

limited excerpts that serve the purpose of the adjudicatory filings and would constitute a Fair Use application, participants are requested not to include copyrighted materials in their submission.

The Commission will issue a notice or order granting or denying a hearing request or intervention petition, designating the issues for any hearing that will be held and designating the Presiding Officer. A notice granting a hearing will be published in the **Federal Register** and served on the parties to the hearing.

For further details with respect to this application, see the application dated November 13, 2019, as supplemented on August 28, 2019.

VI. Access to Sensitive Unclassified Non-Safeguards Information for Contention Preparation

Any person who desires access to proprietary, confidential commercial information that has been redacted from the application should contact the applicant by telephoning William R. McCollum, 1-828-686-1621, for the purpose of negotiating a confidentiality agreement or a proposed protective order with the applicant. If no agreement can be reached, persons who desire access to this information may file a motion with the Secretary and addressed to the Commission that requests the issuance of a protective order.

Dated at Rockville, Maryland, this 18th day of November, 2019.

For the Nuclear Regulatory Commission.

Omid Tabatabai-Yazdi,

Sr. Project Manager, New Reactor Licensing Branch, Division of New and Renewed License, Office of Nuclear Reactor Regulation.

BILLING CODE 7590-01-P

OFFICE OF PERSONNEL MANAGEMENT

Notice of Submission for Renewal of a Previously Approved Information Collection: Questionnaire for National Security Positions, Standard Form 86 (SF 86)

AGENCY: Office of Personnel Management.

ACTION: 30-Day notice and request for comments.

SUMMARY: The Office of Personnel Management (OPM), Suitability Executive Agent Programs, is notifying the general public and other federal agencies that OPM proposes to request the Office of Management and Budget

(OMB) to renew a previously-approved information collection, Questionnaire for National Security Positions, Standard Form 86 (SF 86).

DATES: Comments are encouraged and will be accepted until December 23, 2019.

ADDRESSES: Interested persons are invited to submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, Office of Management Budget by the following method: *http://www.regulations.gov*. Follow the instructions for submitting comments. All submissions received must include the agency name and docket number for this document. The general policy for comments and other submissions from member of the public is to make these submissions available for public viewing at *http://www.regulations.gov* as they are received without change, including any personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT: A copy of this information collection, with applicable supporting documentation, may be obtained by contacting Suitability Executive Agent Programs, U.S. Office of Personnel Management, 1900 E Street NW, Washington, DC 20415, Attention: Lisa Loss or by electronic mail at *SuitEA@opm.gov*.

SUPPLEMENTARY INFORMATION: This notice announces that OPM has submitted to OMB a request for renewal of a previously-approved information collection, control number 3206-0005, Questionnaire for National Security Positions, Standard Form 86 (SF 86). The public has an additional 30-day opportunity to comment.

The Questionnaire for National Security Positions, Standard Form 86 (SF 86) is completed by civilian employees of the Federal Government, military personnel, and non-federal employees, including employees of general contractors and individuals otherwise not directly employed by the Federal Government but who perform work for or on behalf of the Federal Government. For applicants for civilian Federal employment, the SF 86 is to be used only after a conditional offer of employment has been made. The Electronic Questionnaires for Investigations Processing (e-QIP) is a web-based system application that houses the SF 86. A variable in assessing burden hours is the nature of the electronic application. The electronic application includes branching questions and instructions which provide for a tailored collection from the respondent based on varying factors in the respondent's personal

history. The burden on the respondent is reduced when the respondent's personal history is not relevant to particular question, since the question branches, or expands for additional details, only for those persons who have pertinent information to provide regarding that line of questioning. Accordingly, the burden on the respondent will vary depending on whether the information collection relates to the respondent's personal history.

OPM recommends renewal of the form without any proposed changes, except to underlying authorities, which have been revised in the period since the last renewal, and the Privacy Act Information Statement, to acknowledge the transfer of background investigations files from OPM to DoD. No other changes are recommended at this time. Ongoing assessments will occur to ensure the SF 86 reflects and collects pertinent information for the investigative process and aligns with governing policies, rules, and regulations requiring use of this form.

The 60 day **Federal Register** Notice was published on June 12, 2019 (84 FR 27372). No comments were received.

