

Paperwork Reduction Act is not required.

10. National Environmental Policy Act (NEPA) of 1969

This rule does not constitute a major Federal Action significantly affecting the quality of the human environment. A detailed statement under the National Environmental Policy Act of 1969 (NEPA) is not required because the rule is covered by a categorical exclusion. This rule meets the criteria set forth in 43 CFR 46.210(i), 516 Departmental Manual 15.4C(1), and the BSEE Interim NEPA Policy Document 2013–09, for a categorical exclusion. The rule's administrative effects are to exempt CMS from certain provisions of the Privacy Act pursuant to 5 U.S.C. 552a(k)(2) because of civil and administrative law enforcement requirements and therefore would not have any environmental impacts. BSEE also analyzed this rule to determine if it involves any of the extraordinary circumstances set forth in 43 CFR 46.215 that would require an environmental assessment or an environmental impact statement for actions otherwise eligible for a categorical exclusion. BSEE concluded that this rule does not meet any of the criteria for extraordinary circumstances.

11. Data Quality Act

In developing this rule, there was no need to conduct or use a study, experiment, or survey requiring peer review under the Data Quality Act (Pub. L. 106–554).

12. Effects on Energy Supply (E.O. 13211)

This rule is not a significant energy action under the definition in Executive Order 13211, and it is not likely to have a significant adverse effect on the supply, distribution, or use of energy. A Statement of Energy Effects is not required.

13. Clarity of This Regulation

We are required by Executive Order 12866 and 12988, the Plain Writing Act of 2010 (H.R. 946), and the Presidential Memorandum of June 1, 1998, to write

all rules in plain language. This means each rule we publish must:

- Be logically organized;
- Use the active voice to address readers directly;
- Use clear language rather than jargon;
- Be divided into short sections and sentences; and
- Use lists and tables wherever possible.

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 27

[WT Docket No. 18–120]

Transforming the 2.5 GHz Band

AGENCY: Federal Communications Commission.

ACTION: Correcting amendments.

SUMMARY: The Federal Communications Commission (FCC or Commission) is

correcting final rules that appeared in the **Federal Register** on October 25, 2019. The published rules contained language stating that certain rules were not currently effective, because the FCC was awaiting Paperwork Reduction Act approval from the Office of Management and Budget (OMB). In fact, OMB had previously granted Paperwork Reduction Act approval, and the language in question was unnecessary. By correcting these amendments, the FCC removes unnecessary rules.

DATES: Effective January 10, 2020.

FOR FURTHER INFORMATION CONTACT: John Schauble of the Wireless Telecommunications Bureau, Broadband Division, at (202) 418–0797 or John.Schauble@fcc.gov.
