

2 RP/EA #1.3, the Louisiana TIG is proposing to finalize and implement their preferred design alternatives to construct the Rabbit Island and Jean Lafitte projects.

Overview of the LA TIG Draft Phase 2 RP/EA #1.3

The draft Phase 2 RP/EA #1.3 is being released in accordance with OPA NRDA regulations found in the Code of Federal Regulations (CFR) at 15 CFR part 990, NEPA and its implementing regulations found at 40 CFR parts 1500–1508, the Final PDARP/PEIS, and the Consent Decree. The Phase 2 RP/EA #1.3 provides OPA and NEPA analyses for a reasonable range of design alternatives for the Rabbit Island and Jean Lafitte projects, and identifies the LA TIG's preferred design alternatives.

The proposed Rabbit Island project would meet the goal of restoring and conserving birds by restoring 87.8 acres of the island's original 200-acre footprint for bird habitat. This would be done by raising the elevation of Rabbit Island using dredged fill material from the Calcasieu Ship Channel as the borrow source area.

The proposed Jean Lafitte project would implement a nearly continuous rock breakwater, with rock elbows protecting fish gaps along the eastern shorelines of Lake Cataouche, Lake Salvador, and Bayou Bardeaux in the Jean Lafitte National Historical Park and Preserve. Implementation is proposed in two increments, the northern and the southern portions of the project area. In the Phase 2 RP/EA #1.3, the LA TIG is proposing at this time to implement only the southern portion.

Next Steps

As described above in **DATES**, the Trustees will host a public webinar to facilitate the public review and comment process. After the public comment period ends, the Trustees will consider and address the comments received before issuing a final Phase 2 RP/EA #1.3.

Public Availability of Comments

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Administrative Record

The documents comprising the Administrative Record for the Phase 2 RP/EA #1.3 can be viewed electronically at <https://www.doi.gov/deepwater/horizon/adminrecord>.

Authority

The authority for this action is the Oil Pollution Act of 1990 (33 U.S.C. 2701 *et seq.*), its implementing Natural Resource Damage Assessment regulations found at 15 CFR part 990, and the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*) and its implementing regulations found at 40 CFR parts 1500–1508.

Mary Josie Blanchard,

*Director of Gulf of Mexico Restoration,
Department of Interior.*

Notice of Intent To Prepare an Environmental Impact Statement and Public Scoping Comment Period for the Eastern North Dakota Alternate Water Supply Project, Burleigh, Kidder, Sheridan, and Wells Counties, North Dakota

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of Intent; request for comments.

SUMMARY: The Bureau of Reclamation (Reclamation) intends to prepare an Environmental Impact Statement (EIS) on the Eastern North Dakota Alternate Water Supply Project. Reclamation is requesting public comment to identify significant issues or other alternatives to be addressed in the EIS.

DATES: Submit comments on the scope of the EIS on or before December 13, 2019.

ADDRESSES: Provide written scoping comments and requests to be added to the mailing list to Mr. Damien Reinhart, EIS Team Lead, Bureau of Reclamation, Dakotas Area Office, 304 East Broadway Avenue, Bismarck, ND 58501; or email ENDAWS.EIS@usbr.gov.

FOR FURTHER INFORMATION CONTACT: Mr. Damien Reinhart, Bureau of Reclamation, Dakotas Area Office, 304 East Broadway Avenue, Bismarck, ND 58501; telephone (701) 202–1275; facsimile (701) 250–4326; email

ENDAWS.EIS@usbr.gov. Persons who use a telecommunications device for the deaf may call the Federal Relay Service (FedRelay) at 1–800–877–8339 TTY/ASCII to contact the above individual during normal business hours or to leave a message or question after hours. You will receive a reply during normal business hours. Information on this project may also be found at: <https://www.usbr.gov/gp/dkao/index.html>.

SUPPLEMENTARY INFORMATION:

Reclamation is issuing this notice pursuant to the National Environmental Policy Act of 1969, as amended (NEPA), 42 U.S.C. 4321 *et seq.*; the Council on Environmental Quality's regulations for implementing NEPA, 40 CFR parts 1500 through 1508; and the Department of the Interior's NEPA regulations, 43 CFR part 46.

Background

Reclamation will prepare an EIS for the funding and construction of the Eastern North Dakota Alternate Water Supply Project (ENDAWS). This is a bulk water supply project which would deliver an alternate water supply to the State of North Dakota's Red River Valley Water Supply Project. Reclamation is authorized under the Dakota Water Resources Act of 2000 to work with the state of North Dakota to plan, design, and construct municipal, rural, and industrial water supply projects.

Garrison Diversion Conservancy District, on behalf of the State of North Dakota, requested Reclamation consider issuing a contract for up to 165 cubic feet per second of water from Garrison Diversion Unit facilities. This would include the use of Reclamation's Snake Creek Pumping Plant, an intake and pump station located along the McClusky Canal, and a bulk transmission pipeline to deliver water to the main transmission pipeline of North Dakota's Red River Valley Water Supply Project. Reclamation's potential actions include:

- Construction of ENDAWS project features,
- Issuance of a water repayment contract for Garrison Diversion Unit facilities, and
- Issuance of permits to construct and maintain ENDAWS facilities on Reclamation rights-of-way.