Analysis

Agency: Office of Personnel Management, Suitability Executive Agent Programs.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-87550; File No. SR-NYSEAMER-2019-48]

Self-Regulatory Organizations; NYSE American LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Exchange Rules 1.1E and 7.29E To Eliminate the Delay Mechanism and Amend Exchange Rule 7.31E and Related Exchange Rules To Re-Introduce Previously-Approved Order Types and Modifiers

November 15, 2019.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (“Act”)² and Rule 19b-4 thereunder,³ notice is hereby given that on November 4, 2019, NYSE American LLC (“NYSE American” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Rules 1.1E and 7.29E to eliminate the Delay Mechanism and amend Rule 7.31E and related rules to re-introduce previously-approved order types and modifiers. The proposed rule change is available on the Exchange’s website at www.nyse.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

¹ 15 U.S.C. 78s(b)(1).

² 15 U.S.C. 78a.

³ 17 CFR 240.19b-4.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to decommission its Delay Mechanism and re-introduce orders and modifiers that were eliminated in connection with launching the Delay Mechanism. To effect these changes, the Exchange proposes to amend Rules 1.1E and 7.29E to eliminate the Delay Mechanism and amend Rule 7.31E and related rules to re-introduce previously-approved order types and modifiers.

Background

In 2017, the Exchange transitioned to trading on the Pillar trading platform. In advance of that transition, the Exchange amended its rules to transition from a Floor-based point-of-sale trading model to a fully automated price-time priority allocation model.⁴ In the Pillar Filing, the Exchange added Rule 7.31E, which describes the order types and modifiers that would be available on the Exchange once it transitioned to Pillar, and which was based on NYSE Arca, Inc. (“NYSE Arca”) Rule 7.31-E. Among the orders and modifiers that were approved in the Pillar Filing were ALO Orders, Intermarket Sweep Orders designated Day (“Day ISO”), Non-Display Remove Modifiers, and MPL-ALO Orders.⁵

In connection with the transition to the Pillar trading platform, the Exchange introduced the Delay Mechanism,

⁴ See Securities Exchange Act Release Nos. 79993 (February 9, 2017), 82 FR 10814 (February 15, 2017) (SR-NYSEMKT-2017-01) (“Pillar Filing”) and 80590 (May 4, 2017), 82 FR 21843 (May 10, 2017) (SR-NYSEMKT-2017-01) (Approval Order). The Exchange separately filed to establish the rules governing market makers on the Exchange. See Securities Exchange Act Release No. 80577 (May 2, 2017), 82 FR 21446 (May 8, 2017) (SR-NYSEMKT-2017-04) (Approval Order).

⁵ See Pillar Filing, *id.* (Rules 7.31E(e)(2), 7.31E(e)(3)(D), 7.31E(e)(2)(B)(iv)(b), 7.31E(3)(F), 7.31E(d)(3)(G)).

which was approved in a separate proposed rule change.⁶ Rule 1.1E(y) defines the Delay Mechanism to mean a delay that is 350 microseconds of latency that is added to specified order processing. That rule further provides that due to force majeure events and acts of third parties, the Exchange does not guarantee that the delay will always be 350 microseconds. Finally, that Rule provides that the Exchange will periodically monitor such latency, and will make adjustments to the latency as reasonably necessary to achieve consistency with the 350 microsecond target as soon as commercially practicable and that if the Exchange determines to increase or decrease the delay period, it will submit a rule filing pursuant to Section 19 of the Act.

Rule 7.29E(b)(1) provides that the Exchange will apply the Delay Mechanism to:

(A) All inbound communications from an ETP Holder to the NYSE American Marketplace;

(B) all outbound communications to an ETP Holder from the NYSE American Marketplace;

(C) all outbound communications the NYSE American Marketplace routes to an Away Market;

(D) all inbound communications from an Away Market about a routed order; and

(E) all outbound communications (*e.g.*, bids, offers, and trades) to the Exchange’s proprietary data feeds.

Rule 7.29E(b)(2) provides that the Exchange will not apply the Delay Mechanism to:

(A) All inbound communications from data feeds;

(B) order processing and order execution on the Exchange’s Book; and

(C) all outbound communications (*e.g.*, bids, offers, and trades) to the single plan processors under Rules 601 and 602 of Regulation NMS.

In the Delay Mechanism Filing, the Exchange noted that in conjunction with implementing the Delay Mechanism, the Exchange would no longer offer ALO Orders or Day ISO functionality.⁷ Accordingly, before transitioning to Pillar, the Exchange filed a separate proposed rule change to eliminate ALO Orders and Day ISOs and related functionality.⁸ To effect the
