SUMMARY: The Export-Import Bank of the United States (EXIM Bank), as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal Agencies to comment on the proposed information collection, as required by the Paperwork Reduction Act of 1995.

EXIM Bank has an electronic disbursement approval processing system for guaranteed lenders with Credit Guarantee Facilities. After a Credit Guarantee Facility (CGF) has been authorized by EXIM Bank and legal documentation has been completed, the lender will obtain and review the required disbursement documents (e.g., invoices, bills of lading, Exporter's Certificate, etc.) and will disburse the proceeds of the loan for eligible goods and services. In order to obtain approval of the disbursement, the lender will access and complete an electronic questionnaire through EXIM Bank's online application system (EXIM Online). Using the form, the lender will input key data and request EXIM Bank's approval of the disbursement. EXIM Bank's action (approved or denied) is posted on the lender's history page.

The information collected in the questionnaire will assist EXIM Bank in determining that each disbursement under a Medium-Term Guarantee meets all the terms and conditions for approval.

The R&O modernizes the children's television programming rules in light of changes to the media landscape that have occurred since the rules were first adopted. Among other revisions, the R&O revises the children's television programming rules to expand the Core Programming hours to 6:00 a.m. to 10:00 p.m.; modify the safe harbor processing guidelines for determining compliance with the children's programming rules; requires that broadcast stations air the substantial majority of their Core Programming on their primary program streams, but permit broadcast stations to air up to 13 hours per quarter of regularly scheduled weekly programming on a multicast stream; eliminates the additional processing guideline applicable to stations that multicast; and modify the rules governing preemption of Core Programming. In addition, the R&O eliminates the requirements that the reports include information describing the educational and informational purpose of each Core Program aired during the current reporting period and each Core Program that the licensee expects to air during the next reporting period; eliminating the requirement to identify the program guide publishers who were sent information regarding the licensee's Core Programs; and streamlining the form by eliminating certain fields. The R&O also eliminates the requirement to publicize the Children's Television Programming Reports.
