Petition for Exemption

Docket No.: FAA-2019-0733.

Petitioner: Daniel Orcutt.

Section(s) of 14 CFR Affected: § 121.436(a)(3).

Description of Relief Sought: Section 121.436(a)(3) requires that prior to serving as Pilot-in-Command (PIC) in part 121 operations, a pilot must have 1,000 hours while operating under one of the following conditions: Second-in-Command (SIC) under part 121 operations, PIC under § 91.1053(a)(2)(i) operations, PIC under § 135.243(a)(1) operations, or any combination thereof. Section 121.436(c) allows for 500 hours of military flight time to be credited toward the 1,000 flight hour requirement of § 121.436(a)(3), provided the flight time was obtained as PIC of a multiengine turbine-powered, fixed-wing airplane in an operation requiring more than one pilot. Mr. Daniel J. Orcutt seeks an exemption from § 121.436(a)(3) and (c) to allow use of his military PIC experience to fulfill the 1,000 hours as SIC under part 121 operations requirement.

Federal Aviation Administration

[Docket No. 2019-0396]

Agency Information Collection

Activities: Requests for Comments; Clearance of Renewed Approval of Information Collection: Application for Employment With the Federal Aviation Administration

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request the Office of Management and Budget (OMB) approval to renew an information collection. The **Federal Register** Notice with a 60-day comment period soliciting comments on the following collection of information was published on July 9, 2019. The collection involves an automated application process for employment with the Federal Aviation Administration. Applicants access an online form that is presented with requests for certain information.

The information collected is necessary to determine basic eligibility for employment and potential eligibility for Veteran's Preference, Veteran's Readjustment Act, and People with Disability appointments. In addition, there are specific occupation questions that assist the FAA Office of Human Resource Management (AHR) in determining candidates' qualifications in order that the best-qualified candidates are hired for the many FAA occupations.

DATES: Written comments should be submitted by January 13, 2020.

ADDRESSES: Interested persons are invited to submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget. Comments should be addressed to the attention of the Desk Officer, Department of Transportation/FAA, and sent via electronic mail to oir_submission@omb.eop.gov, or faxed to (202) 395-6974, or mailed to the Office of Information and Regulatory Affairs, Office of Management and Budget, Docket Library, Room 10102, 725 17th Street NW, Washington, DC 20503.

FOR FURTHER INFORMATION CONTACT: Toni Main-Valentin by email at: toni.main-valentin@faa.gov; phone: 405-954-0870.

SUPPLEMENTARY INFORMATION:

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) Whether the proposed collection of information is necessary for FAA's performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

OMB Control Number: 2120-0597.

Title: Application for Employment with the Federal Aviation Administration.

Form Numbers: FAA-3330-76.

Type of Review: Renewal of an information collection.

Background: The **Federal Register** Notice with a 60-day comment period soliciting comments on the following collection of information was published on July 9, 2019 (84 FR 32826). Under the provisions of Public Law 104-50, the Federal Aviation Administration (FAA) was given the authority and the responsibility for developing and implementing its own personnel system without regard to most of the provisions of Title 5, United States Code, exceptions being those concerning veteran's preference and various benefits.

The OPM developed a suite of forms for use in automated employment processes: All under a single OMB approval. The FAA AHR has the same OMB approval for its automated application for employment. By automating processes for employment application and the evaluation of candidates, AHR has markedly improved the service it provides to the public as well as its ability to locate and hire the best-qualified applicants. Lastly, via this process, applicants are provided on-line results immediately upon submitting their application questionnaires.

The Agency is requesting certain information necessary to determine basic eligibility for employment and potential eligibility for Veteran's Preference, Veteran's Readjustment Act, and People with Disability appointments. In addition, occupation specific questions assist AHR in determining candidates' qualifications in order that the best-qualified

candidates are hired for the many FAA occupations. The system currently in use for this collection is the Automated Vacancy Information Access Tool for Online Referral (AVIATOR). This system cannot be directly accessed. Applicants are transferred to the AVIATOR system from OPM's USAJOBS website during the application process.

Respondents: Over 180,000 U.S. citizens identified as applicants for employment with the Federal Aviation Administration.

Frequency: On occasion/as interested.
Estimated Average Burden per Response: 180,000 hours.

Approximately 180,000 respondents will complete an application form on as needed basis. Based on this sample size, it will take the average applicant approximately 1 hour to read the instructions and complete the form.

Estimated Total Annual Burden: The estimated total burden is 180,000 hours annually.

Issued in Washington, DC, on December 6, 2019.

Alpha Woodson-Smith,

Information Technology Project Manager, Finance and Management (AFN), Information and Technology Services (AIT), Enterprise Program Management Service (AEM-320).

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[Docket Number FRA-2012-0091]

Petition for Waiver of Compliance

Under part 211 of title 49 Code of Federal Regulations (CFR), this document provides the public notice that by a letter dated November 22, 2019, Montana Rail Link, Inc. (MRL) petitioned the Federal Railroad Administration (FRA) to include MRL in a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR part 232, Brake System Safety Standards for Freight and Other Non-Passenger Trains and Equipment. FRA assigned the petition Docket Number FRA-2012-0091.

Specifically, MRL seeks relief with respect to the application of 49 CFR 232.205(c)(1), *Class I brake test-initial terminal inspection*, and § 232.207(b)(1), *Class IA brake tests—1,000-mile inspection*, for trains operating in distributive power mode. MRL requests to extend the maximum allowable brake pipe air flow from the present regulatory limit of 60 cubic feet per minute (CFM)

to 90 CFM for distributed power-equipped trains under specified operating conditions.

On March 26, 2013, FRA granted a pilot test waiver to the BNSF Railway Company for these same provisions. Canadian National Railway and Canadian Pacific Railway were added as parties to the test waiver on November 21, 2014, and Union Pacific Railroad was added as a party on March 4, 2015. On May 3, 2017, FRA granted a change in status from a test waiver to a waiver of compliance, and on February 8, 2019, CSX Transportation, Inc. was added to the waiver. MRL requests to be a party to the same waiver. If granted, MRL would be subject to the same conditions as set forth in FRA's May 3, 2017 letter.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov and in person at the U.S. Department of Transportation's (DOT) Docket Operations Facility, 1200 New Jersey Ave. SE, W12-140, Washington, DC 20590. The Docket Operations Facility is open from 9 a.m. to 5 p.m., Monday through Friday, except Federal Holidays.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested parties desire an opportunity for oral comment and a public hearing, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number and may be submitted by any of the following methods:

- *Website:* <http://www.regulations.gov>. Follow the online instructions for submitting comments.
- *Fax:* 202-493-2251.
- *Mail:* Docket Operations Facility, U.S. Department of Transportation, 1200 New Jersey Ave. SE, W12-140, Washington, DC 20590.
- *Hand Delivery:* 1200 New Jersey Ave. SE, Room W12-140, Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal Holidays.

Communications received by January 27, 2020 will be considered by FRA before final action is taken. Comments received after that date will be considered if practicable.

Anyone can search the electronic form of any written communications and comments received into any of our
