

The contents of this report, scheduled to be issued to Congress no later than July 14, 2020, will include (1) a description of the type of topics that might be brought before a CAB; (2) how the board's input could inform the decision-making process of stakeholders for various decommissioning activities; how the board could interact with the NRC and other Federal regulatory bodies to promote dialogue between the licensee and affected stakeholders; and (3) how the board could offer opportunities for public engagement throughout all phases of the decommissioning process. The report will also include a discussion of the composition of existing CABs and best practices identified during the establishment and operation of such boards, including logistical considerations, frequency of meetings, the selection of board members, etc.

In developing a best practices report, and as required by NEIMA, the NRC is consulting with host States, communities within the emergency planning zone of an applicable nuclear power reactor, and existing CABs. This consultation included hosting 11 Category 3 public meetings and 1 nationwide webinar, with another nationwide webinar scheduled for November 19, 2019. The public meetings were held in locations that ensure geographic diversity across the United States, with priority given to States that (1) have a nuclear power reactor currently undergoing the decommissioning process; and (2) requested a public meeting under the provisions of NEIMA in accordance with the **Federal Register** (FR) notice published on March 18, 2019 (84 FR 9841).

In addition to these public meetings, the NRC has developed a questionnaire to collect information regarding the areas identified in NEIMA with respect to the creation and operation of CABs. The NRC is requesting responses from existing CABs in the vicinity of power reactors undergoing decommissioning, similar established stakeholder groups, or local government organizations. The questionnaire is available at <https://www.nrc.gov/waste/decommissioning/neima-local-comm-advisory-board-questionnaire.html>.

### III. Category 3 Public Meeting Dates and Locations

Consistent with the consultation requirements in NEIMA Section 108, the NRC received requests for and identified the areas surrounding the following nuclear power reactors as locations to host public meetings to discuss best practices and lessons learned for

establishment and operation of local community advisory boards: (1) Crystal River 3 Nuclear Power Plant in Crystal River, Florida; (2) Diablo Canyon Power Plant in San Luis Obispo, California; (3) Humboldt Bay Nuclear Power Plant in Eureka, California; (4) Indian Point Energy Center in Buchanan, New York; (5) Kewaunee Power Station in Kewaunee, Wisconsin; (6) Oyster Creek Nuclear Generating Station in Forked River, New Jersey; (7) Palisades Nuclear Generating Station in Covert, Michigan; (8) Pilgrim Nuclear Power Station in Plymouth, Massachusetts; (9) San Onofre Nuclear Generating Station in San Clemente, California; (10) Vermont Yankee Nuclear Power Plant in Vernon, Vermont; and (11) Zion Nuclear Power Station in Zion, Illinois.

Additionally, the NRC hosted a public webinar held on August 8, 2019, to obtain comments from individuals in other areas of the country. The NRC is planning to host a second nationwide webinar on November 19, 2019, to discuss best practices and lessons learned for establishment and operation of local community advisory boards. For information about attending the webinar, please see the public NEIMA Section 108 website or contact the individual listed in the **FOR FURTHER INFORMATION CONTACT** section of this document.

### IV. Local Community Advisory Board Questionnaire

The NRC is seeking input from existing CABs in the vicinity of power reactors undergoing decommissioning, similar established stakeholder groups, or local government organizations regarding best practices and lessons learned associated with CABs at decommissioning nuclear power reactors. The public comment period was originally scheduled to close on November 15, 2019. The NRC has decided to reopen the public comment period on this document until December 6, 2019, to allow more time for members of the public to submit their comments.

Dated at Rockville, Maryland this 13th day of November, 2019.

**Self-Regulatory Organizations; Cboe EDGX Exchange, Inc.; Notice of Designation of Longer Period for Commission Action on Proceedings To Determine Whether To Approve or Disapprove a Proposed Rule Change To Amend the Fee Schedule Assessed on Members To Establish a Monthly Trading Rights Fee**

November 12, 2019.

On April 29, 2019, Cboe EDGX Exchange, Inc. (“EDGX” or the “Exchange”) filed with the Securities and Exchange Commission (“Commission”), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> a proposed rule change to amend the EDGX fee schedule to establish a monthly Trading Rights Fee to be assessed on Members. The proposed rule change was immediately effective upon filing with the Commission pursuant to Section 19(b)(3)(A) of the Act.<sup>3</sup> The proposed rule change was published for comment in the **Federal Register** on May 16, 2019.<sup>4</sup> On June 28, 2019, the Commission temporarily suspended the proposed rule change and instituted proceedings to determine whether to approve or disapprove the proposed rule change.<sup>5</sup> In response to the OIP, the Commission received three comment letters, including a response letter from the Exchange.<sup>6</sup>

Section 19(b)(2) of the Act<sup>7</sup> provides that, after initiating proceedings, the Commission shall issue an order approving or disapproving the proposed rule change not later than 180 days after the date of publication of notice of filing of the proposed rule change. The Commission may extend the period for issuing an order approving or disapproving the proposed rule change, however, by not more than 60 days if the Commission determines that a longer period is appropriate and

publishes the reasons for such determination. The proposed rule change was published for notice and comment in the **Federal Register** on May 16, 2019.<sup>8</sup> November 12, 2019 is 180 days from that date, and January 11, 2020 is 240 days from that date.

The Commission finds it appropriate to designate a longer period within which to issue an order approving or disapproving the proposed rule change so that it has sufficient time to consider the proposed rule change, the issues raised in the comment letters that have been submitted in connection therewith, and the Exchange’s response to comments.<sup>9</sup> Accordingly, the Commission, pursuant to Section 19(b)(2) of the Act,<sup>10</sup> designates January 11, 2020 as the date by which the Commission should either approve or disapprove the proposed rule change (File No. SR-CboeEDGX-2019-029).
