

otherwise granted H–2B status in FY 2016, 2017, or 2018.

The need to quickly issue regulations enacting the provision of the Consolidated Appropriations Act, 2019, caused the Department to seek approval of this information collection through an expedited process. The initial clearance for this information collection was sought using PRA emergency procedures outlined in regulations at 5 CFR 1320.13. Subsequently, the Department has sought public comment to revise this information collection through the notice-and-comment process. The Department proposes: (1) To revise this collection to eliminate the burden associated with completing and submitting the attestations to DHS and the accompanying business harm assessment, as DHS stopped accepting the form once the supplemental H–2B cap was reached and (2) to continue requiring employers to retain the required supporting documentation for three years from the date the certification was issued.

This information collection is subject to the PRA. A federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. 5 CFR 1320.6(a). The Department obtains OMB approval for this information collection under Control Number 1205–0535. The current approval is scheduled to expire on November 30, 2019. However, DOL notes that outstanding information collection requirements submitted to OMB receive a month-to-month extension while they undergo review. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on May 8, 2019, 84 FR 20005.

Interested parties are encouraged to send comments to OMB, Office of Information and Regulatory Affairs, at the address shown in the **ADDRESSES** section within thirty (30) days of the publication of this notice in the **Federal Register** by December 26, 2019. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1205–0535. OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the

functions of the agency, including whether the information will have practical utility;

- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.
