SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on June 29, 2018, based on a complaint filed on behalf of Bose Corporation ("Bose") of Framingham, Massachusetts. 83 FR 30,776 (Jun. 29, 2018). The complaint alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337 ("section 337") based upon the importation into the United States, the sale for importation, and the sale within the United States after importation of certain earpiece devices and

components thereof by reason of infringement of one or more claims of the '852, '853, '590, '253, '287, and '364 patents. The complaint further alleges that an industry in the United States exists as required by section 337.

The notice of investigation named fourteen respondents: (1) 1MORE USA, Inc. ("1MORE") of San Diego, California; (2) APSkins of Seattle, Washington; (3) Beeebo Online Limited ("Beeebo") of North Las Vegas, Nevada; (4) iHip of Edison, New Jersey; (5) LMZT LLC of Brooklyn, New York; (6) Misodiko of ShenZhen, Guangdong, China; (7) Phaiser LLC ("Phaiser") of Houston, Texas; (8) Phonete of Shenzhen, China; (9) REVJAMS of New York, New York; (10) SMARTOMI Products, Inc. of Ontario, California; (11) Spigen, Inc. of Irvine, California; (12) Sudio AB of Stockholm, Sweden; (13) Sunvalley Tek International, Inc. of Fremont, California; and (14) TomRich of Shenzhen, China. The Office of Unfair Import Investigations ("OUII") was also named as a party in this investigation.

On October 4, 2018, Bose moved to amend the notice of investigation and for leave to file an amended complaint in order, among other things, (i) to correct the name of respondent iHip to Zeikos, Inc.; and (ii) to correct the name and address of respondent SMARTOMI Products, Inc. to V4ink. On October 29, 2018, the ALJ granted the motion. See Order No. 10 (Oct. 29, 2018), *not rev'd* by Comm'n Notice (Nov. 23, 2018); 83 FR 61168 (Nov. 28, 2018); 83 FR 62900 (Dec. 6, 2018). Bose filed and served its amended complaint on February 21, 2019.

During the course of the investigation, Bose settled with the following respondents: APSkins; Zeikos, Inc.; LMZT LLC; Spigen, Inc.; Sudio AB; and Sunvalley Tek International, Inc. See Order Nos. 8 and 9 (Oct. 19, 2018), *not rev'd* by Comm'n Notice (Nov. 9, 2018); Order No. 11 (Oct. 29, 2018), *not rev'd* by Comm'n Notice (Nov. 27, 2018); Order No. 12 (Nov. 26, 2018), *not rev'd* by Comm'n Notice (Dec. 19, 2018); Order Nos. 14 and 15 (Feb. 21, 2019), *not rev'd* by Comm'n Notice (Mar. 11, 2019). In addition, with the exception of Spigen, Inc., consent orders were issued against all of these respondents. *Id.* Thus, the investigation has been terminated with respect to these six respondents.

Five other respondents have been found in default pursuant to Commission Rule 210.16, 19 CFR 210.16: Beeebo; Misodiko; Phaiser; V4ink; and TomRich (collectively, "the Defaulting Respondents"). See Order No. 7 (Sep. 20, 2018); Order No. 13 (Dec.

11, 2018), *not rev'd* by Comm'n Notice (Dec. 21, 2018).

On February 8, 2019, Bose moved for summary determination of a violation of section 337. Bose filed a corrected motion on March 1, 2019. Thereafter, Bose filed several replacement exhibits and a supplemental index.

The remaining three respondents, 1MORE, Phonete, and REVJAMS (collectively "the Non-Participating Respondents"), have not submitted any response, appeared, or otherwise participated in the investigation despite being served with the complaint or amended complaint, and the motion for summary determination of violation. The three Non-Participating Respondents and the five Defaulting Respondents were the subject of Bose's motion for summary determination of a violation of section 337. On March 22, 2019, OUII filed a response supporting Bose's motion in substantial part and supporting the requested remedy of a general exclusion order.

