**SUPPLEMENTARY INFORMATION:** In accordance with the Paperwork Reduction Act of 1995, we provide the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

On October 4, 2019, we published a **Federal Register** notice soliciting comments on this collection of

information for 60 days, ending on December 3, 2019 (84 FR 53172). We did not receive any public comments on this notice.

We are again soliciting comments on the proposed ICR that is described below. We are especially interested in public comment addressing the following issues: (1) Is the collection necessary to the proper functions of the NPS; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the NPS enhance the quality, utility, and clarity of the information to be collected; and (5) how might the NPS minimize the burden of this collection on the respondents, including through the use of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

**Abstract:** The NPS maintains law enforcement incident reports in the Department of the Interior's Incident and Management Reporting System (IMARS), which is a Privacy Act System of Records (DOI–10). In accordance with the Privacy Act (5 U.S.C. 552a(b)), the NPS is barred from releasing copies of records contained within IMARS, including but not limited to motor vehicle accident reports, without the prior written request and/or consent of the individual to whom the record pertains unless authorized under appropriate routine-use exceptions.

The purpose of the collection is to enable the NPS to respond to requests made under the FOIA and the Privacy Act of 1974 by locating applicable law enforcement case incident reports responsive to the request. Information includes sufficient personally identifiable information and/or source documents as applicable. The detailed personal information, to include the date/place of birth, as well as the requestor's Social Security Number, is needed to identify records unique to the requestor. Failure to provide the required information may result in the NPS being unable to take any action on the request.

The NPS uses Form 10–945, “Certification of Identity and Consent” to collect the minimal information necessary to verify the identity of first-party requesters and to document if and when they authorize the NPS to release their information to a third party. The form collects the following information to verify the identity of the requester:

- Full name of Requester;
- Case Number;
- Social Security Number;
- Current Address;
- Date of Birth; and
- Place of birth.

*Title of Collection:* Certification of Identity and Consent Form.

*OMB Control Number:* 1024–0280.

*Form Number:* NPS Form 10–945.

*Type of Review:* Extension of a currently approved collection.

*Description of Respondents:* Individuals requesting copies of law enforcement case incident reports maintained within the Department of Interior's IMARS.

*Total Estimated Number of Annual Respondents:* 2,000.

*Total Estimated Number of Annual Responses:* 2,000.

*Estimated Completion Time per Response:* 3 minutes.

*Total Estimated Number of Annual Burden Hours:* 100.

*Respondent's Obligation:* Required to obtain or retain a benefit.

*Frequency of Collection:* On occasion.

*Total Estimated Annual Nonhour Burden Cost:* None.

An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

**United States Section; Notice of  
Availability of the Final Environmental  
Assessment (EA) and Finding of No  
Significant Impact for the Continued  
Implementation of the River  
Management Plan for the Rio Grande  
Canalization Project**

**AGENCY:** United States Section,  
International Boundary and Water

Commission, United States and Mexico (USIBWC).

**ACTION:** Notice.

**SUMMARY:** Pursuant to Section 102(2)(c) of the National Environmental Policy Act of 1969; the Council on Environmental Quality Final Regulations, and the USIBWC Operational Procedures for Implementing Section 102 of NEPA, published in the **Federal Register** September 2, 1981, the USIBWC hereby gives notice that the *Final Environmental Assessment and Finding of No Significant Impact for the Continued Implementation of the River Management Plan for the Rio Grande Canalization Project* is available.

**FOR FURTHER INFORMATION CONTACT:**

Elizabeth Verdecchia, Natural Resources Specialist, USIBWC, 4191 N Mesa, C-100; El Paso, Texas 79902. Telephone: (915) 832-4701, Fax: (915) 493-2428, email: [Elizabeth.Verdecchia@ibwc.gov](mailto:Elizabeth.Verdecchia@ibwc.gov).

*Availability:* The electronic version of the Final EA is available on the USIBWC web page: [https://www.ibwc.gov/EMD/EIS\\_EA\\_Public\\_Comment.html](https://www.ibwc.gov/EMD/EIS_EA_Public_Comment.html).

**SUPPLEMENTARY INFORMATION:** The USIBWC prepared the EA to evaluate the environmental effects of continuing to implement the River Management Plan (RMP) for the Rio Grande Canalization Project (RGCP) in Sierra and Doña Ana Counties, New Mexico and El Paso County, Texas. The RMP covers sediment removal from the channel and lower end of tributary arroyos; vegetation management along channel banks, floodways, and levees; replacement of channel bank rip rap; maintenance of sedimentation/flood control dams in the tributary arroyos (since the construction of those dams in the early 1970s); maintenance of all RGCP infrastructure, including levee roads, bridges, and the American Diversion Dam; implementation of channel maintenance alternatives (CMAs) within the USIBWC right-of-way (ROW) as outlined in the RMP; and implementation/maintenance of habitat restoration sites. The EA evaluates potential impacts of seven alternatives, including the No Action Alternative. Under the Preferred Alternative, USIBWC would continue implementation of the RMP; designate up to 65 miles through the USIBWC ROW for the New Mexico Rio Grande Trail and Texas trails under USIBWC's lease program; conduct increased sediment removal; re-evaluate and construct additional CMAs potentially outside of the ROW; increase efforts to engage stakeholders through the

Sediment Control Initiative Federal Workgroup and stakeholder groups; and transfer up to 500 acres of unsuccessful restoration (either No-Mow Zone managed grasslands or habitat restoration) to areas outside of the USIBWC jurisdiction, via partnerships.

Potential impacts on natural, cultural, and other resources were evaluated. A Finding of No Significant Impact has been prepared for the Preferred Alternative based on a review of the facts and analyses contained in the EA. Notice of the Draft EA was published in the **Federal Register** on May 31, 2019 (**Federal Register** Notice, Vol. 84, No. 105, Page 25307); USIBWC extended the original thirty-five (35) day comment period an additional thirty-one (31) calendar days for a total of sixty-six (66) days. USIBWC modified the Preferred Alternative to incorporate public input. An environmental impact statement will not be prepared unless additional information which may affect this decision is brought to our attention within 30 days from the date of this Notice.

Dated: December 5, 2019.
