SUPPLEMENTARY INFORMATION:

Title: Small Meat Processor Study.

OMB Control Number: 0583-XXXX.

Type of Request: Request for a new information collection.

Abstract: FSIS has been delegated the authority to exercise the functions of the Secretary (7 CFR 2.18, 2.53), as specified in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601, *et seq.*). This statute mandates that FSIS protect the public by verifying that meat products are safe, wholesome, unadulterated, and properly labeled and packaged.

Section 12107 of the 2018 Farm Bill states that the Secretary shall offer to enter into a contract with a land-grant college or university or a non-land-grant college of agriculture (as those terms are defined in section 1404 of the National Agricultural Research, Extension, and Teaching Policy Act of 1977 (7 U.S.C. 3101)) to review the effectiveness of existing FSIS guidance materials and other tools used by small and very small establishments, including: (1) The effectiveness of the outreach conducted by the Food Safety and Inspection Service to small and very small establishments; (2) the effectiveness of the guidance materials and other tools used by the Food Safety and Inspection Service to assist small and very small establishments; and (3) the responsiveness of Food Safety and Inspection Service personnel to inquiries and issues from small and very small establishments.

FSIS has entered into a Cooperative Agreement with the College of Agriculture at Oregon State University, to conduct this review for small and very small establishments. FSIS is requesting approval for a new information collection to survey small and very small meat processing plants

about a draft report concerning FSIS resources available to help them achieve and maintain regulatory compliance. This is a new information collection with an estimated burden of 375 hours.

Oregon State will develop a draft report based on multiple data sources. This draft report will then be distributed to a wider audience of key stakeholders that are small plant operators. Oregon will ask those stakeholders to read the draft report and fill out a short survey to gather their feedback. The survey will be administered online and also in-person at three regional small plant stakeholder meetings being held in different locations in 2020.

FSIS has made the following estimates based upon an information collection assessment:

Estimate of burden: FSIS estimates that it will take respondents an average of 75 minutes per response.

Respondents: Official establishments.

Estimated total number of respondents: 300.

Estimated annual number of responses per respondent: 1.

Estimated total annual burden on respondents: 375 hours.

Copies of this information collection assessment can be obtained from Gina Kouba, Office of Policy and Program Development, Food Safety and Inspection Service, USDA, 1400 Independence Avenue SW, Room 6065, South Building, Washington, DC 20250-3700; (202) 720-5627.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of FSIS's functions, including whether the information will have practical utility; (b) the accuracy of FSIS's estimate of the burden of the proposed collection of information, including the validity of the method and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques, or other forms of information technology. Comments may be sent to both FSIS, at the addresses provided above, and the Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), Washington, DC 20253.

Responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Additional Public Notification

Public awareness of all segments of rulemaking and policy development is important. Consequently, FSIS will announce this **Federal Register** publication on-line through the FSIS web page located at: <http://www.fsis.usda.gov/federal-register>.

FSIS will also announce and provide a link to this **Federal Register** publication through the FSIS *Constituent Update*, which is used to provide information regarding FSIS policies, procedures, regulations, **Federal Register** notices, FSIS public meetings, and other types of information that could affect or would be of interest to our constituents and stakeholders. The *Constituent Update* is available on the FSIS web page. Through the web page, FSIS can provide information to a much broader, more diverse audience. In addition, FSIS offers an email subscription service which provides automatic and customized access to selected food safety news and information. This service is available at: <http://www.fsis.usda.gov/subscribe>. Options range from recalls to export information, regulations, directives, and notices. Customers can add or delete subscriptions themselves and have the option to password protect their accounts.

DEPARTMENT OF COMMERCE

International Trade Administration

[C-570-980]

Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled Into Modules, From the People's Republic of China: Amended Final Results of Countervailing Duty Administrative Review; 2016

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) is amending the final results of the countervailing duty (CVD) administrative review of crystalline silicon photovoltaic cells, whether or not assembled into modules (solar cells), from the People's Republic of China (China) to correct two ministerial errors. The period of review (POR) is January 1, 2016 through December 31, 2016.

DATES: Applicable December 13, 2019.

FOR FURTHER INFORMATION CONTACT: Gene H. Calvert, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone (202) 482-3586.

Background

In accordance with section 751(a)(1) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.221(b)(5), on August 28, 2019, Commerce published its final results in the administrative review of the CVD order on solar cells from China covering the POR.¹ On September 9, 2019, Jinko Solar Co., Ltd, a mandatory respondent in this administrative review, timely submitted ministerial error allegations concerning the *Final Results*.² No other parties

¹ See *Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled Into Modules, from the People's Republic of China: Final Results of Countervailing Duty Administrative Review and Rescission of Review, in Part; 2016*, 84 FR 45125 (August 28, 2019) and accompanying Issues and Decision Memorandum (Final Results Decision Memorandum) (collectively, *Final Results*).

² Jinko Solar Co., Ltd. filed its allegations on behalf of itself and certain affiliated companies:

submitted ministerial error allegations or commented on Jinko Solar's allegations. Complaints were filed with the U.S. Court of International Trade (the Court) challenging the *Final Results*. The United States sought leave from the Court to address these ministerial error allegations. The Court granted the United States' request and allowed until December 13, 2019 to publish any amended final results in the **Federal Register**.

Scope of the Order

The merchandise covered by the CVD order is solar cells from China, whether or not partially or fully assembled into other products, including, but not limited to, modules, laminates, panels, and building integrated materials. A full description of the scope of the order is contained in the Final Results Decision Memorandum.³

Ministerial Errors

Section 751(h) of the Act and 19 CFR 351.224(f) define a "ministerial error" as an error in addition, subtraction, or other arithmetic function, clerical error resulting from inaccurate copying, duplication, or the like, and any other similar type of unintentional error which the Secretary considers ministerial. As discussed in the Response to Ministerial Error Allegations, Commerce finds that the errors alleged by Jinko Solar regarding the calculations for the benchmarks used to calculate benefits with respect to the Provision of Electricity for Less Than Adequate Remuneration (LTAR) Program and the Provision for Aluminum Extrusions for LTAR Program constitute ministerial errors within the meaning of 19 CFR 351.224(f).⁴

In accordance with section 751(h) of the Act and 19 CFR 351.224(e), Commerce is amending the *Final Results* to correct these ministerial errors. Specifically, Commerce is amending the net subsidy rates for Jinko Solar and for the companies for which

Jinko Solar Import and Export Co., Ltd.; JinkoSolar International Limited; and Zhejiang Jinko Solar Co., Ltd. (collectively, Jinko Solar). See Jinko Solar's Letter, "Countervailing Duty Order on Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled into Modules: Jinko's Ministerial Error Comments," dated September 9, 2019 (Ministerial Error Allegations).
