

Type of Review: Extension of a currently approved collection.

Respondents: Individuals or households; businesses or other for-profit entities; not-for-profit institutions; state, local, or tribal governments.

Number of Respondents and Responses: 69 respondents; 3,806 responses.

Estimated Time per Response: 0.5 hours (30 minutes) to 40 hours.

Frequency of Response: Annual, semiannual, quarterly, monthly, one time, and on occasion reporting requirements; recordkeeping requirement; third-party disclosure requirement.

Obligation to Respond: Required to obtain or retain benefit. Statutory authority for this information collection is contained in sections 1, 4(i), 4(j), and 719 of the Communications Act, as amended, 47 U.S.C. 151, 154(i), 154(j), and 620.

Total Annual Burden: 7,793 hours.

Total Annual Cost: \$600.

Nature and Extent of Confidentiality: Confidentiality is an issue to the extent that individuals and households provide personally identifiable information, which is covered under the Commission's system of records notice (SORN), FCC/CGB-3, "National Deaf-Blind Equipment Distribution Program," which became effective on February 28, 2012.

Privacy Impact Assessment: The Commission is in the process of preparing the Privacy Impact Assessment (PIA) related to the personally identified information (PII) covered by these information collections, as required by OMB's Memorandum M-03-22 (September 26, 2003) and by the Privacy Act, 5 U.S.C. 552a.

Needs and Uses: Section 105 of the Twenty-First Century Communications and Video Accessibility Act of 2010 (CVAA) added section 719 to the Communications Act of 1934, as amended (the Act). Pubic Law 111-260, 124 Stat. 2751 (2010); Public Law 111-265, 124 Stat. 2795 (2010) (making technical corrections); 47 U.S.C. 620. Section 719 of the Act requires the Commission to establish rules that define as eligible for up to \$10,000,000 of support annually from the Interstate Telecommunications Relay Service Fund (TRS Fund) those programs that are approved by the Commission for the distribution of specialized customer premises equipment designed to make telecommunications service, internet access service, and advanced communications, including interexchange services and advanced telecommunications and information

services, accessible by low-income individuals who are deaf-blind. 47 U.S.C. 620(a), (c). Accordingly, on April 6, 2011, the Commission released a Report and Order, document FCC 11-56, that established the National Deaf-Blind Equipment Distribution Program (NDBEDP) as a pilot program.

On August 5, 2016, the Commission released a Report and Order, document FCC 16-101, adopting rules to establish the NDBEDP, also known as "iCanConnect," as a permanent program. See 47 CFR 64.6201 through 64.6219.

In document FCC 16-101, the Commission adopted rules requiring the following:

(a) Entities must apply to the Commission for certification to receive reimbursement from the TRS Fund for NDBEDP activities. The FCC's Consumer and Governmental Affairs Bureau (CGB or Bureau) certified 56 programs—one for each state, the District of Columbia, American Samoa, Guam, the Northern Mariana Islands, Puerto Rico, and the U.S. Virgin Islands—for a period of five years, from July 1, 2017, through June 30, 2022. Incumbent programs must apply to renew their certifications, if desired, and potential new entrants must also apply for certification by July 1, 2021.

(b) A program wishing to relinquish its certification before its certification expires must provide written notice of its intent to do so.

(c) Certified programs must disclose to the Commission actual or potential conflicts of interest.

(d) Certified programs must notify the Commission of any substantive change that bears directly on its ability to meet the qualifications necessary for certification.

(e) A certified entity may present written arguments and any relevant documentation as to why suspension or revocation of certification is not warranted.

(f) When a new entity is certified as a state's program, the previously certified entity must take certain actions to complete the transition to the new entity.

(g) Certified programs must require an applicant to provide verification that the applicant is deaf-blind.

(h) Certified programs must require an applicant to provide verification that the applicant meets the income eligibility requirement.

(i) Certified programs must re-verify the income and disability eligibility of an equipment recipient under certain circumstances.

