BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[Docket Number FRA-2019-0097]

Petition for Waiver of Compliance

Under part 211 of title 49 Code of Federal Regulations (CFR), this document provides the public notice that on November 7, 2019, the Monticello Railway Museum (MRMZ) petitioned the Federal Railroad Administration (FRA) for a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR part 230, Steam Locomotive Inspection and Maintenance Standards. FRA assigned the petition Docket Number FRA-2019-0097.

MRMZ maintains and operates Southern No. 401, a 2-8-0 "Consolidation" type steam locomotive built by the Baldwin Locomotive Works in 1907 for the Southern Railway.

Specifically, MRMZ requests relief from 49 CFR 230.16(a)(2), *Fifth annual inspection*, of flexible staybolts and caps, due in April 2020. Southern No. 401 typically operates 20 service days each year, one weekend of each month between May and October, pulling tourist trains on a 7.5-mile round trip. The locomotive received a new boiler in 2005 and was placed into service in September 2010. Because the first flue was installed in May 2005, the locomotive will be due for a 1,472 service day inspection (SDI) in May 2021 as set forth by 49 CFR 230.17, *One thousand four hundred seventy-two*

(1472) service day inspection. Southern No. 401 has accrued 100 service days since the previous fifth annual flexible staybolt inspection in 2015. Allowing the relief would add an estimated 20 service days to the locomotive before its next 1,472 SDI.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov and in person at the U.S. Department of Transportation's (DOT) Docket Operations Facility, 1200 New Jersey Ave. SE, W12-140, Washington, DC 20590. The Docket Operations Facility is open from 9 a.m. to 5 p.m., Monday through Friday, except Federal Holidays.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested parties desire an opportunity for oral comment and a public hearing, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

[Docket No. FRA-2020-0002]

Establishment of an Emergency Relief Docket for Calendar Year 2020

AGENCY: Federal Railroad Administration (FRA), Department of Transportation (DOT).

ACTION: Notice of establishment of public docket.

SUMMARY: This Notice announces the establishment of FRA's emergency relief docket (ERD) for calendar year 2020. The designated ERD for calendar year 2020 is docket number FRA-2020-0002.

ADDRESSES: See **SUPPLEMENTARY INFORMATION** section for further information regarding submitting petitions and/or comments to Docket No. FRA-2020-0002.

SUPPLEMENTARY INFORMATION: On May 19, 2009, FRA published a direct final rule establishing ERDs and the procedures for handling petitions for emergency waivers of safety rules, regulations, or standards during an emergency situation or event. 74 FR 23329. That direct final rule became effective on July 20, 2009 and made minor modifications to 49 CFR 211.45 in FRA's Rules of Practice in 49 CFR part 211. Section 211.45(b) provides that each calendar year FRA will establish an ERD in the publicly accessible DOT docket system (available at www.regulations.gov). Section 211.45(b) further provides that FRA will publish a notice in the **Federal Register** identifying by docket number the ERD for that year. FRA established the ERD and emergency waiver procedures to provide an expedited process for FRA to address the needs of the public and the railroad industry during emergency situations or events. This Notice announces the designated ERD for calendar year 2020 is docket number FRA-2020-0002.

As detailed in § 211.45, if the FRA Administrator determines an emergency event as defined in 49 CFR 211.45(a) has occurred, or that an imminent threat of

such an emergency occurring exists, and public safety would benefit from providing the railroad industry with operational relief, the emergency waiver procedures of 49 CFR 211.45 will go into effect. In such an event, the FRA Administrator will issue a statement in the ERD indicating the emergency waiver procedures are in effect and FRA will make every effort to post the statement on its website at www.fra.dot.gov. Any party desiring relief from FRA regulatory requirements as a result of the emergency should submit a petition for emergency waiver under 49 CFR 211.45(e) and (f). Specific instructions for filing petitions for emergency waivers under 49 CFR 211.45 are found at 49 CFR 211.45(f). Specific instructions for filing comments in response to petitions for emergency waivers are at 49 CFR 211.45(h).

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[Docket Number FRA-2008-0045]

Petition for Waiver of Compliance

Under part 211 of title 49 Code of Federal Regulations (CFR), this provides the public notice that on October 11, 2019, the Long Island Rail Road (LIRR) petitioned the Federal Railroad Administration (FRA) for a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR part 222, Use of Locomotive Horns at Public Highway-

Rail Grade Crossings. FRA assigned the petition Docket Number FRA-2008-0045.

LIRR requested to extend its waiver of the requirement in § 222.21(a), which requires that a railroad sound its locomotive horn in a specific manner (two long, one short, and one long blast) as it approaches and enters public highway-rail grade crossings. Specifically, LIRR requested that FRA continue to allow it to sound one short blast when departing from 22 train stations identified in LIRR's initial February 6, 2008 waiver request (FRA-2008-0045-0001). The original waiver granted by FRA included 23 stations; however, one of those stations (Little Neck) has since been included in a designated quiet zone, and therefore is not part of this extension request. All of these 22 stations are located in close proximity to public highway-rail grade crossings.

LIRR noted in its initial request, as well as in its first extension request on October 16, 2013, that the waiver was in the public interest and was consistent with railroad safety. As there have been no materially changed circumstances since the waiver commenced, LIRR now requests that the waiver be extended.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov and in person at the U.S. Department of Transportation's (DOT) Docket Operations Facility, 1200 New Jersey Ave. SE, W12-140, Washington, DC 20590. The Docket Operations Facility is open from 9 a.m. to 5 p.m., Monday through Friday, except Federal Holidays.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested parties desire an opportunity for oral comment and a public hearing, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

Petition for Special Approval of Alternative Compliance

Under part 211 of title 49 Code of Federal Regulations (CFR) and 49 CFR 238.21, this provides the public notice that on October 16, 2019, the California Department of Transportation (Caltrans) petitioned the Federal Railroad Administration (FRA) for a special approval of alternative compliance pursuant to the requirements in 49 CFR part 238, Passenger Equipment Safety Standards. FRA assigned the petition Docket Number FRA-2019-0085.

Specifically, Caltrans seeks relief from 49 CFR 238.135(b), which requires that all passenger train exterior side doors and trap doors must be closed when a train is in motion between stations. Caltrans seeks special approval of alternative compliance to allow variations in the operating of boarding stair trap doors for its fleet of single-level coach, cab cars and café/vending cars built by Siemens, due to the cars' unique construction.
