agreements.

The BLM and BIA held six public meetings between February 2019 and March 2019, throughout Oklahoma, Kansas, and Texas, with stakeholders, interest groups, and the public. Public meetings were hosted to solicit public input on the Draft Oklahoma, Kansas, and Texas FJEIS/BLM P–RMP/BIA P–IRMP as follows: Wichita, KS, on February 26, 2019; Muskogee, OK, on February 27, 2019; Norman, OK, on February 28, 2019; Amarillo, TX, on March 4, 2019; Fort Worth, TX, on March 5, 2019; and Corpus Christi, TX, on March 8, 2019. In total, 110 attendees participated in the six public meetings and offered oral and written comments to the BLM and BIA. Following the closing of the 125-day public comment period, the BLM and BIA held an internal 5-day conference at the BLM Oklahoma Field Office where an interdisciplinary team of resource management experts reviewed the 150 substantive comment submissions for potential revision of the Draft Oklahoma, Kansas, and Texas FJEIS/BLM P–RMP/BIA P–IRMP in preparation for release of the OKT Final Joint EIS, BLM P–RMP and BIA P–IRMP. All comments on the Draft EIS/RMP were given careful consideration, with necessary revisions incorporated into the FJEIS and plans, as appropriate. Public comments and BLM responses are available in Appendix O of the Final EIS.

At the close of the 30-day protest period, the BLM and BIA will resolve protests on the Oklahoma, Kansas, and Texas FJEIS/BLM P–RMP/BIA P–IRMP in preparation for the Approved BLM RMP, Approved BIA IRMP, three Records of Decision (ROD) to include one ROD for the BLM Oklahoma Field Office; one ROD for the BIA Eastern Oklahoma Regional Office; and one ROD for the BIA Southern Plains Regional Office.

Before including your address, phone number, email address, or other

personal identifying information in your protest, you should be aware that your entire protest—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Non-Oriented Electrical Steel From China, Germany, Japan, Korea, Sweden, and Taiwan; Institution of Five-Year Reviews

AGENCY: United States International Trade Commission.

ACTION: Notice.

SUMMARY: The Commission hereby gives notice that it has instituted reviews pursuant to the Tariff Act of 1930 (“the Act”), as amended, to determine whether revocation of the countervailing duty orders on non-oriented electrical steel (“NOES”) from China and Taiwan and revocation of the antidumping duty orders on NOES from China, Germany, Japan, Korea, Sweden, and Taiwan would be likely to lead to continuation or recurrence of material injury. Pursuant to the Act, interested parties are requested to respond to this notice by submitting the information specified below to the Commission.

DATES: Instituted November 1, 2019. To be assured of consideration, the deadline for responses is December 2, 2019. Comments on the adequacy of responses may be filed with the Commission by January 14, 2020.

FOR FURTHER INFORMATION CONTACT: Mary Messer (202-205-3193), Office of Investigations, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission’s TDD terminal on 202-205-1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202-205-2000. General information concerning the Commission may also be obtained by accessing its internet server (<https://www.usitc.gov>). The public record for this proceeding may be viewed on the Commission’s electronic docket (EDIS) at <https://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION:

Background.—On December 3, 2014, the Department of Commerce (“Commerce”) issued countervailing

duty orders on imports of NOES from China and Taiwan (79 FR 71749) and antidumping duty orders on imports of NOES from China, Germany, Japan, Korea, Sweden, and Taiwan (79 FR 71741). The Commission is conducting reviews pursuant to section 751(c) of the Act, as amended (19 U.S.C. 1675(c)), to determine whether revocation of the orders would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. Provisions concerning the conduct of this proceeding may be found in the Commission’s Rules of Practice and Procedure at 19 CFR parts 201, subparts A and B and 19 CFR part 207, subparts A and F. The Commission will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct full or expedited reviews. The Commission’s determinations in any expedited reviews will be based on the facts available, which may include information provided in response to this notice.

Definitions.—The following definitions apply to these reviews:

(1) *Subject Merchandise* is the class or kind of merchandise that is within the scope of the five-year reviews, as defined by Commerce.

(2) The *Subject Countries* in these reviews are China, Germany, Japan, Korea, Sweden, and Taiwan.

(3) The *Domestic Like Product* is the domestically produced product or products which are like, or in the absence of like, most similar in characteristics and uses with, the *Subject Merchandise*. In its original determinations, the Commission defined a single *Domestic Like Product* that is coextensive with Commerce’s scope.

(4) The *Domestic Industry* is the U.S. producers as a whole of the *Domestic Like Product*, or those producers whose collective output of the *Domestic Like Product* constitutes a major proportion of the total domestic production of the product. In its original determinations, the Commission defined the *Domestic Industry* as AK Steel, the only known U.S. producer of NOES.

(5) The *Order Date* is the date that the antidumping and countervailing duty orders under review became effective. In these reviews, the *Order Date* is December 3, 2014.

(6) An *Importer* is any person or firm engaged, either directly or through a parent company or subsidiary, in importing the *Subject Merchandise* into the United States from a foreign manufacturer or through its selling agent.
