OMB Control Number 1652-0067; TSA Canine Training Center Adoption Application. The TSA Canine Program is a Congressionally-mandated program that operates as a partnership among TSA; aviation, mass transit, and maritime sectors; and State and local law enforcement. TSA operates the CTC Adoption Program in accordance with 41 CFR 102-36.35(d) (donation of surplus property) and 102-36.365 (donation of canines used for performance of law enforcement duties).¹

Canine teams consist of TSA employees, or local/State law enforcement officers, paired with explosives detection canines. These canine teams are trained on a variety of explosives and screening capabilities based on intelligence data and emerging threats. Canine teams are deployed after successfully undergoing a 10- or 12-week training program and seek certification after additional training within their assigned operational environment.

Of the canines purchased by TSA for purposes of the TSA Canine Program, approximately 83 percent graduate from the training program. These canines are continually assessed to ensure they demonstrate operational proficiency in their environment. The corresponding attrition rate is between 15-18 percent. Attrition arises from canines who do not
