

Prometheus Radio Project v. FCC, Nos. 17–1107 *et al.* (3d Cir. Nov. 29, 2019). Accordingly, by order released December 20, 2019, the Commission's rules have been amended to reflect the changes required by the court's foregoing actions. *2014 Quadrennial Regulatory Review—Review of the Commission's Broadcast Ownership Rules and Other Rules Adopted Pursuant to Section 202 of the Telecommunications Act of 1996 et al.*, Order, DA 19–1304 (MB Dec. 20, 2019) (2019 Order). The purpose of this Public Notice is to clarify the application of these new rules as they bear on pending and future renewal applications.²

New Renewal Applications: Effective immediately, every licensee seeking renewal of a commercial station license must report any violation of the Newspaper/Broadcast or Radio/Television Cross-Ownership rules contained in the revised section 73.3555 of the Rules. The Media Bureau is in the process of seeking approval from the Office of Management and Budget to add a new question on this topic to the renewal application, FCC Form 2100, Schedule 303–S. Pending that approval and effective immediately, all licensees must use the “FCC Violations during the Preceding License Term” question in the “Renewal Certification” section of the renewal application to report any violations of section 73.3555.³ If the licensee (or any party with an attributable interest in the licensee) is in violation of the Newspaper/Broadcast or Radio/Television Cross-Ownership rules, it must answer that question “No” and include an explanatory exhibit. Licensees should answer “No” and provide an explanatory exhibit even if the acquisition of an attributable interest in a newspaper/broadcast combination or radio/television combination has previously been approved by the Commission or its staff. If the licensee is not in violation of the Newspaper/Broadcast or Radio/Television Cross-Ownership rules, and there have been no other violations of the Communications Act of 1934, as amended, or the rules or regulations of

the Commission during the preceding license term, it must answer that question “Yes.” The Media Bureau will issue a future Public Notice when a permanent question on this subject has been added to the renewal application.

Pending Renewal Applications: Each licensee that has a pending application for renewal of a commercial station license must update its application as described herein. Specifically, within 30 days of the date of this Public Notice, the licensee must file an amendment to its pending application⁴ as required by section 1.65 of the Commission's rules, 47 CFR 1.65. This amendment must include an attachment certifying whether the station licensee (and each party with an attributable interest in the licensee) complies with the Commission's cross ownership rules now in effect in revised section 73.3555. The attachment should state:

The station licensee (and each party with an attributable interest in the licensee) hereby certifies it is in compliance with the Newspaper/Broadcast and Radio/Television Cross-Ownership rules in revised 47 CFR 73.3555.

To the extent the licensee cannot certify compliance, it should file an explanation with all necessary showings. Licensees should address these rules in the amendment even if the acquisition of an attributable interest in a newspaper/broadcast combination or radio/television combination has previously been approved by the Commission or its staff. No action will be taken on pending renewal applications prior to submission of this amendment. Pending renewal applications will be processed once amendments are received.

Thomas Horan,

Chief of Staff, Media Bureau.

The information is used by FCC staff during inspections and investigations to ensure compliance with applicable rules, statutes, and treaties. In the absence of this recordkeeping requirement, field inspections and investigations related to the solution of cases of harmful interference would be severely
