Abstract of Proposed Collection

The PFP is a two-way, global exchange program for mid-level emerging leaders from select foreign countries. The PFP is managed by the Professional Fellows Division of the Bureau of Educational and Cultural Affairs. Foreign fellows come to the United States for a five- to six-week

¹⁹ 17 CFR 200.30-3(a)(12).

fellowship, including a minimum four-week tailored placement in a relevant professional organization (NGO's, business, government, etc.) and an end of program conference in Washington, DC. While in the United States, the foreign fellows volunteer in their local community, stay with local families, and create follow-on project plans to implement back in their home country. A select number of U.S. counterparts travel overseas on an outbound program that is approximately two weeks in length to directly support foreign fellows' follow-on projects. This program is funded pursuant to the Mutual Educational and Cultural Exchanges Act of 1961 (22 U.S.C. 2451–2464).

To fully evaluate the effectiveness and impacts of the program, the U.S. Department of State's Bureau of Educational and Cultural Affairs (ECA) intends to collect data to include the perspectives of:

- The foreign fellows who participated in the PFP between 2013 and 2018;
- U.S. professionals who interacted with the foreign fellows during their exchange in the United States; and
- U.S. families who hosted the foreign fellows during their stay.

In order to do so, ECA contracted with GDIT to administer surveys and conduct face-to-face interviews with the stakeholders listed above.

Methodology

Data will be collected with a focus on answering how the program is advancing DoS strategic policy priorities, how well the program is meeting its goals and how alumni have operationalized skills and knowledge learned during their exchange experience to promote mutual understanding, create positive change, and build collaborative networks.

The evaluation will employ a mixed-methods data collection strategy, including face-to-face interviews and online surveys. Online surveys will be administered to all foreign fellows, U.S. professionals and U.S. homestay hosts. To collect more in depth responses, face-to-face interviews will be conducted with a subset of foreign fellows, foreign colleagues, U.S. professional contacts and U.S. homestay hosts. The combination of methods will allow GDIT to generate a quantitative

profile of the program and at the same time, capture rich qualitative data.

Nini Forino,

Acting Deputy Assistant Secretary for Policy, Bureau of Educational and Cultural Affairs, Department of State.

BILLING CODE 4710–05–P

OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

Notice of Product Exclusions: China's Acts, Policies, and Practices Related to Technology Transfer, Intellectual Property, and Innovation

AGENCY: Office of the United States Trade Representative.

ACTION: Notice of product exclusions.

SUMMARY: In September of 2018, the U.S. Trade Representative imposed additional duties on goods of China with an annual trade value of approximately \$200 billion as part of the action in the Section 301 investigation of China's acts, policies, and practices related to technology transfer, intellectual property, and innovation. The U.S. Trade Representative initiated a product exclusion process in June 2019, and interested persons have submitted requests for the exclusion of specific products. This notice announces the U.S. Trade Representative's determination to grant certain exclusion requests, as specified in the Annex to this notice.

DATES: The product exclusions announced in this notice will apply as of the September 24, 2018, effective date of the \$200 billion action, to August 7, 2020.

FOR FURTHER INFORMATION CONTACT: For general questions about this notice, contact Assistant General Counsels Philip Butler or Megan Grimball, or Director of Industrial Goods Justin Hoffmann at (202) 395–5725. For specific questions on customs classification or implementation of the product exclusions identified in the annex to this notice, contact traderemedy@cbp.dhs.gov.

SUPPLEMENTARY INFORMATION:

A. Background

For background on the proceedings in this investigation, please see the prior notices issued in the investigation, including 82 FR 40213 (August 23, 2017), 83 FR 14906 (April 6, 2018), 83 FR 28710 (June 20, 2018), 83 FR 33608 (July 17, 2018), 83 FR 38760 (August 7, 2018), 83 FR 47974 (September 21,

2018), 83 FR 49153 (September 28, 2018), 83 FR 65198 (December 19, 2018), 84 FR 7966 (March 5, 2019), 84 FR 20459 (May 9, 2019), 84 FR 29576 (June 24, 2019), 84 FR 38717 (August 7, 2019), 84 FR 46212 (September 3, 2019), 84 FR 49591 (September 20, 2019), and 84 FR 57803 (October 28, 2019).

Effective September 24, 2018, the U.S. Trade Representative imposed additional 10 percent duties on goods of China classified in 5,757 full and partial subheadings of the Harmonized Tariff Schedule of the United States (HTSUS), with an approximate annual trade value of \$200 billion. *See* 83 FR 47974, as modified by 83 FR 49153. In May 2019, the U.S. Trade Representative increased the additional duty to 25 percent. *See* 84 FR 20459. On June 24, 2019, the U.S. Trade Representative established a process by which U.S. stakeholders can request exclusion of particular products classified within an 8-digit HTSUS subheading covered by the \$200 billion action from the additional duties. *See* 84 FR 29576 (the June 24 notice).

Under the June 24 notice, requests for exclusion had to identify the product subject to the request in terms of the physical characteristics that distinguish the product from other products within the relevant 8-digit subheading covered by the \$200 billion action. Requestors also had to provide the 10-digit subheading of the HTSUS most applicable to the particular product requested for exclusion, and could submit information on the ability of U.S. Customs and Border Protection to administer the requested exclusion. Requestors were asked to provide the quantity and value of the Chinese-origin product that the requestor purchased in the last three years. With regard to the rationale for the requested exclusion, requestors had to address the following factors:

- Whether the particular product is available only from China and specifically whether the particular product and/or a comparable product is available from sources in the United States and/or third countries.
- Whether the imposition of additional duties on the particular product would cause severe economic harm to the requestor or other U.S. interests.
- Whether the particular product is strategically important or related to "Made in China 2025" or other Chinese industrial programs.

The June 24 notice stated that the U.S. Trade Representative would take into account whether an exclusion would undermine the objective of the Section 301 investigation.
