

the Backfit Rule or address the regulatory criteria set forth in the applicable issue finality provision, as applicable, that would allow the staff to impose the position.

3. *The NRC staff has no intention to impose the SRP positions on existing nuclear power plant licensees either now or in the future (absent a voluntary request for a change from the licensee, holder of a regulatory approval or a design certification applicant).*

The staff does not intend to impose or apply the positions described in this final SRP section to existing (already issued) licenses (e.g., operating licenses and combined licenses) and regulatory approvals. Hence, the issuance of this SRP guidance—even if considered guidance subject to the Backfit Rule or the issue finality provisions in 10 CFR part 52—would not need to be evaluated as if it were a backfit or as being inconsistent with issue finality provisions. If, in the future, the NRC staff seeks to impose a position in the SRP on holders of already issued licenses in a manner that would constitute backfitting or does not provide issue finality as described in the applicable issue finality provision, then the staff must make a showing as set forth in the Backfit Rule or address the criteria set forth in the applicable issue finality provision, as applicable, that would allow the staff to impose the position.

This action is not a rule as defined in the Congressional Review Act (5 U.S.C. 801–808).

Section 189a.(2)(B) of the Atomic Energy Act of 1954, as amended, requires that the Commission periodically publish notice of any amendments issued, or proposed to be issued. To fulfill this requirement, the NRC issues a document entitled, “Biweekly Notice; Applications and Amendments to Facility Operating Licenses and Combined Licenses Involving No Significant Hazards Considerations,” in the **Federal Register**.

Instead of quoting each licensee's amendment application, the revised format will provide tables that state the proposed no significant hazards considerations determination and provide the location of the NRC's rationale for each determination in each of the listed applications. The revised format will also use tables to provide notice of license amendments issued. This streamlined format will provide efficiency to the public and stakeholders locating pertinent information and will be a government cost savings in time and print expenses. The public and stakeholders can still access all the information provided in each licensee's amendment application by going to the ADAMS accession numbers that will be provided in the tables.

I. Introduction

On November 20, 2019, the Postal Service filed a motion to effectuate the transfer of Inbound Letter Post Small Packets and Bulky Letters to the Competitive product list on January 1, 2020.¹ With its Motion, the Postal Service filed proposed prices for the Inbound Letter Post Small Packets and Bulky Letters product that become effective on January 1, 2020. Motion at 4. The Postal Service intends to implement specific per-item and per-kilogram self-declared prices for Inbound Letter Post Small Packets and Bulky Letters on July 1, 2020.² Given that the Motion proposes prices and implicates both of the above captioned dockets, the Commission issues this Notice and Order to provide notice of the Postal Service's proposal and provide for an opportunity for comment.

II. Background

In Order No. 4980, the Commission conditionally approved the transfer of Inbound Letter Post Small Packets and Bulky Letters items from the Market Dominant to Competitive products list.³ Before Inbound Letter Post Small Packets and Bulky Letters may be added to the Competitive product list, the Postal Service must propose and the Commission must approve prices that satisfy 39 U.S.C. 3633(a) and 39 CFR part 3015. Order No. 4980 at 19.

In Order No. 5152, the Commission approved a range of self-declared prices for Inbound Letter Post Small Packets

and Bulky Letters from Universal Postal Union (UPU) group I, II, and III countries and from group IV countries with mail flows that exceed a certain annual tonnage threshold.⁴ The Commission also approved the application of default terminal dues established in the Universal Postal Convention to mail flows from group IV countries that do not exceed the annual tonnage threshold. Order No. 5152 at 5. When approving the range of self-declared prices, the Commission directed the Postal Service to provide notice of specific per-item and per-kilogram prices at least 15 days before the effective date of those prices. *Id.* at 19. On October 29, 2019, the Postal Service provided notice of specific per-item and per-kilogram self-declared prices that it intends to implement on July 1, 2020.⁵

III. Proposed Prices

In the Motion, the Postal Service requests that the Commission approve the addition of Inbound Letter Post Small Packets and Bulky Letters to the Competitive product list, effective January 1, 2020. Motion at 1. The Motion identifies two sets of prices that would be in effect in Calendar Year (CY) 2020. First, terminal dues established by the Universal Postal Convention and its Regulations will apply from January 1, 2020, to June 30, 2020. *See id.* at 4. Second, for countries with mail flows that exceed applicable annual tonnage thresholds, the Postal Service proposes self-declared prices, which it intends to implement on July 1, 2020. *Id.*

The Postal Service's Motion includes redacted financial workpapers supporting these proposed prices and a certification pursuant to 39 CFR 3015.5(c)(2). *Id.* at 1; *id.* Attachment 2. In addition, the Postal Service includes the proposed prices and underlying workpapers under seal. *See* Motion at 1-2. The Postal Service states that the

⁴ Docket No. CP2019-155, Order Approving Range of Rates for Inbound Letter Post Small Packets and Bulky Letters and Associated International Registered Mail Service, July 12, 2019, at 5 (Order No. 5152). The Postal Service applied an annual tonnage threshold of 100 tonnes. *See* Docket No. CP2019-155, Responses of the United States Postal Service to Questions 1-10 of Chairman's Information Request No. 1, question 3.a, June 7, 2019.

⁵ The Commission previously issued a notice of these specific per-item and per-kilogram self-declared prices and invited comments regarding these self-declared prices in Docket No. CP2019-155. Docket No. CP2019-155, Notice and Order Concerning Rates Not of General Applicability for Inbound E Format Letter Post, October 30, 2019 (Order No. 5288). The Commission will evaluate the comments submitted in response to Order No. 5288 in a future order addressing the proposed prices for Inbound Letter Post Small Packets and Bulky Letters in the above captioned dockets.

specific per-item and per-kilogram prices and supporting unredacted workpapers should remain confidential. *Id.* at 1-2 n.2. The Postal Service further explains its request for non-public treatment in its application for non-public treatment, filed pursuant to 39 CFR part 3007. *Id.* Attachment 1.

The Postal Service states that prices for the Inbound Letter Post Small Packets and Bulky Letters pieces and associated Inbound Competitive International Registered Mail Service would conform to the requirements for competitive products under 39 U.S.C. 3633. *Id.* at 6-8. The Postal Service states that, for a 12-month forward looking period, the revenue generated by the proposed prices for CY 2020 cover attributable costs, avoid cross-subsidization, and do not impede competitive products' collective ability to cover the appropriate share of institutional costs. *Id.* at 6. The Postal Service asserts that the Commission should evaluate compliance based on the 12-month period following the transfer, which includes both the CY 2020 terminal dues, which go into effect on January 1, 2020, and the self-declared prices, which the Postal Service intends to implement on July 1, 2020. *Id.* at 7.

IV. Administrative Actions

The Commission invites comments on whether the planned changes are consistent with the policies of 39 U.S.C. 3632, 3633, and 3642; 39 CFR part 3015; and 39 CFR 3020.30 *et seq.* Comments are due by December 10, 2019.

The Request and related filings are available on the Commission's website (<http://www.prc.gov>). The Commission encourages interested persons to review the Motion and the Notice for further details.

Pursuant to 39 U.S.C. 505, Katalin K. Clendenin will serve as Public Representative to represent the interests of the general public in these dockets.

V. Ordering Paragraphs

It is ordered:

1. The Commission invites interested persons an opportunity to express views and offer comments on whether the planned changes are consistent with the policies of 39 U.S.C. 3632, 3633, and 3642; 39 CFR part 3015; and 39 CFR 3020.30 *et seq.*
