

to Rule 19b-4(f)(6)(iii),<sup>10</sup> the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Exchange represents that the proposal would correctly identify and publicly state on a market-by-market basis all of the specific network processor and proprietary data feeds that the Exchange utilizes for the handling, execution and routing of orders, and for performing the regulatory compliance checks to each of those functions. Further, the Exchange represents that the proposal would enhance the clarity and transparency in Exchange Rules surrounding the inbound routing function performed by Arca Securities for the Exchange's affiliate, NYSE Chicago. The Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest, and hereby waives the operative delay and designates the proposed rule change as operative upon filing.<sup>11</sup>

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)<sup>12</sup> of the Act to determine whether the proposed rule change should be approved or disapproved.

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-87487; File No. SR-BX-2019-040]

### Self-Regulatory Organizations; Nasdaq BX, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Rule 4759

November 7, 2019.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on October 29, 2019, Nasdaq BX, Inc. ("BX" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Rule 4759, as described below. While these amendments are effective upon filing, the Exchange has designated the proposed amendments to be operative on November 4, 2019.

The text of the proposed rule change is available on the Exchange's website at <http://nasdaqbx.cchwallstreet.com/>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

#### II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

##### A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

###### 1. Purpose

The Exchange proposes to amend Rule 4759, which lists the proprietary

<sup>10</sup> 17 CFR 240.19b-4(f)(6)(iii).

<sup>11</sup> For purposes only of waiving the operative delay for this proposal, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

<sup>12</sup> 15 U.S.C. 78s(b)(2)(B).

<sup>13</sup> 17 CFR 200.30-3(a)(12).

<sup>2</sup> 17 CFR 240.19b-4.

and network processor feeds that the Exchange utilizes for the handling, routing, and execution of orders, as well as for the regulatory compliance processes related to those functions. Presently, the Exchange's trading system utilizes proprietary market data as the Primary Source of quotation data for the following markets that provide a reliable direct feed: NYSE American, Nasdaq BX, CBOE EDGA, CBOE EDGX, CHX, NYSE, NYSE Arca, Nasdaq, Nasdaq PSX, CBOE BYX, and CBOE BZX. For each of these markets, the Exchange uses SIP data as the Secondary Source of quotation data.<sup>3</sup> For other markets, namely NYSE National, FINRA ADF, and IEX, the Exchange utilizes SIP data as the Primary Source; there is no Secondary Source for those markets. The Exchange proposes to amend Rule 4759 to state that going forward, the Exchange will utilize SIP data, rather than a direct feed, as its Primary Source of data for CHX (now known as NYSE Chicago<sup>4</sup>), with no Secondary Source utilized for that data. The Exchange proposes this amendment to reflect the fact that NYSE Chicago is migrating to a new technology platform and that, after November 1, 2019, it has announced that it will cease offering the NYSE Chicago Book Feed that currently serves as its direct feed to the Exchange.<sup>5</sup> Although the Exchange understands that NYSE Chicago plans to offer new data feeds to replace the NYSE Chicago Book Feed, the Exchange has yet to decide whether it will utilize them.<sup>6</sup>

## 2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,<sup>7</sup> in general, and furthers the objectives of Section 6(b)(5) of the Act,<sup>8</sup> in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest.

<sup>3</sup> Pursuant to Rule 4759, the Primary Source of data is used unless it is delayed by a configurable amount compared to the Secondary Source of data. The Exchange reverts to the Primary Source of data once the delay has been resolved.

<sup>4</sup> The Exchange also proposes to update the Rule to reflect the fact that the Chicago Stock Exchange is now known as NYSE Chicago.

<sup>5</sup> See <https://www.nyse.com/market-data/real-time#chicago>.

<sup>6</sup> See *id.* If and when the Exchange decides to subscribe to these replacement NYSE Chicago direct data feed products, the Exchange will file a proposal to amend Rule 4759 accordingly.

<sup>7</sup> 15 U.S.C. 78f(b).

<sup>8</sup> 15 U.S.C. 78f(b)(5).

The Exchange believes that it is necessary to amend its Rules to account for the fact that, after November 1, 2019, NYSE Chicago will no longer offer the direct feed to which the Exchange currently subscribes. The Exchange notes that it already utilizes the SIP as its sole source of quote data for NYSE National and IEX—as well as the FINRA ADF, without issue. In the event that the Exchange determines that its proposal to utilize SIP data is inadequate for its purposes, then the Exchange may choose to subscribe to one or more of the replacement proprietary data feeds that NYSE Chicago plans to offer beginning on November 4, 2019.

