

expires 01/31/2020. State Library Administrative Agencies (SLAAs) are the official agencies of each state charged by state law with the extension and development of public library services throughout the state. (20 U.S.C. Chapter 72, 20 U.S.C. 9122.) The purpose of this survey is to provide state and federal policymakers with information about SLAAs, including their governance, allied operations, developmental services to libraries and library systems, support of electronic information networks and resources, number and types of outlets, and direct services to the public. Through the FY 2010 collection, the SLAA Survey was conducted annually; beginning with the FY 2012 collection, the survey is conducted biennially. Because the FY 2020 collection will not begin until early 2021, we are carrying over the documentation and estimated burden associated with the FY 2018 data. This action is to request a new three year approval of the IMLS administered State Library Administrative Agencies Survey. The 60-day notice for the State Library Administrative Agencies Survey, FY 2020 & FY 2022, was published in the **Federal Register** on August 27, 2019 (84 FR 44943). No comments were received.
