

repayment agreement. The Secretary of the Treasury may revise this rate quarterly. The Department of Health and Human Services publishes this rate in the **Federal Register**.

The current rate of 10¹/₈%, as fixed by the Secretary of the Treasury, is certified for the quarter ended September 30, 2019. This rate is based on the Interest Rates for Specific Legislation, “National Health Services Corps Scholarship Program (42 U.S.C. 254o(b)(1)(A))” and “National Research Service Award Program (42 U.S.C. 288(c)(4)(B)).” This interest rate will be applied to overdue debt until the Department of Health and Human Services publishes a revision.

Agency Information Collection Request: 60-Day Public Comment Request

AGENCY: Office of the Assistant Secretary for Health, HHS.

ACTION: Notice.

SUMMARY: In compliance with the requirement of the Paperwork Reduction Act of 1995, the Office of the Secretary (OS), Department of Health and Human Services, is publishing the following summary of a proposed collection for public comment.

DATES: Comments on the ICR must be received on or before January 6, 2020.

ADDRESSES: Submit your comments to *Sherrette.Funn@hhs.gov* or by calling (202) 795-7714.

FOR FURTHER INFORMATION CONTACT: When submitting comments or

requesting information, please include the document identifier OS-0990-new-60D and project title for reference., to *Sherrette.funn@hhs.gov*, or call 202-795-7714, the Reports Clearance Officer.

SUPPLEMENTARY INFORMATION: OASH specifically requests comments on (1) the necessity and utility of the proposed information collection for the proper performance of the agency’s functions, (2) the accuracy of the estimated burden, (3) ways to enhance the quality, utility, and clarity of the information to be collected, and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

Title of the Collection: Health Evaluation of Pregnancy Prevention Program Replications for High Risk and Hard to Reach Youth.

Type of Collection: OMB No. 0990-NEW.

Abstract: The Office of the Assistant Secretary for Health (OASH), U.S. Department of Health and Human Services (HHS), is requesting approval by OMB on a new information collection request. OASH seeks to collect information to understand whether previously proven adolescent pregnancy programs have similar effects on knowledge, attitudes, beliefs, intentions, and behaviors related to sexual activity and health among different youth in different locations, especially among understudied and hard-to-reach youth. We propose to collect both qualitative and quantitative information in a quasi-experimental design with a matched comparison group. Approximately 12 organizations implementing a broad range of previously proven-effective pregnancy prevention programs (including sexual health education, sexual risk avoidance, and youth development programs) will recruit hard to reach or high-risk youth.

Youth will complete surveys at baseline, immediately following the intervention, and at three months follow-up, yielding quantitative data about youth knowledge, attitudes, beliefs, intentions, and behaviors related to sexual health. Surveys will last for about 50 minutes. Focus groups yielding qualitative data about youth perspectives about adolescent pregnancy prevention programs will occur after the interventions are complete and will last for approximately 90 minutes.

Need and Proposed Use of the Information: Rates of pregnancy among hard-to-reach, high-risk, vulnerable, or understudied youth are significantly higher than the general population. However, there have been few evaluations assessing whether programs that have been previously proven successful can be delivered successfully to these youth. Hence, this evaluation is intended to help fill the evidence gap about the efficacy and effectiveness of existing pregnancy prevention programs among high-risk, vulnerable, or understudied youth. To enhance the rigor of the evaluation, a matched comparison group will be identified. OASH plans to use the findings of this evaluation to inform guidance to HHS grantees and prospective grantees on approaches for replication of pregnancy prevention programs for hard-to-reach and underserved youth.

Likely respondents: Respondents will include youth aged, and their parents/guardians. Respondents will also include youth in a matched comparison group (“comparison youth”).

Burden: Exhibit 1 summarizes the total annual burden hours estimated for this ICR. This hour-burden estimate includes time spent by program youth, comparison group youth, and parents/guardians of both groups to complete data collection for the ICR.

Respondents	Form name	Max number of respondents	Average burden per response (hours)	Total max burden (hours)
Youth Program Participants	Baseline survey	3,060	0.83	2,540
	First follow-up survey	1,836	0.83	1,524
	3-month follow-up survey	1,102	0.83	914
	Focus group assent	1,193	0.25	298
	Focus group protocol	1,074	1.50	1,611
Youth Comparison Group Participants.	Baseline survey	9,181	0.83	7,620
	First follow-up survey	1,836	0.83	1,524
	3-month follow-up survey	1,101	0.83	914
Parents/Guardians	Enrollment forms	4,708	0.25	1,177
	Parental consent	14,124	0.25	3,531
Total Burden	21,654

Coast Guard

[Docket No. USCG-2010-1066]

**Recreational Boating Safety Projects,
 Programs, and Activities Funded
 Under Provisions of the Fixing
 America's Surface Transportation Act;
 Fiscal Year 2019**

ACTION: Notice.

SUMMARY: The Coast Guard is publishing this notice to satisfy a requirement of the Fixing America's Surface Transportation Act that requires a detailed accounting of the projects, programs, and activities funded under the national recreational boating safety program provision of the Act be published annually in the **Federal Register**. This notice specifies the funding amounts the Coast Guard has committed, obligated, or expended during fiscal year 2019, as of September 30, 2019.

FOR FURTHER INFORMATION CONTACT: For questions on this notice please contact

Mr. Jeffrey Decker, U.S. Coast Guard, Regulations Development Manager, (202) 372-1507.

SUPPLEMENTARY INFORMATION:

Background and Purpose

Since 1998, Congress has passed a series of laws providing funding for projects, programs, and activities funded under the national recreational boating safety program, which is administered by the U.S. Coast Guard. For a detailed description of the legislative history, please see the Recreational Boating Safety Projects, Programs, and Activities Funded Under Provisions of the Fixing America's Surface Transportation Act; Fiscal Year 2016 Notice published in the **Federal Register** on April 12, 2017 (82 FR 17671).

These funds are available to the Secretary from the Sport Fish Restoration and Boating Trust Fund (Trust Fund) established under 26 U.S.C. 9504(a) for payment of Coast Guard expenses for personnel and activities directly related to coordinating and carrying out the national recreational boating safety program. Amounts made available under this subsection remain available during the two succeeding fiscal years. Any amount that is unexpended or unobligated at the end of the 3-year period during which it is available, shall be withdrawn by the Secretary and allocated to the States in addition to any other amounts available for allocation in the fiscal year in which they are withdrawn or the following fiscal year.

Use of these funds requires compliance with standard Federal contracting rules with associated lead and processing times resulting in a lag time between available funds and spending. The total amount of funding transferred to the Coast Guard from the Trust Fund, and committed, obligated, and/or expended during fiscal year 2019 for each project is shown below.

Specific Accounting of Funds

The total amount of funding transferred to the Coast Guard from the Sport Fish Restoration and Boating Trust Fund and committed, obligated, and/or expended during fiscal year 2019 for each project is shown in the chart below.