Lastly, the Exchange believes that it is consistent with the public interest and the protection of investors to update the names of the exchanges listed in Rule 4759 as this change will make it easier for market participants to identify the exchanges for which the Exchange uses the direct feed and/or SIP for the purposes described in the Rule.

### *B. Self-Regulatory Organization's Statement on Burden on Competition*

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change is not designed to address any competitive issue; instead, it is merely intended to reflect the fact that the Exchange will no longer consume the NYSE Chicago Book Feed, which NYSE Chicago plans to discontinue after November 1, 2019. The Exchange does not expect that its decision to utilize the SIP, going forward, to obtain NYSE Chicago quote data will have any competitive impacts. As noted above, the Exchange presently utilizes the SIP as its sole source of quote data for several other exchanges, including NYSE National and IEX.

### *C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others*

No written comments were either solicited or received.

## III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section

19(b)(3)(A) of the Act<sup>9</sup> and Rule 19b-4(f)(6) thereunder.<sup>10</sup>

A proposed rule change filed under Rule 19b-4(f)(6)<sup>11</sup> normally does not become operative for 30 days from the date of filing. However, Rule 19b-4(f)(6)(iii)<sup>12</sup> permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the 30-day operative delay so that the Exchange can amend Rule 4759 prior to the discontinuation of the NYSE Chicago Book Feed. The Exchange states that waiver of the operative delay would prevent Rule 4759 from being inaccurate and causing confusion among investors and the public. For these reasons, the Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest. Accordingly, the Commission hereby waives the 30-day operative delay and designates the proposed rule change operative upon filing.<sup>13</sup>

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.

## IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

<sup>9</sup> 15 U.S.C. 78s(b)(3)(A).

<sup>10</sup> 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has requested that the Commission waive the pre-filing requirement. The Commission hereby waives that requirement.

<sup>11</sup> 17 CFR 240.19b-4(f)(6).

<sup>12</sup> 17 CFR 240.19b-4(f)(6)(iii).

<sup>13</sup> For purposes only of waiving the 30-day operative delay, the Commission has also considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

**I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change**

The Exchange proposes to: (1) Amend Rule 7.37 to specify in Exchange rules the Exchange's use of data feeds from NYSE Chicago, Inc. ("NYSE Chicago") for order handling and execution, order routing, and regulatory compliance; and (2) amend Rule 17 to reflect that Archipelago Securities LLC ("Arca Securities") would function as a routing broker for the Exchange's affiliate, NYSE Chicago. In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. *A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change*

1. Purpose

The Exchange proposes to update and amend the table in Rule 7.37 that sets forth on a market-by-market basis the specific network processor and proprietary data feeds that the Exchange utilizes for the handling, execution and routing of orders, and for performing the regulatory compliance checks related to each of those functions. Specifically, the table would be amended to include NYSE Chicago, which intends to migrate to the Pillar trading platform.<sup>4</sup> Rule 7.37 currently [sic] provides that the Chicago Stock Exchange, Inc., the predecessor name of NYSE Chicago, utilizes the securities information processor ("SIP") data feed as its primary source for the handling, execution and routing of orders, as well as for regulatory compliance, and does not use a secondary source. Once NYSE Chicago transitions trading to Pillar, it would use a direct data feed as its primary source and the SIP data feed as a secondary source. To reflect these changes, the Exchange proposes to amend Rule 7.37 to specify which data feeds the Exchange would use for NYSE Chicago. Specifically, the Exchange proposes to amend the rule to provide that NYSE Chicago would use the direct data feed as the primary source and would use the SIP data feed as a secondary source.

Additionally, the Exchange proposes to amend Rule 17 to reflect that Arca Securities would function as a routing broker for the Exchange's affiliate, NYSE Chicago. Specifically, the Exchange proposes to amend Rule 17(c)(2)(A) and (B) to reference NYSE Chicago as an affiliate of the Exchange for the purposes of the inbound routing function performed by Arca Securities. The proposed rule change would provide more clarity and transparency to all the functions that Arca Securities performs on behalf of the Exchange and its affiliates, which now includes NYSE Chicago. The Exchange is not proposing any substantive change to the rule.

2. Statutory Basis

The proposed rule change is consistent with Section 6(b) of the Securities Exchange Act of 1934 (the
