#### Extension:

Rule 18f-1 and Form N-18f-1; SEC File No. 270-187, OMB Control No. 3235-0211

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520), the Securities and Exchange Commission ("Commission") is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

Rule 18f-1 (17 CFR 270.18f-1) enables a registered open-end management investment company ("fund") that may redeem its securities in-kind, by making a one-time election, to commit to make cash redemptions pursuant to certain requirements without violating section 18(f) of the Investment Company Act of 1940 (15 U.S.C. 80a-18(f)). A fund relying on the rule must file Form N-18F-1 (17 CFR 274.51) to notify the Commission of this election. The Commission staff estimates that 22 funds file Form N-18F-1 annually, and that each response takes one hour. Based on these estimates, the total annual burden hours associated with the rule is estimated to be 22 hours. The estimated burden hours associated with rule 18f-1 and Form 18F-1 have decreased by 16 hours from the current allocation of 38 hours. This decrease is due to a decrease in the estimated number of investment companies filing Form N-18F-1 annually. There is no external cost associated with this collection of information.

The estimate of average burden hours is made solely for the purposes of the Paperwork Reduction Act, and is not derived from a comprehensive or even a representative survey or study of the costs of Commission rules. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Written comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the Commission, including whether the information has practical utility; (b) the accuracy of the Commission's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-87807; File No. SR-EMERALD-2019-37]

### Self-Regulatory Organizations; MIAX Emerald, LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend Exchange Rule 515, Execution of Orders and Quotes

December 19, 2019.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on December 16, 2019, MIAX Emerald, LLC ("MIAX Emerald" or "Exchange") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is filing a proposal to amend Exchange Rule 515, Execution of Orders and Quotes, to make minor, non-substantive edits and clarifying changes to the rule text.

The text of the proposed rule change is available on the Exchange's website at <http://www.miaxoptions.com/rule-filings/emerald> at MIAX Emerald's principal office, and at the Commission's Public Reference Room.

#### II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

<sup>1</sup> 15 U.S.C. 78s(b)(1).

<sup>2</sup> 17 CFR 240.19b-4.

*A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change*

1. Purpose

The Exchange proposes to amend Exchange Rule 515, Execution of Orders and Quotes, to make minor, non-substantive edits and clarifying changes to the rule text in order to provide consistency and clarity within the rule text. Specifically, the Exchange proposes to amend subsection (c)(1)(ii)(C)3. to correct a citation to the subsection that discusses the Managed Interest Process. Subsection (c)(1)(ii)(C)3. of Exchange Rule 515 currently states:

If the Exchange receives a new Post-Only OQ on the opposite side of the market from a Post-Only Order being managed under this subsection (c)(1)(ii)(B) and the new Post-Only OQ locks or crosses the Book price of the resting Post-Only Order, the Exchange will re-book the resting Post-Only Order at the same price as its displayed price and manage the resting Post-Only Order and the new Post-Only OQ under the POP Process of subsection (i) of this Rule.

The Exchange proposes to amend the citation to "subsection (c)(1)(ii)(B)" in subsection (c)(1)(ii)(C)3. to remove the citation to item "(B)." Accordingly, with the proposed change, the new citation will be to the general section covering the Managed Interest Process for Non-Routable orders, which is subsection (c)(1)(ii). The purpose of this proposed change is to provide consistency and clarity within the rule text.

Next, the Exchange proposes to make several amendments to subsection (c)(1)(ii)(B) of Exchange Rule 515 to correct the punctuation in that subsection. Subsection (c)(1)(ii)(B) currently provides that if the limit price of an order locks or crosses the current opposite side ABBO and the EBBO is inferior to the ABBO, the System<sup>3</sup> will display the order one MPV away from the current opposite side ABBO, and book the order at a price that will lock the current opposite side ABBO. Should the ABBO price change to an inferior price level, the order's Book price will continuously re-price to lock the new ABBO and the managed order's displayed price will continuously re-price one MPV away from the new ABBO until (1) the order has traded to and including its limit price, (2) the order has traded to and including its price protection limit at which time any remaining contracts are cancelled, (3) the order is fully executed or (4) the

<sup>3</sup> The term "System" means the automated trading system used by the Exchange for the trading of securities. See Exchange Rule 100.

order is cancelled. The Exchange now proposes to insert a colon at the end of the second sentence in subsection (c)(1)(ii)(B) that leads into the four different scenarios that describe when the System will stop repricing the order pursuant to the Managed Interest Process. Further, the Exchange proposes to delete the commas after each sentence in subsections (c)(1)(ii)(B)(1) through (c)(1)(ii)(B)(3), and replace those commas with semicolons. The purpose of these changes is to provide consistency and clarity throughout the rule text.

2. Statutory Basis

The Exchange believes that its proposed rule change is consistent with Section 6(b) of the Act<sup>4</sup> in general, and furthers the objectives of Section 6(b)(5) of the Act<sup>5</sup> in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanisms of a free and open market and a national market system and, in general, to protect investors and the public interest.

The Exchange believes the proposed changes promote just and equitable principles of trade and remove impediments to and perfect the mechanism of a free and open market and a national market system because the proposed changes make clarifying edits to the rule text of Exchange Rule 515, and correct an error to a particular citation to provide uniformity in the Exchange's rulebook. The Exchange believes that these proposed changes will provide greater clarity to Members and the public regarding the Exchange's rules and that it is in the public interest for rules to be accurate and concise so as to eliminate the potential for confusion.

*B. Self-Regulatory Organization's Statement on Burden on Competition*

The Exchange does not believe that the proposed rule changes will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. Specifically, the Exchange believes the proposed changes will not impose any burden on intra-market competition as there is no functional change to the Exchange's System and because the rules of the Exchange apply to all MIAX Emerald participants equally. The proposed rule

<sup>5</sup> 15 U.S.C. 78f(b)(5).

changes will have no impact on competition as they are not designed to address any competitive issues but rather are designed to remedy minor non-substantive issues and provide added clarity to the rule text of Exchange Rule 515. In addition, the Exchange does not believe the proposal will impose any burden on inter-market competition as the proposal does not address any competitive issues and is intended to protect investors by providing further transparency regarding the Exchange's functionality.

*C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others*

Written comments were neither solicited nor received.

**III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

Because the proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>6</sup> and subparagraph (f)(6) of Rule 19b-4 thereunder.<sup>7</sup>

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

**IV. Solicitation of Comments**

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

<sup>6</sup> 15 U.S.C. 78s(b)(3)(A).

<sup>7</sup> 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.
