

other charges among its Clearing Members, within the meaning of Section 17A(b)(3)(D) of the Act. ICE Clear Europe therefore believes that the proposed rule change is consistent with the requirements of Section 17A of the Act and regulations thereunder applicable to it.

(B) Self-Regulatory Organization's Statement on Burden on Competition

ICE Clear Europe does not believe the proposed rule changes would have any impact, or impose any burden, on competition not necessary or appropriate in furtherance of the purpose of the Act. Although the changes may result in certain additional costs to Clearing Members, ICE Clear Europe believes that the revised fees have been set at an appropriate level given the costs and expenses to ICE Clear Europe in offering clearing of the IFEU Products. ICE Clear Europe does not believe that the revised fees would adversely affect the ability of such Clearing Members or other market participants generally to engage in cleared transactions or to access clearing. Since the revised fees will apply to all F&O Clearing Members, ICE Clear Europe further believes that the fees will not otherwise adversely affect competition among Clearing Members, adversely affect the market for clearing services or limit market participants' choices for obtaining clearing services.

(C) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments relating to the proposed changes to the rules have not been solicited or received. ICE Clear Europe will notify the Commission of any written comments received by ICE Clear Europe.

III. Date of Effectiveness of the Proposed Rule Change, Security-Based Swap Submission and Advance Notice and Timing for Commission Action

The foregoing rule change has become effective upon filing pursuant to Section 19(b)(3)(A)⁶ of the Act and Rule 19b-4(f)(2)⁷ thereunder because it establishes a fee or other charge imposed by ICE Clear Europe on its Clearing Members. Specifically, the proposed rule changes will establish fees to be paid by Clearing Members to ICE Clear Europe in connection with the clearing of certain IFEU Products. At any time within 60 days of the filing of the proposed rule change, the

Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

SURFACE TRANSPORTATION BOARD

[Docket No. EP 752]

Association of American Railroads—Petition for Rulemaking

AGENCY: Surface Transportation Board.

ACTION: Solicitation of information.

SUMMARY: The Surface Transportation Board (STB or Board) seeks information on whether and how particular cost-benefit analysis approaches might be more formally integrated into its rulemaking process.

DATES: Comments addressing the information requests described below will be due by January 17, 2020. Replies will be due by March 6, 2020.

ADDRESSES: Comments and replies may be filed with the Board either via e-filing or in writing addressed to: Surface Transportation Board, Attn: Docket No. EP 752, 395 E Street SW, Washington, DC 20423-0001. Comments and replies will be posted to the Board's website at www.stb.gov.

FOR FURTHER INFORMATION CONTACT:

Sarah Fancher at (202) 245-0355. Assistance for the hearing impaired is available through the Federal Relay Service at (800) 877-8339.

SUPPLEMENTARY INFORMATION: On March 14, 2019, the Association of American Railroads (AAR) filed a petition to institute a rulemaking to adopt procedural rules that would require a cost-benefit analysis in certain Board rulemaking proceedings and would set

certain data requirements. In response to the petition, the Board received filings from the Competitive Enterprise Institute, the Western Coal Traffic League, the Joint Shippers,¹ the National Grain and Feed Association, the American Forest & Paper Association, and the American Fuel & Petrochemical Manufacturers.

On July 10, 2019, the Board issued a decision waiving the provision at 49 CFR 1110.2(d), which requires the Board to rule on a petition for a rulemaking within 120 days of the filing of the petition. In that decision, the Board deferred action to allow the Board to further consider the issues raised in the petition.² The Board continues to consider the practices at other agencies, including other independent agencies that do not have cost-benefit analysis procedural rules,³ and the Board now finds that it would be helpful to solicit additional information. To assist the Board's evaluation of whether and how particular cost-benefit analysis approaches might be more formally integrated into its rulemaking process, the Board seeks the following information:

1. *Methods.* The Board requests information on specific methods—not just general criteria and processes in best practices guides, which the Board has reviewed—that would assist in the qualitative or quantitative analysis of a final rule by the Board. Commenters may wish to draw upon academic literature, other economic regulatory agencies' analyses, or other sources to

¹ The Joint Shippers consist of the Agricultural Retailers Association, American Chemistry Council, American Malting Barley Association, Corn Refiners Association, Freight Rail Customer Alliance, Industrial Minerals Association—North America, Institute of Scrap Recycling Industries, Louisiana Chemical Association, National Association of Chemical Distributors, National Industrial Transportation League, Private Railcar Food and Beverage Association, The Chlorine Institute, The Fertilizer Institute, and the Vinyl Institute.

² AAR filed a petition for reconsideration of the Board's July 10 decision. Because the 120-day deadline waived in the Board's decision passed on July 12, 2019, the petition to reconsider the waiver is moot. Further, with respect to the additional Board action AAR requests in its reconsideration petition, that request is also moot because, in this decision, the Board is soliciting additional information as specified, *infra*, so that it can give further consideration to the AAR petition to institute a rulemaking, just as the Board indicated it would do in its July 10 decision. The Board expects the responses to this solicitation will be helpful to its consideration of the issues, and at this time, the Board is not denying or granting the AAR petition to institute a rulemaking.

³ Neither the Board's authorizing legislation nor the Administrative Procedure Act requires the Board to conduct formal cost-benefit analysis. See *Village of Barrington, Ill. v. STB*, 636 F.3d 650, 670-71 (D.C. Cir. 2011); see also *BNSF Ry. v. STB*, 526 F.3d 770, 776 (D.C. Cir. 2008).