Reclamation anticipates the depletion of Missouri River water to supply ENDAWS will be an issue of concern. The evaluation of this will be a coordinated effort between Reclamation and the U.S. Army Corps of Engineers due to their knowledge, expertise, and management responsibilities of the Missouri River Mainstem System. Another key issue to be evaluated is the

potential risk and consequences of transferring aquatic invasive species from the Missouri River basin to the Hudson Bay basin, as a result of ENDAWS operations. Based on previous analyses of this issue, the following potential microorganisms of concern may be included in the analysis:

- Cyanobacteria
- Protozoa
- Fungi
- Bacteria
- Viruses
- Animal parasites
- Mollusk larvae

Reclamation requests any information relative to these issues or other potential issues be submitted during the scoping period to assist in determining their significance. Reclamation intends to complete an EIS for ENDAWS pursuant to NEPA to study the potential environmental effects of the proposal and a reasonable range of alternatives designed to respond to the purpose and need for the ENDAWS, as well as a no-action alternative. The scoping process is intended to inform the public about ENDAWS and to request public and agency comment to identify significant issues or alternatives to be addressed in the EIS. Three scoping open houses were held between October 22–24, 2019 in Bismarck, Jamestown, and Fargo, North Dakota. These open house meetings were held prior to the publication of this Notice as a means of gathering public input early in the process per NEPA Implementing Regulations (40 CFR 1501.7(b)(4)). Written comments received by December 15, 2019, and input received during the open houses will be given the same consideration.

Public Disclosure

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

John Soucy,

Deputy Regional Director, Great Plains Region.

BILLING CODE 4332-90-P

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-1183]

Certain Foldable Reusable Drinking Straws and Components and Accessories Thereof; Institution of Investigation

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that a complaint was filed with the U.S. International Trade Commission on October 9, 2019, under section 337 of the Tariff Act of 1930, as amended, on behalf of The Final Co. LLC of Santa Fe, New Mexico. An amended complaint was filed on October 29, 2019. The complaint, as amended, alleges violations of section 337 based upon the importation into the United States, the sale for importation, and the sale within the United States after importation of certain foldable reusable drinking straws and components and accessories thereof by reason of infringement of certain claims of U.S. Patent No. 10,123,641 (“the ‘641 patent”). The complaint further alleges that an industry in the United States exists as required by the applicable Federal Statute.

The complainant requests that the Commission institute an investigation and, after the investigation, issue a general exclusion order, or in the alternative a limited exclusion order, and cease and desist orders.

ADDRESSES: The complaint, except for any confidential information contained therein, is available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street SW, Room 112, Washington, DC 20436, telephone (202) 205-2000. Hearing impaired individuals are advised that information on this matter can be obtained by contacting the Commission’s TDD terminal on (202) 205-1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at (202) 205-2000. General information concerning the Commission may also be obtained by accessing its internet server at <https://www.usitc.gov>. The public record for this investigation may be viewed on the Commission’s electronic docket (EDIS) at <https://edis.usitc.gov>.

For Further Information Contact: Pathenia M. Proctor, The Office of Unfair Import Investigations, U.S.

International Trade Commission, telephone (202) 205-2560.

SUPPLEMENTARY INFORMATION:

Authority: The authority for institution of this investigation is contained in section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, and in section 210.10 of the Commission’s Rules of Practice and Procedure, 19 CFR 210.10 (2019).

Scope of Investigation: Having considered the complaint, the U.S. International Trade Commission, on November 5, 2019, *Ordered that—*

(1) Pursuant to subsection (b) of section 337 of the Tariff Act of 1930, as amended, an investigation be instituted to determine whether there is a violation of subsection (a)(1)(B) of section 337 in the importation into the United States, the sale for importation, or the sale within the United States after importation of certain products identified in paragraph (2) by reason of infringement of one or more of claims 1–12, 14–17, and 20 of the ‘641 patent; and whether an industry in the United States exists as required by subsection (a)(2) of section 337;

(2) Pursuant to section 210.10(b)(1) of the Commission’s Rules of Practice and Procedure, 19 CFR 210.10(b)(1), the plain language description of the accused products or category of accused products, which defines the scope of the investigation, is “individual foldable reusable drinking straws and components thereof, cases used to store the foldable reusable drinking straws, and tools used for cleaning the foldable reusable drinking straws”;

(3) For the purpose of the investigation so instituted, the following are hereby named as parties upon which this notice of investigation shall be served:

(a) The complainant is:

The Final Co. LLC, 1703½ Quapaw Street, Santa Fe, NM 87505.

(b) The respondents are the following entities alleged to be in violation of section 337, and are the parties upon which the complaint is to be served:

Huizhou Sinri Technology Company Limited, 3rd Floor, Plant A, Yiyuan Sci-Tech Industry Park, Cangkeng Section, Tianduan Village, Xikeng, Huihuan, Zhongkai High-Tech Zone, Huizhou, Guangdong, China 516006. Hebei Serun Import and Export Trade Co., Ltd., Shenhou Shenqi Tingyuan, High And New Technology Industrial Development Zone, Luquan, Shijiazhuang, Hebei, China (Mainland), 050200.

Dongguan Stirling Metal Products Co., Ltd., 3–201, Xinxin Ind. Zone, Xiaobian, Chang’an Town, Dongguan, Guangdong, China 523853.
