**DEPARTMENT OF JUSTICE**

**Notice of Lodging of Proposed Consent Decree Under the Clean Air Act**

On December 3, 2019, the Department of Justice lodged a proposed Consent Decree with the United States District Court for the Eastern District of Pennsylvania in the lawsuit entitled *United States, et al. v. Lehigh Cement Company LLC and Lehigh White Cement Company, LLC*, Civil Action No. 5:19-cv-05688.

In a Complaint that was filed simultaneously with the Consent Decree, the United States and seven states and state or local agencies seek injunctive relief against Lehigh Cement Company LLC ("Lehigh") and Lehigh White Cement Company, LLC ("Lehigh White") and penalties against Lehigh, pursuant to Sections 113(b) and 167 of the Clean Air Act ("the Act"), 42 U.S.C. 7413(b) and 7477, for alleged violations of the Prevention of Significant Deterioration provisions of the Act, 42 U.S.C. 7470-7492; the nonattainment New Source Review provisions of the Act, 42 U.S.C. 7501-7515; the federally-approved and enforceable state implementation plans, which incorporate and/or implement the above listed requirements; and corresponding state laws. The Complaint alleges claims at one or more of eleven Portland cement facilities located in eight states owned or operated by Lehigh or Lehigh White. The states and state or local agencies that have joined the Complaint and are signatories to the Consent Decree consist of Indiana, Iowa, Maryland, New York, the Pennsylvania Department of Environmental Protection, the Jefferson County Board of Health (Alabama), and the Bay Area Air Quality Management District (California).

The Consent Decree would require installation of emissions control technology for nitrogen oxides (NO<sub>x</sub>) and sulfur dioxide (SO<sub>2</sub>), emissions

monitoring systems, and set specified NO<sub>x</sub> and SO<sub>2</sub> emission limits (except that the emission limit for SO<sub>2</sub> at the Cupertino, CA facility would be established through a testing program). The Decree would also require Lehigh to pay a civil penalty of \$1.3 million, and perform a mitigation project involving upgrading two off-road vehicle engines at an estimated cost of \$650,000, which is expected to reduce smog-forming NO<sub>x</sub> by approximately 25 tons per year.

The publication of this notice opens a period for public comment on the Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States, et al. v. Lehigh Cement Company LLC and Lehigh White Cement Company, LLC*, D.J. Ref. No. 90-5-2-1-08531/1. All comments must be submitted no later than 30 days after the publication date of this notice. Comments may be submitted either by email or by mail:

**DEPARTMENT OF LABOR**

**Employment and Training Administration**

**Agency Information Collection Activities; Comment Request; Benefits Timeliness and Quality (BTQ) Review System**

**ACTION:** Notice.

**SUMMARY:** The Department of Labor's (DOL's) Employment and Training Administration (ETA) is soliciting comments concerning a proposed extension for the authority to conduct the information collection request (ICR) titled, "Benefits Timeliness and Quality Review System." This comment request is part of continuing Departmental efforts to reduce paperwork and respondent burden in accordance with the Paperwork Reduction Act of 1995 (PRA).

**DATES:** Consideration will be given to all written comments received by February 10, 2020.

**ADDRESSES:** A copy of this ICR with applicable supporting documentation, including a description of the likely respondents, proposed frequency of response, and estimated total burden, may be obtained free by contacting Candace Edens by telephone at 202-693-3195 (this is not a toll-free number), TTY 1-877-889-5627 (this is not a toll-free number), or by email at [Edens.Candace@DOL.Gov](mailto:Edens.Candace@DOL.Gov).

Submit written comments about, or requests for a copy of, this ICR by mail or courier to the U.S. Department of Labor, Employment and Training Administration, Office of Unemployment Insurance, 200 Constitution Avenue NW, Room S-4524, Washington, DC 20210; by email: [Edens.Candace@DOL.Gov](mailto:Edens.Candace@DOL.Gov); or by Fax 202-693-3975.

**SUPPLEMENTARY INFORMATION:** DOL, as part of continuing efforts to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies an opportunity to comment on proposed and/or continuing collections of information before submitting them to the Office of Management and Budget (OMB) for final approval. This program helps to ensure requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements can be properly assessed.

The burden information for the ETA 9057 has been revised to adjust the number of small and large states to