(j) Certified programs must permit the transfer of an equipment recipient's

account when the recipient relocates to another state.

(k) Certified programs must include an attestation on consumer application forms.

(l) Certified programs must conduct annual audits and submit to Commission-directed audits.

(m) Certified programs must document compliance with NDBEDP requirements, provide such documentation to the Commission upon request, and retain such records for at least five years.

(n) Certified programs must submit reimbursement claims as instructed by the TRS Fund Administrator, and supplemental information and documentation as requested. In addition, the entity selected to conduct national outreach will submit claims for reimbursement on a quarterly basis.

(o) Certified programs must submit reports every six months as instructed by the NDBEDP Administrator. In addition, the entity selected to conduct national outreach will submit an annual report.

(p) Informal and formal complaints may be filed against NDBEDP certified programs, and the Commission may conduct such inquiries and hold such proceedings as it may deem necessary.

(q) Certified programs must include the NDBEDP whistleblower protections in appropriate publications.

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060-0944; FRS 16270]

Information Collection Being Reviewed by the Federal Communications Commission Under Delegated Authority

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act of 1995 (PRA), the Federal Communications Commission (FCC or Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collections. Comments are requested concerning: Whether the proposed collection of

information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

DATES: Written PRA comments should be submitted on or before January 24, 2020. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Cathy Williams, FCC, via email PRA@fcc.gov and to Cathy.Williams@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Cathy Williams, (202) 418-2918.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-0944.
Title: Cable Landing License Act—47 CFR 1.767; 1.768; Executive Order 10530.

Form Number: Submarine Cable Landing License Application.

Type of Review: Extension of a currently approved collection.

Respondents: Business and other for-profit entities.

Number of Respondents and Responses: 38 respondents; 94 responses.

Estimated Time per Response: 0.50 hour to 17 hours.

Frequency of Response: On occasion reporting requirement, Quarterly reporting requirement, Recordkeeping requirement and third-party disclosure requirement.

Obligation to Respond: Required to obtain or retain benefits. The statutory authority for this collection is contained in the Submarine Cable Landing License Act of 1921, 47 U.S.C. 34-39, Executive Order 10530, section 5(a), and the Communications Act of 1934, as

amended, 47 U.S.C. 151, 152, 154(i)-(j), 155, 303(r), 309, 403.

Total Annual Burden: 421 hours.

Total Annual Cost: \$92,985.

Privacy Act Impact Assessment: No impact(s).

Nature and Extent of Confidentiality: In general, there is no need for confidentiality with this collection of information.

Needs and Uses: The Federal Communications Commission (Commission) is requesting that the Office of Management and Budget (OMB) approve a three-year extension of OMB Control No. 3060-0944. There are no changes in the number of respondents, responses, annual burden hours and annual costs.

The information will be used by the Commission staff in carrying out its duties under the Submarine Cable Landing License Act of 1921, 47 U.S.C. 34-39, Executive Order 10530, section 5(a), and the Communications Act of 1934, as amended. The information collections are necessary largely to determine whether and under what conditions the Commission should grant a license for proposed submarine cables landing in the United States, including applicants that are, or are affiliated with, foreign carriers in the destination market of the proposed submarine cable. Pursuant to Executive Order No. 10530, the Commission has been delegated the President's authority under the Cable Landing License Act to grant cable landing licenses, provided that the Commission must obtain the approval of the State Department and seek advice from other government agencies as appropriate. If the collection is not conducted or is conducted less frequently, applicants will not obtain the authorizations necessary to provide telecommunications services and facilities, and the Commission will be unable to carry out its mandate under the Cable Landing License Act and Executive Order 10530. In addition, without the collection, the United States would jeopardize its ability to fulfill the U.S. obligations as negotiated under the World Trade Organization (WTO) Basic Telecom Agreement because certain of these information collection requirements are imperative to detecting and deterring anticompetitive conduct. They are also necessary to preserve the Executive Branch agencies' and the Commission's ability to review foreign investments for national security, law enforcement, foreign policy, and trade concerns.
