

documentation, the guideline explains FSIS will approve a negative hormone claim on products made from poultry, veal, goats, mature sheep, and exotic species (such as buffalo and elk) when accompanied with the following qualifying statement on the label: "Federal regulations do not permit the use of hormones in [name the species or kind]." As explained above, this information must be prominently- and conspicuously-displayed on the label in accordance with the regulations.

However, FSIS acknowledges consumers who are unaware that hormones are prohibited for use in certain livestock and poultry species could potentially be misled by a negative hormone claim due to its unique nature. To address this concern, FSIS has updated the guideline to clarify why the qualifying information is necessary on certain products. The guideline was also updated to emphasize that FSIS only approves these claims when the necessary qualifying information is prominently and clearly displayed on the label, *e.g.*, it appears directly adjacent to the claim or is in type at least one-third the height.

SUPPLEMENTARY INFORMATION:

Background

On November 1, 2018, Commerce published in the **Federal Register** a notice of opportunity to request an administrative review of the order on certain circular welded non-alloy steel pipe (circular welded pipe) from Taiwan for the POR.¹ On November 30, 2018, Commerce received a request for administrative review covering imports of circular welded pipe from Taiwan, which was filed in proper form by Independence Tube Corporation and Southland Tube (collectively, the petitioners).² Commerce published the notice of initiation of this administrative review on February 6, 2019, covering the two companies for which we received a request for review.³

On December 26, 2018, Commerce received a notification of no shipments from Founder Land.⁴ On March 4, 2019, Commerce received notifications of no shipments from Shin Yang Steel Co., Ltd. (Shin Yang), Tension Steel Enterprise Co., Ltd. (Tension Steel), Yieh Hsing Enterprise Co., Ltd. (Yieh Hsing), and Yieh Phui Enterprise Co., Ltd. (Yieh Phui).⁵ On August 5, 2019, Commerce made inquiries to U.S. Customs and Border Protection (CBP) informing CBP that Commerce's records indicated no shipments from Founder

Land, Shin Yang, Tension Steel, Yieh Hsing, or Yieh Phui and requested that any CBP import officers aware of entries inform Commerce within ten days.⁶ We received no notifications from CBP. On August 30, 2019, Commerce published memoranda informing interested parties that we had made an inquiry to CBP with regard to entries of subject merchandise for the purposes of potential respondent selection. The results indicated that there were no shipments of subject merchandise from Taiwan as country of origin or country of export by Founder Land, Shin Yang, Tension Steel, Yieh Hsing, or Yieh Phui into the United States during the POR.⁷

Commerce exercised its discretion to toll all deadlines affected by the partial federal government closure from December 22, 2018 through the resumption of operations on January 28, 2019.⁸ On September 10, 2019, Commerce postponed the preliminary determination of this administrative review, and the revised deadline is now December 10, 2019. This preliminary determination is made in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

Cash Deposit Requirements

The following deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) The

Failure to comply with this requirement may result in the presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Certain Activated Carbon From the People's Republic of China: Notice of Court Decision Not in Harmony With Final Results of Administrative Review and Notice of Amended Final Results

Republic of China (China) covering the period of April 1, 2013 through March 31, 2014. Commerce is notifying the public that the final judgment in this case is not in harmony with the final results of the administrative review, and that Commerce is amending the final results with respect to certain producers and/or exporters identified herein.

DATES: Applicable December 27, 2019.

FOR FURTHER INFORMATION CONTACT: Robert Palmer, AD/CVD Operations Office VIII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-9068.

SUPPLEMENTARY INFORMATION:

Background

On October 9, 2015, Commerce issued the *AR7 Final Results*.¹ Jacobi Carbons AB (Jacobi), a mandatory respondent, and Jacobi Carbons, Inc., its affiliated U.S. importer of subject merchandise,² challenged certain aspects of the *AR7 Final Results*. Jacobi challenged Commerce's final results regarding: (1) The selection of Thailand as the primary surrogate country for the mandatory respondents,³ (2) the selection of Thai surrogate values (SV) used to value financial ratios and carbonized material, and (3) the reduction of Jacobi's constructed export price (CEP) by an amount for irrecoverable value added tax (VAT). On April 7, 2017, the Court in *Jacobi AR7 I* remanded Commerce's *AR7 Final Results* with respect to

² In the third administrative review of the *Order*, Commerce found that Jacobi, Tianjin Jacobi International Trading Co. Ltd., and Jacobi Carbons Industry (Tianjin) are a single entity and, because there were no changes to the facts which supported that decision since that determination was made, we continued to find these companies part of a single entity for this administrative review.
