

The PAIMI Act at 42 U.S.C. 10805(7) requires that each P&A system prepare and transmit to the Secretary of The Department of Health and Human Services (HHS) and to the head of its State mental health agency a report by January 1. This report describes the activities, accomplishments, and expenditures of the system during the most recently completed fiscal year, including a section prepared by the advisory council (the PAIMI Advisory Council or PAC) that describes the activities of the council and its

independent assessment of the operations of the system.

SAMHSA proposes revisions to its annual PAIMI Program Performance Report (PPR), including the advisory council section, at this time for the following reasons: (1) The revisions revise the PAIMI PPR, as appropriate, for consistency with the annual reporting requirements under the PAIMI Act and Rules [42 CFR part 51]; (2) The revisions simplify the electronic data entered by state P&A systems; (3) SAMHSA will reduce wherever feasible

the current reporting burden by removing any information that does not facilitate evaluation of the programmatic and fiscal effectiveness of a state P&A system; (4) The updated electronic version will expedite SAMHSA's ability to prepare the biennial report; (5) The updated electronic version will improve SAMHSA's ability to generate reports, analyze trends and more expeditiously provide feedback to PAIMI programs.

The annual burden estimate is as follows:

	Number of respondents	Number of responses per respondent	Hours per response	Total hour burden
Program Performance Report	57	1	20	1,140
Advisory Council Report	57	1	10	570
Total	57	1,710
