Title: Training Certification for Drivers of LCVs.
OMB Control Number: 2126–0026.

Type of Request: Renewal and correction of a currently-approved information collection.

Respondents: LCV training providers who train new LCV drivers; drivers who complete LCV training each year; current LCV drivers who submit their LCV Driver-Training Certificate to prospective employers; and employers (motor carriers) receiving and maintaining copies of the LCV Driver-Training certificates of their drivers.

Estimated Number of Respondents: 50,708, consisting of 218 LCV training providers, plus 218 newly-certified LCV drivers, plus 25,027 currently-certified LCV drivers, plus 25,245 motor carriers employing LCV drivers.

Estimated Time per Response: 10 minutes for preparation of LCV Driver-Training Certificates for drivers who successfully complete the LCV training, and 10 minutes for activities associated with the LCV Driver-Training Certificate during the hiring process.

Expiration Date: May 31, 2020.

Frequency of Response: On occasion.

Estimated Total Annual Burden: 4,244 hours. The total number of drivers who will be subjected to these requirements each year is 25,245, consisting of 218 newly-certified LCV drivers, and 25,027 currently-certified LCV drivers obtaining new employment. Additionally, 218 LCV training providers will be required to prepare the training certificates for newly-certified drivers. The total annual information collection burden is approximately 4,244 hours, consisting of 36 hours for preparation of LCV Driver-Training Certificates [218 drivers successfully completing LCV driver training × 10 minutes ÷ 60 minutes/hour] and 4,208 hours for requirements related to the hiring of LCV drivers [25,245 LCV drivers obtaining new employment × 10 minutes ÷ 60 minutes/hour].

Estimated Total Cost to Respondents: \$135,734.

Public Comments Invited: You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for FMCSA’s performance; (2) the accuracy of the estimated burden; (3) ways for FMCSA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized without reducing the quality of the collected information. The Agency will summarize or include your comments in the request for OMB’s clearance of this information collection.

SUPPLEMENTARY INFORMATION:

Background: FMCSA registers for-hire motor carriers of regulated commodities under 49 U.S.C. 13902, surface freight forwarders under 49 U.S.C. 13903, and property brokers under 49 U.S.C. 13904. Each registration is effective from the date specified under 49 U.S.C. 13905 (c).

Subsection (d) of 49 U.S.C. 13905 also provides that on application of the registrant, the Secretary may amend or revoke a registration, and hence the registrant's operating authority. Form OCE-46 allows these registrants to apply voluntarily for revocation of their operating authority or parts thereof. If the registrant fails to maintain evidence of the required level of insurance coverage on file with FMCSA, its operating authority will be revoked involuntarily. Although the effect of both types of revocation is the same, some registrants prefer to request voluntary revocation. For various business reasons, a registrant may request revocation of some part, but not all, of its operating authority.

This information collection, which supports the DOT Strategic Goal of Safety, is being revised to reflect modified estimates of burden hours and costs. For respondents, the program adjustment has resulted in increased total burden hours and an increase in respondent costs. The burden hour increase is due to an estimated increase in the number of annual filings of Form OCE-46 from 3,501 to 5,901 per year, resulting in an increase of 2,400 responses and 600 burden hours.

The previous iteration of this ICR did not include estimated labor costs for respondents; it only reported the estimated annual burden hours. This version adds estimated labor costs according to best practices. The estimated annual labor cost for industry resulting from submitting Form OCE-46 is \$49,527.

The total annual respondent cost has decreased by \$20,190. This decrease is due to the fact that respondents may now file the form online, at no charge. While the online submission option exists, FMCSA still estimates that approximately 1,567 respondents will continue to file the form by mail, which incurs notarization and postage fees.

For the Federal Government, the program costs have increased by \$11,176. While this ICR revised the Federal labor wage load factor downward to be consistent with the methodology used in other FMCSA ICRs, the overall cost to the Federal Government increased due to the increase in the number of forms received by FMCSA.
