Federal Motor Carrier Safety Administration

[Docket No. FMCSA-2019-0085]

Hours of Service of Drivers: National Waste & Recycling Association; Application for Exemption

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of final disposition.

SUMMARY: FMCSA announces its decision to grant the National Waste & Recycling Association's (NWRA) request for exemption from the requirement that short-haul drivers utilizing the records of duty status (RODS) exception return to their normal work-reporting location within 12 hours after coming on duty. The exemption enables all NWRA members' short-haul commercial motor vehicle (CMV) drivers in the waste and recycling industry to return to their work-reporting location within 14 hours (instead of the current 12 hours) without losing their short-haul status. FMCSA has analyzed the exemption application and the public comments and has determined that the exemption, subject to the terms and conditions imposed, will achieve a level of safety that is equivalent to, or greater than, the level that would be achieved absent such exemption.

DATES: This exemption is effective November 21, 2019 through November 21, 2024.

FOR FURTHER INFORMATION CONTACT: Mr. Richard Clemente, FMCSA Driver and Carrier Operations Division; Telephone: (202) 366-2722; Email: MCPSD@dot.gov. If you have questions on viewing or submitting material to the docket, contact Docket Services, telephone (202) 366-9826.

SUPPLEMENTARY INFORMATION:

I. Public Participation

Viewing Comments and Documents

To view comments, as well as documents mentioned in this preamble as being available in the docket, go to www.regulations.gov and insert the docket number, FMCSA-2019-0085 in the "Keyword" box and click "Search." Next, click the "Open Docket Folder" button and choose the document to review. If you do not have access to the internet, you may view the docket online by visiting the Docket Management Facility in Room W12-140 on the ground floor of the DOT West Building, 1200 New Jersey Avenue SE, Washington, DC 20590, between 9 a.m.

and 5 p.m., e.t., Monday through Friday, except Federal holidays.

II. Legal Basis

FMCSA has authority under 49 U.S.C. 31136(e) and 31315 to grant exemptions from certain Federal Motor Carrier Safety Regulations (FMCSRs). FMCSA must publish a notice of each exemption request in the **Federal Register** (49 CFR 381.315(a)). The Agency must provide the public an opportunity to inspect the information relevant to the application, including any safety analyses that have been conducted. The Agency must also provide an opportunity for public comment on the request.

The Agency reviews the safety analyses and public comments submitted, and determines whether granting the exemption would likely achieve a level of safety equivalent to, or greater than, the level that would be achieved by the current regulation (49 CFR 381.305). The Agency's decision must be published in the **Federal Register** (49 CFR 381.315(b)) with the reasons for denying or granting the application and, if granted, the name of the person or class of persons receiving the exemption, and the regulatory provision from which the exemption is granted. The notice must specify the effective period (up to 5 years) and explain its terms and conditions. The exemption may be renewed (49 CFR 381.300(b)).

III. Request for Exemption

Under FMCSA's current hours-of-service (HOS) rules, drivers are not required to prepare and maintain records of duty status (RODS) provided that (among other things) they return to their normal work reporting location and are released from work within 12 hours after coming on duty (49 CFR 395.1(e)(1)). A driver who exceeds the 12-hour limit loses the short-haul exception and must immediately prepare RODS for the entire day, often by means of an electronic logging device (ELD) (49 CFR 395.8(a)(1)(i)).

NWRA represents approximately 700 publicly traded and privately-owned local, regional, national and international waste and recycling companies. These motor carriers operate more than 100,000 waste and recycling collection trucks and employ an even greater number of commercial motor vehicle (CMV) drivers. Its drivers routinely qualify for the short-haul HOS exception in 49 CFR 395.1(e)(1); however, on occasion, these drivers cannot complete their duty day within 12 hours. The drivers may exceed the 12-consecutive hour limitation of the short-haul exception more than 8 times
