SUPPLEMENTARY INFORMATION:

Background

On November 1, 2018, Commerce published in the **Federal Register** a notice of opportunity to request an administrative review of the order on certain hot-rolled carbon steel flat products (hot-rolled steel) from Thailand for the POR.¹ On November 30, 2018, Commerce received a request for administrative review covering imports of hot-rolled steel from Thailand, which was filed in proper form by Steel Dynamics and SSAB Enterprises (collectively, the petitioners).² Commerce published the

notice of initiation of this administrative review on February 6, 2019, covering the two companies for which we received a request for review.³

On February 27, 2019, Commerce received a notification of no shipments from Sahaviriya Steel Industries Public Co., Ltd. (Sahaviriya) and G Steel Public Company Ltd. (G Steel).⁴ On March 5, 2019, Commerce published a memorandum informing interested parties that we had made an inquiry to U.S. Customs and Border Protection (CBP) with regard to entries of subject merchandise for the purposes of potential respondent selection. The results indicated that there were no shipments of subject merchandise from Thailand as country of origin or country of export by G Steel or Sahaviriya into the United States during the POR.⁵ On March 20, 2019, Commerce made inquiries to CBP informing CBP that Commerce's records indicated no shipments from G Steel and Sahaviriya and requested that any CBP import officers aware of entries inform Commerce within ten days.⁶ We received no notifications from CBP.

Commerce exercised its discretion to toll all deadlines affected by the partial federal government closure from December 22, 2018 through the resumption of operations on January 28, 2019.⁷ On September 10, 2019, Commerce further extended the time limit for completion of the preliminary results of the review to no later than December 10, 2019.⁸ This preliminary

determination is made in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

The product covered by the order is hot-rolled steel from Thailand. For a complete description of the scope of the order, see the appendix to this notice.

Preliminary Determination of No Shipments

Based on record evidence, we preliminarily determine that G Steel and Sahaviriya had no shipments of subject merchandise during the POR. With respect to G Steel and Sahaviriya, CBP stated that it did not find any shipments of subject merchandise from these two companies during the POR.⁹

Consistent with our practice, we find that it is not appropriate to rescind the review with respect to G Steel and Sahaviriya, but rather to complete the review and issue appropriate instructions to CBP based on the final results of this review.¹⁰

Issues raised in the hearing will be limited to those raised in the respective case and rebuttal briefs. If a request for a hearing is made, Commerce intends to hold the hearing at the U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230, at a date and time to be determined.¹⁵ Parties should confirm the date, time, and location of the hearing two days before the scheduled date.

Commerce intends to issue the final results of this administrative review, including the results of its analysis of the issues raised in any case or rebuttal briefs, no later than 120 days after the date of publication of this notice, unless extended.¹⁶

Assessment Rates

If we continue to find in the final results that G Steel and Sahaviriya had no shipments of subject merchandise, for entries of subject merchandise during the POR produced by G Steel and Sahaviriya for which these companies did not know that the merchandise was destined for the United States, we will instruct CBP to liquidate these entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.¹⁷

We intend to issue instructions to CBP 15 days after the date of publication of the final results of this review.

Cash Deposit Requirements

The following deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication

date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rates for G Steel and Sahaviriya will remain unchanged from the rate assigned to them in the most recently completed review of those companies; (2) for merchandise exported by manufacturers or exporters not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently-completed segment; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation, but the manufacturer is, then the cash deposit rate will be the rate established for the most recently completed segment for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 4.44 percent, the all-others rate established in the less-than-fair-value investigation.¹⁸ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2), to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement may result in the presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221(b)(4).

Dated: December 10, 2019.

Assistant Secretary for Enforcement and Compliance.

Appendix

SCOPE OF THE ORDER

For purposes of the *Order*, the products covered are certain hot-rolled carbon steel flat products of a rectangular shape, of a width of 0.5 inch or greater, neither clad, plated, nor coated with metal and whether or not painted, varnished, or coated with plastics or other non-metallic substances, in coils (whether or not in successively superimposed layers), regardless of

thickness, and in straight lengths of a thickness of less than 4.75 mm and of a width measuring at least 10 times the thickness. Universal mill plate (*i.e.*, flat-rolled products rolled on four faces or in a closed box pass, of a width exceeding 150 mm, but not exceeding 1250 mm, and of a thickness of not less than 4.0 mm, not in coils and without patterns in relief) of a thickness not less than 4.0 mm is not included within the scope of the order.

Specifically included within the scope of the order are vacuum degassed, fully stabilized (commonly referred to as interstitial-free (IF)) steels, high strength low alloy (HSLA) steels, and the substrate for motor lamination steels. IF steels are recognized as low carbon steels with micro-alloying levels of elements such as titanium or niobium (also commonly referred to as columbium), or both, added to stabilize carbon and nitrogen elements. HSLA steels are recognized as steels with micro-alloying levels of elements such as chromium, copper, niobium, vanadium, and molybdenum. The substrate for motor lamination steels contains micro-alloying levels of elements such as silicon and aluminum.

