FOR FURTHER INFORMATION CONTACT:

Elizabeth Scott, (312) 960-5609, Attorney, Midwest Region, Federal Trade Commission, 230 South Dearborn Street, Suite 3030, Chicago, IL 60604.

SUPPLEMENTARY INFORMATION: Pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the FTC has submitted to the Office of Management and Budget ("OMB") this request for extension of the previously approved collection of information discussed below.

Title: Used Motor Vehicle Trade Regulation Rule.

OMB Control Number: 3084-0108.

Type of Review: Extension of currently approved collection.

Estimated Total Annual Hours Burden: 2,368,993.

The component tasks associated with the Rule's required display of Buyers

Guides include: (1) Ordering and stocking Buyers Guides; (2) entering data on Buyers Guides; (3) displaying the Buyers Guides on vehicles; (4) revising Buyers Guides as necessary; and (5) complying with the Rule's requirements for sales conducted in Spanish.

1. *Ordering and Stocking Buyers Guides:* Staff has estimated that used car dealers should need no more than an average of two hours per year to obtain Buyers Guides, which are readily available from many commercial printers or can be produced by an office word-processing or desk-top publishing system.¹ Based on an estimated population of 53,779 dealers, the annual hours burden for producing or obtaining and stocking Buyers Guides is 107,558 hours.

2. *Entering Data on Buyers Guides:* Staff estimates that dealers will require an average of two minutes per Buyers Guide to enter applicable data on Buyers Guides. For used cars sold under warranty, the time required to check the "Warranty" box and to add warranty information, such as the additional information required in the Percentage of Labor/Parts and the Systems Covered/Duration sections of the Buyers Guide, will depend on whether the dealer uses a manual or automated process or Buyers Guides that are pre-printed with the dealer's standard warranty terms. Staff estimates that these tasks will take an average of one additional minute, *i.e.*, cumulatively, an average total time of three minutes for each used car sold under warranty.

Staff estimates that dealers sell approximately fifty percent of used cars "as is" and the other half under warranty. Therefore, staff estimates that the overall time required to enter data on Buyers Guides consists of 486,906 hours for used cars sold without a warranty (29,214,371 vehicles \times 50% \times 2 minutes per vehicle) and 730,359 hours for used cars sold under warranty (29,214,371 vehicles \times 50% \times 3 minutes per vehicle) for a cumulative estimated total of 1,217,265 hours.

3. *Displaying Buyers Guides on Vehicles:* Although the time required to display the Buyers Guides on each used car may vary, FTC staff estimates that dealers will spend an average of 1.75 minutes per vehicle to match the correct Buyers Guide to the vehicle and to display it on the vehicle. The estimated burden associated with this task is approximately 852,086 hours for the estimated 29,214,371 vehicles sold

annually (29,214,371 vehicles \times 1.75 minutes per vehicle).

4. *Revising Buyers Guides as Necessary:* If negotiations between the buyer and seller over warranty coverage produce a sale on terms other than those originally entered on the Buyers Guide, the dealer must revise the Buyers Guide to reflect the actual terms of sale. According to the original rulemaking record, bargaining over warranty coverage rarely occurs. Staff notes that consumers often do not need to negotiate over warranty coverage because they can find vehicles that are offered with the desired warranty coverage online or in other ways before ever contacting a dealer. Accordingly, staff assumes that dealers will revise the Buyers Guide in no more than two percent of sales, with an average time of two minutes per revision. Therefore, staff estimates that dealers annually will spend approximately 19,476 hours revising Buyers Guides (29,214,371 vehicles \times 2% \times 2 minutes per vehicle).

5. *Spanish Language Sales:* The Rule requires dealers to make contract disclosures in Spanish if the dealer conducts a sale in Spanish.² The Rule permits displaying both an English and a Spanish language Buyers Guide to comply with this requirement.³ Many dealers with large numbers of Spanish-speaking customers likely will post both English and Spanish Buyers Guides to avoid potential compliance violations.

Calculations from United States Census Bureau surveys indicate that approximately 5.4 percent of the United States population speaks Spanish at home, without also speaking fluent English.⁴ Staff therefore projects that dealers will conduct approximately 5.4 percent of used car sales in Spanish. Dealers will incur the additional burden of completing and displaying a second Buyers Guide in 5.4 percent of sales assuming that dealers choose to comply with the Rule by posting both English and Spanish Buyers Guides. The annual hours burden associated with completing and displaying Buyers Guides is 2,069,351 hours (1,217,265 hours for entering data on Buyers Guides + 852,086 hours for displaying Buyers Guides). Therefore, staff estimates that the additional burden caused by the Rule's requirement that

dealers display Spanish language Buyers Guides when conducting sales in Spanish is 111,745 hours (2,069,351 hours \times 5.4% of sales). The other components of the annual hours burden, *i.e.*, purchasing Buyers Guides and revising them for changes in warranty coverage, remain unchanged.

6. *Optional Disclosures of Non-Dealer Warranties:* The Rule does not require dealers to disclose information about non-dealer warranties, but provides dealers with the options to disclose such warranties on Buyers Guides. FTC staff has estimated that dealers will make the optional disclosures on 25% of used cars offered for sale. Staff believes that checking the optional boxes to disclose a non-dealer warranty should require dealers no more than 30 seconds per vehicle. Accordingly, based on 29,214,371 used cars sold, staff estimates that making the optional disclosures entails a burden of 60,863 hours (25% \times 29,214,371 vehicles sold \times 1/120 hour per vehicle).

Annual labor cost: \$40,083,362. FTC staff's labor cost estimates are derived by applying appropriate hourly cost figures to the burden hours described above. Staff has determined that all of the tasks associated with ordering forms, entering data on Buyers Guides, posting Buyers Guides on vehicles, and revising them as needed, including the corresponding tasks associated with Spanish Buyers Guides and providing optional disclosures about non-dealer warranties, are typically done by clerical or low-level administrative personnel. Using a clerical cost rate of \$16.92 per hour⁵ and an estimated burden of 2,368,993 hours for disclosure requirements, the total labor cost burden is \$40,083,362 (\$16.92 per hour \times 2,368,993 hours).
