

of the Communications Act, as amended, 47 U.S.C. 151–154, 255, 303(r), 403, 503, 617, 618, and 619.

Total Annual Burden: 120,999 hours.

Total Annual Cost: \$17,800.

Nature and Extent of Confidentiality: Confidentiality is an issue to the extent that individuals and households provide personally identifiable information, which is covered under the FCC's system of records notice (SORN), FCC/CGB–1, "Informal Complaints, Inquiries and Requests for Dispute Assistance," which became effective on September 24, 2014. In addition, upon the service of an informal or formal complaint, a service provider or equipment manufacturer must produce to the Commission, upon request, records covered by 47 CFR 14.31(a) of the Commission's rules that are directly relevant to the equipment or service that is the subject of such complaint and may assert a statutory request for confidentiality for these records. All other information submitted to the Commission pursuant to Subpart D of Part 14 of the Commission's rules or to any other request by the Commission may be submitted pursuant to a request for confidentiality in accordance with 47 CFR 0.459 of the Commission's rules.

Privacy Impact Assessment: The FCC completed a Privacy Impact Assessment (PIA) on June 28, 2007. The PIA may be reviewed at <https://www.fcc.gov/general/privacy-act-information>. The FCC is in the process of updating the PIA to incorporate various revisions made to the SORN.

Needs and Uses: In 2011, in document FCC 11–151, the FCC adopted rules to implement sections 716 and 717 of the Communications Act of 1934 (the Act), as amended, which were added to the Act by the Twenty-First Century Communications and Video Accessibility Act of 2010 (CVAA). See Public Law 111–260, 104. Section 716 of the Act requires providers of advanced communications services and manufacturers of equipment used for advanced communications services to make their services and equipment accessible to individuals with disabilities, unless doing so is not achievable. 47 U.S.C. 617. Section 717 of the Act established new recordkeeping requirements and enforcement procedures for service providers and equipment manufacturers that are subject to sections 255, 716, and 718 of the Act. 47 U.S.C. 618. Section 255 of the Act requires telecommunications and interconnected VoIP services and equipment to be accessible to individuals with disabilities, if readily achievable. 47 U.S.C. 255. Section 718 of the Act

requires internet browsers built into mobile phones to be accessible to and usable by individuals who are blind or have a visual impairment, unless doing so is not achievable. 47 U.S.C. 619.

In document FCC 11–151, the Commission adopted rules relating to the following:

(a) Service providers and equipment manufacturers that are subject to sections 255, 716, and 718 of the Act must ensure that the information and documentation that they provide is accessible to individuals with disabilities.

(b) Service providers and equipment manufacturers may seek waivers from the accessibility obligations of section 716 of the Act for services or equipment that are designed for multiple purposes, including advanced communications services, but are designed primarily for purposes other than using advanced communications services.

(c) Service providers and equipment manufacturers that are subject to sections 255, 716, and 718 of the Act must maintain records of their efforts to implement those sections.

(d) Service providers and equipment manufacturers that are subject to sections 255, 716, and 718 of the Act must certify annually to the Commission that records are kept in accordance with the recordkeeping requirements. The certification must include contact details of the person(s) authorized to resolve accessibility complaints and the agent designated for service of process.

(e) The Commission established procedures to facilitate the filing of formal and informal complaints alleging violations of sections 255, 716, or 718 of the Act. Those procedures include a nondiscretionary pre-filing notice procedure to facilitate dispute resolution, that is, as a prerequisite to filing an informal complaint, complainants must first request dispute assistance from the Consumer and Governmental Affairs Bureau's Disability Rights Office.

In 2013, in document FCC 13–57, the FCC adopted rules to implement section 718 of the Act. In 2015, in document FCC 15–24, the FCC reclassified broadband internet access service (BIAS) as a telecommunications service that is subject to the Commission's regulatory authority under Title II of the Act and applying section 255 of the Act and the Commission's implementing rules to providers of BIAS and manufacturers of equipment used for BIAS. In 2017, in document FCC 17–166, the Commission reinstated the information service classification of BIAS.

Therefore, the Commission extracted those burdens from the collection found in OMB control number 3060–1167.

Federal Communications Commission.

Cecilia Sigmund,

Federal Register Liaison Officer.