On June 28, 2019, the ALJ issued the subject ID and his Recommended Determination ("RD") on remedy and bonding. The ID grants in part Bose's motion for summary determination of a violation of section 337. Specifically, the ALJ found, *inter alia*, that Bose established that the importation requirement is satisfied as to each Defaulting Respondent and Non-Participating Respondent and each accused product; that other than infringement of claim 7 of the '852 patent with respect to the Misodiko, Phonete, and TomRich products, Bose established infringement of claims 1 and 7 of the '852 patent; claims 1 and 8 of the '853 patent; claims 1 and 6 of the '590 patent; claim 1 of the '253 patent; claims 1, 7, and 8 of the '287 patent; and claims 1 and 11 of the '364 patent; and that Bose satisfied the domestic industry requirement for each asserted patent. In addition, the ALJ recommended that the Commission issue a general exclusion order, cease and desist orders, and impose a 100 percent bond during the period of Presidential review. No petitions for review were filed.

On August 14, 2019, the Commission determined to review the ID in part and requested briefing on one issue it determined to review, and on remedy, the public interest, and bonding. 84 FR 43159-161 (Aug. 20, 2019). Specifically, the Commission determined to review and reverse the ID's finding that Bose has established infringement of claim 7 of the '852 patent with respect to Beeebo's Dodocool Earhooks. The Commission also determined to review the ID's finding that Bose has satisfied the economic prong of the domestic

industry requirement under subparagraphs 337(a)(3)(A) and (B) with respect to the '364 patent. The Commission further determined to review and take no position on the ID's finding that Bose has satisfied the economic prong of the domestic industry requirement under subparagraph 337(a)(3)(C) with respect to the asserted patents. The Commission determined not to review the remainder of the ID. The Commission's determination resulted in finding a violation of section 337 by reason of infringement of claims 1 and 7 of the '852 patent; claims 1 and 8 of the '853 patent; claims 1 and 6 of the '590 patent; claim 1 of the '253 patent; and claims 1, 7, and 8 of the '287 patent; and the satisfaction of the domestic industry requirement under subparagraphs 337(a)(3)(A) and (B) with respect to these patents.

On August 28, 2019, Bose and OUII filed initial written submissions regarding the issue on review, and on remedy, the public interest, and bonding. That same day, non-party Anker Innovations Limited ("Anker") filed a written submission concerning remedy. On September 5, 2019, Bose filed a response to Anker's submission.

Having examined the record of this investigation, including the ID and the submissions received, the Commission has determined to vacate the ID's finding that Bose has demonstrated the existence of a domestic industry under subparagraphs 337(a)(3)(A) and (B) with respect to the '364 patent. Accordingly, the Commission has determined to remand the investigation in part to the ALJ for further proceedings with respect to the '364 patent consistent with the Commission's concurrently issued opinion and remand order. The target date is extended to December 2, 2019. Commissioner Schmittlein does not join the decision to remand the investigation. Instead, she would affirm on modified grounds the determination that Bose demonstrated the existence of a domestic industry under subparagraphs 337(a)(3)(A) and (B) with respect to the '364 patent.

As for the remaining asserted patents, the Commission has determined that the appropriate form of relief in this investigation is: (a) A general exclusion order prohibiting the unlicensed importation of certain earpiece devices and components thereof that infringe one or more of claims 1 and 7 of the '852 patent; claims 1 and 8 of the '853 patent; claims 1 and 6 of the '590 patent; and claims 1, 7, and 8 of the '287 patent; (b) a limited exclusion order prohibiting respondent V4ink from importing certain earpiece devices and

components thereof that infringe claim 1 of the '253 patent; and (c) cease and desist orders prohibiting respondents 1MORE, Beebo, Phaiser, REVJAMS, V4ink, Misodiko, Phonete, and TomRich from further importing, selling, and distributing infringing products in the United States. The Commission has also determined that the public interest factors enumerated in paragraphs 337(d)(1) and (f)(1) (19 U.S.C. 1337(d)(1), (f)(1)) do not preclude the issuance of these remedial orders. Finally, the Commission has determined that the bond during the period of Presidential review pursuant to 19 U.S.C. 1337(j) shall be in the amount of one hundred (100) percent of the entered value of the imported articles that are subject to the exclusion orders. The Commission's orders were delivered to the President and to the United States Trade Representative on the day of their issuance. The investigation is hereby terminated with respect to the '852, '853, '590, '287, and '253 patents.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in Part 210 of the Commission's Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.
