- Respondents: Recipients of U.S. government funds appropriated to carry out the President's Emergency Plan for AIDS Relief (PEPFAR).
- Estimated Number of Respondents:
- Estimated Number of Responses: 1,100.
- Average Time per Response: 16 hours
- Total Estimated Burden Time: 17,600 hours.
 - Frequency: Annually.
- Obligation to Respond: Mandatory. We are soliciting public comments to permit the Department to:
- Evaluate whether the proposed information collection is necessary for the proper functions of the Department.
- Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the methodology and assumptions used.
- Enhance the quality, utility, and clarity of the information to be collected.
- Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Please note that comments submitted in response to this Notice are public record. Before including any detailed personal information, you should be aware that your comments as submitted, including your personal information, will be available for public review.

Abstract of Proposed Collection

The U.S. President's Emergency Plan for AIDS Relief (PEPFAR) was established through enactment of the United States Leadership Against HIV/ AIDS, Tuberculosis, and Malaria Act of 2003 (Pub. L. 108-25), as amended by the Tom Lantos and Henry J. Hyde United States Global Leadership Against HIV/AIDS, Tuberculosis, and Malaria Reauthorization Act of 2008 (Pub. L. 110-293) (HIV/AIDS Leadership Act), as amended and reauthorized for a third time by the PEPFAR Extension Act of 2018 (Pub. L. 115–305) to support the global response to HIV/AIDS. In order to improve program monitoring, PEPFAR added reporting of expenditures by program area to the current routine reporting of program results for the annual report. Data are collected from implementing partners in countries with PEPFAR programs using a standard tool (DS-4213) via an electronic web-based interface into which users upload data. This expenditures data is analyzed by partner for all PEPFAR program areas. These analyses then feed into partner and program reviews at the country

level for monitoring and evaluation on an ongoing basis. Summaries of these data provide key information about program costs under PEPFAR on a global level. Applying expenditure results will improve strategic budgeting, identification of efficient means of delivering services, accuracy in defining program targets, and will inform allocation of resources to ensure the program is accountable and using public funds for maximum impact.

Methodology

Data will continue to be collected in a web-based interface available to all partners receiving funds under PEPFAR. After implementing Expenditure Reporting since 2012, we learned that implementing partners (IPs) prefer the excel template (DS-4213) based data collection process. The requirements in the excel template have been reduced with IP input to only request critical information. By being able to download a template, prime IPs responsible to complete the submission are more effectively able to collaborate quickly with other key personnel and coordinate with their subrecipients to enter the data for the full amount of PEPFAR funding expended during the prior fiscal year. This approach also proves helpful where internet connectivity is not strong. After completing the excel template, IPs upload the data to an automated system that further checks the data entered for quality and completeness. Automated checks reduce the time needed by IPs to complete the data cleaning process. Aggregate data is available in a central system for analysis.

Federal Aviation Administration

[Docket No. FAA-2019-0755]

Agency Information Collection Activities: Requests for Comments; Clearance of a Renewed Approval of Information Collection: Alternative Pilot Physical Examination and **Education Requirements**

AGENCY: Federal Aviation Administration (FAA), DOT. **ACTION:** Notice and request for

comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request Office of Management and Budget (OMB) approval to renew an information collection. The Federal Register Notice with a 60-day comment period soliciting comments on the following collection of information was published on September 26, 2019. Section 2307 of the Federal Aviation Administration Extension, Safety, and Security Act of 2016 (FESSA), Medical Certification of Certain Small Aircraft Pilots, directed the FAA to "issue or revise regulations to ensure that an individual may operate as pilot in command of a covered aircraft" without having to undergo the medical certification process prescribed by FAA regulations if the pilot and aircraft meet certain prescribed conditions as outlined in FESSA. This collection enables those eligible airmen to establish their eligibility with the FAA.

DATES: Written comments should be submitted by February 13, 2020.

ADDRESSES: Interested persons are invited to submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget. Comments should be addressed to the attention of the Desk Officer, Department of Transportation/FAA, and sent via electronic mail to oira submission@omb.eop.gov, or faxed to (202) 395-6974, or mailed to the Office of Information and Regulatory Affairs, Office of Management and Budget, Docket Library, Room 10102, 725 17th Street NW, Washington, DC 20503.

FOR FURTHER INFORMATION CONTACT:

Bradley C. Zeigler by email at: bradley.c.zeigler@faa.gov; phone: 202-267-9601.

SUPPLEMENTARY INFORMATION:

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) Whether the proposed collection of information is necessary for FAA's performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

OMB Control Number: 2120-0770. Title: Alternative Pilot Physical **Examination and Education** Requirements.

Form Numbers: FAA forms 8700-2 and 8700-3.

Type of Review: Renewal. Background: The Federal Register Notice with a 60-day comment period soliciting comments on the following collection of information was published on September 26, 2019 (84 FR 50877). The FAA will use this information to determine that individual pilots have met the requirements of section 2307 of Public Law 114–190. It is important for the FAA to know this information as the vast majority of pilots conducting operations described in section 2307 of Public Law 114–190 must either hold a valid medical certificate or be conducting operations using the requirements of section 2307 as an alternative to holding a medical certificate.

The FAA published a final rule, Alternative Pilot Physical Examination and Education Requirements, to implement the provisions of section 2307, on January 11, 2017.

Respondents: Approximately 50,000 individuals.

Frequency: Course: Once every two years; medical exam: Once every four years.

Estimated Average Burden per Response: 21 minutes.

Estimated Total Annual Burden: 17.500 hours.

Issued in Washington, DC, on January 8, 2020.

SUPPLEMENTARY INFORMATION:

Background

I. Legal Basis

FMCSA has authority under 49 U.S.C. 31136(e) and 31315 to grant exemptions from certain parts of the Federal Motor Carrier Safety Regulations (FMCSRs). FMCSA is required to publish notice of exemption requests in the Federal **Register** (49 U.S.C. 31315(b)(6)(A)). This notice seeks public comment on the request posted to the docket referred to above; the Agency takes no position on its merits. FMCSA will review the request and all comments submitted to the docket before deciding whether to grant or deny the exemption.

II. Application for Exemption

Under 49 CFR 390.21, commercial motor vehicles must display the legal name or single trade name of the motor carrier operating the vehicle and the USDOT identification number assigned to that motor carrier. For motor carriers operating interchanged passengercarrying vehicles, the requirements of section 390.21(b)(3) are satisfied if the vehicle is marked with a single placard, sign, or other device affixed to the right (curb) side of the vehicle on or near the front passenger door. The placard, sign, or device must display the legal name or a single trade name of the motor carrier operating the CMV and the motor carrier's USDOT number, preceded by the words "Operated by."

Adirondack Trailways, Pine Hill Trailways, and New York Trailways combined operate approximately 130 motorcoaches using approximately 124 drivers in intercity bus service. The three commonly owned passenger services interchange buses and drivers frequently each year. Additionally, Adirondack Trailways is party to longstanding agreements for through service with various carriers and for revenue pooling with Greyhound Lines, Inc.

The applicants explained that the frequency with which motorcoaches are involved in interchange arrangements
