#### POLICY JUSTIFICATION

Tunisia—T–6C Texan Trainer Aircraft

The Government of Tunisia has requested a possible sale of twelve (12) T–6C Texan trainer aircraft, spare engines, cartridge actuated devices/propellant actuated devices operational flight trainer, spare parts, ground handling equipment, support

equipment, software delivery and support, publications and technical documentation, clothing, textiles and individual equipment, aircraft ferry support, technical and logistical support services, site surveys, minor modifications/class IV support, personnel training and training equipment, U.S. Government and contractor engineering, technical and logistics support services, and other related elements of logistical and program support. The estimated value is \$234 million.

This proposed sale will support the foreign policy and national security of the United States by helping to improve the defense capabilities and capacity of a major non-NATO ally, which is an important force for political stability and economic progress in North Africa. This potential sale will provide additional opportunities for bilateral engagements and further strengthen the bilateral relationship between the United States and Tunisia.

The proposed sale will replace Tunisia's aging trainer fleet and allow Tunisia to continue training pilots to support Tunisia's counter-terrorism and border security missions. Tunisia will have no difficulty absorbing this aircraft into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractor will be Textron Aviation Defense LLC of Wichita, Kansas. There are no known offset agreement proposed with this potential sale. However, the purchaser typically requests offsets. Any offset agreement will be defined in negotiations between the purchaser and the contractor.

Implementation of this proposed sale will require the assignment of nine U.S. Government and one contractor representative to Tunisia.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act

Annex

Item No. vii

(vii) *Sensitivity of Technology*:

1. The T–6C is a single engine turboprop trainer aircraft that includes a virtual no-drop scoring capability. Its primary purpose is to teach air to ground operations. No hard points or weapons can be carried on the T–6C.

2. A determination has been made that the recipient country can provide substantially the same degree of protection for the technology being released as the U.S. Government. This sale is necessary in furtherance of the U.S. foreign policy and national security objectives outlined in the Policy Justification.

3. All defense articles and services listed in this transmittal have been authorized for release and export to the Government of Tunisia.

#### **POLICY JUSTIFICATION**

##### *India—MK 45 Gun System*

The Government of India has requested to buy up to thirteen (13) MK 45 5 inch/62 caliber (MOD 4) naval guns and three thousand five hundred (3,500) D349 Projectile, 5"/54 MK 92 MOD 1 Ammunition. Also included are other ammunition, spare parts, personnel training and equipment training, publications and technical data, transportation, U.S. Government and contractor technical assistance and

other related logistics support. The total estimated cost is \$1.0210 billion.

This proposed sale will support the foreign policy and national security of the United States by improving the security of a strategic regional partner.

The proposed sale will improve India's capability to meet current and future threats from enemy weapon systems. The MK–45 Gun System will provide the capability to conduct anti-surface warfare and anti-air defense missions while enhancing interoperability with U.S. and other allied forces. India will use the enhanced capability as a deterrent to regional threats and to strengthen its homeland defense.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor will be BAE Systems Land and Armaments, Minneapolis, Minnesota with gun manufacturing in Louisville, Kentucky. There are no known offset agreements proposed in connection with this potential sale. Any offset agreement required by India will be defined in negotiations between the purchaser and the contractor(s).

Implementation of this proposed sale will not require the assignment of additional U.S. Government and/or contractor representatives to India. However, U.S. Government or contractor personnel in country visits will be required on a temporary basis in conjunction with program technical oversight and support requirements.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Transmittal No. 19–59

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act

Annex

Item No. vii

(vii) *Sensitivity of Technology:*

1. The MK–45 Gun System is a U.S. naval artillery gun mount consisting of 127 mm (5 inch) L54 Mark 19 Gun on Mark 45 Mount. The highest level of

release of the subsystem is UNCLASSIFIED. The highest level of information that could be disclosed by a proposed sale or by testing of the end item is UNCLASSIFIED; the highest level that must be disclosed for production, maintenance, or training is UNCLASSIFIED. Reverse engineering would not reveal venerable information. 2. A determination has been made that India can provide substantially the same degree of protection for the sensitive technology being released as the U.S. Government. This proposed sale is necessary to further the U.S. foreign policy and national security objectives outlined in the Policy Justification.

3. All defense articles and services listed on this transmittal have been authorized for release and export to the Government of India.