Steel products to be included in the scope of the order, regardless of definitions in the Harmonized Tariff Schedule of the United States (HTS), are products in which: (i) Iron predominates, by weight, over each of the other contained elements; (ii) the carbon content is 2 percent or less, by weight; and (iii) none of the elements listed below exceeds the quantity, by weight, respectively indicated:

1.80 percent of manganese,
or 2.25 percent of silicon,
or 1.00 percent of copper,
or 0.50 percent of aluminum,
or 1.25 percent of chromium,
or 0.30 percent of cobalt,
or 0.40 percent of lead,
or 1.25 percent of nickel,
or 0.30 percent of tungsten,
or 0.10 percent of molybdenum,
or 0.10 percent of niobium,
or 0.15 percent of vanadium,
or 0.15 percent of zirconium.

All products that meet the physical and chemical description provided above are within the scope of the order unless otherwise excluded. The following products, by way of example, are outside or specifically excluded from the scope of the order:

- Alloy hot-rolled steel products in which at least one of the chemical elements exceeds those listed above (including, *e.g.*, ASTM specifications A543, A387, A514, A517, A506).
- Society of Automotive Engineers (SAE)/ American Iron and Steel Institute (AISI) grades of series 2300 and higher.
- Ball bearings steels, as defined in the HTS.
- Tool steels, as defined in the HTS.
- Silico-manganese (as defined in the HTS) or silicon electrical steel with a silicon level exceeding 2.25 percent.
- ASTM specifications A710 and A736.
- USS Abrasion-resistant steels (USS AR 400, USS AR 500).
- All products (proprietary or otherwise) based on an alloy ASTM specification

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: Based on affirmative final determinations by the Department of Commerce (Commerce) and the International Trade Commission (ITC), Commerce is issuing a countervailing duty order on refillable stainless steel kegs from the People's Republic of China (China).

DATES: Applicable December 16, 2019.

FOR FURTHER INFORMATION CONTACT: Theodore Pearson or Nicholas Czajkowski, AD/CVD Operations, Office I, Enforcement and Compliance, International Trade Administration,

U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-2631 or (202) 482-1395, respectively.

SUPPLEMENTARY INFORMATION:

Background

In accordance with sections 705(a), 735(d), and 777(i)(1) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.210(c), on October 24, 2019, Commerce published its affirmative final determination in the countervailing duty investigation of refillable stainless steel kegs from China,¹ including its affirmative determination of critical circumstances. On December 9, 2019, the ITC notified Commerce of its final determination pursuant to section 705(b)(1)(B) of the Act that an industry in the United States is materially retarded by reason of subsidized imports of refillable stainless steel kegs from China, and its determination that critical circumstances do not exist with respect to imports of subject merchandise from China.²

Scope of the Order

The merchandise covered by this order are refillable stainless steel kegs from China. For a complete description of the scope of the order, see the appendix to this notice.

Countervailing Duty Order

As stated above, on December 9, 2019, in accordance with sections 705(b)(1)(B) and 735(d) of the Act, the ITC notified Commerce of its final determination in this investigation, in which it found that the establishment of an industry in the United States is materially retarded by reason of subsidized imports of refillable stainless steel kegs from China, and that critical circumstances do not exist with respect to imports of subject merchandise from China that are subject to Commerce's affirmative critical circumstances findings. Therefore, in accordance with section 705(c)(2) of the Act, Commerce is issuing this countervailing duty order.

Because the ITC's final determination is that the establishment of an industry in the United States is materially retarded by subsidized imports of refillable stainless steel kegs from China, and is not accompanied by a finding that injury would have resulted

¹ See *Refillable Stainless Steel Kegs from China: Final Affirmative Countervailing Duty Determination and Final Affirmative Determination of Critical Circumstances, in Part*, 84 FR 57005 (October 24, 2019).

but for the imposition of suspension of liquidation of entries since Commerce's *Preliminary Determination*,³ section 706(b)(2) of the Act is applicable. Accordingly, Commerce will instruct U.S. Customs and Border Protection (CBP) to terminate the suspension of liquidation, and to liquidate without regard to countervailing duties, unliquidated entries of refillable stainless steel kegs from China entered, or withdrawn from warehouse, for consumption prior to the publication of the ITC's final determination, and to release any bond or other security posted and to refund any cash deposit of estimated countervailing duties made prior to the publication of the ITC's final determination.

Suspension of Liquidation

In accordance with section 706 of the Act, Commerce will instruct CBP to reinstate the suspension of liquidation of all appropriate entries of refillable stainless steel kegs from China, as described in the appendix to this notice, effective on the date of publication in the **Federal Register** of the ITC's final determination, and to collect cash deposits of estimated countervailing duties for each entry of subject merchandise equal to the rates noted below. The all-others rate applies to all producers or exporters not specifically listed.

Critical Circumstances

With regard to the ITC's negative critical circumstances determination on imports of refillable stainless steel kegs from China, we will instruct CBP to lift suspension and to refund any cash deposits made to secure the payment of estimated countervailing duties with respect to entries of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after January 5, 2019 (*i.e.*, 90 days prior to the date of the publication of the *Preliminary Determination*), but before April 5, 2019 (*i.e.*, the date of publication of the *Preliminary Determination*).

Estimated Subsidy Rates

The estimated subsidy rates are as follows:
