

operators of existing and new or modified OCS sources. These respondents must prepare permit applications and, after receiving their permits, conduct testing, monitoring, recordkeeping and reporting as required by their permits. The recordkeeping and reporting requirements are necessary so that the EPA can determine whether these sources are meeting all the requirements that apply to them. The EPA has delegated the authority to implement and enforce the OCS regulations for sources located off the coast of California to four local air pollution control agencies, and for sources located off a portion of the Atlantic Coast to three state agencies. These agency respondents must review sources' permit applications and reports, issue permits, observe performance tests and conduct inspections to ensure that the sources are meeting all the requirements that apply to them. Section 176(c) of the CAA (42 U.S.C. 7401 *et seq.*) requires that all federal actions conform with the State Implementation Plans to attain and maintain the National Ambient Air Quality Standards.

Depending on the type of action, the federal entities must collect information themselves, hire consultants to collect the information or require applicants/sponsors of the federal action to provide the information.

The type and quantity of information required will depend on the circumstances surrounding the action. First, the entity must make an applicability determination. If the source is located within 25 miles of the state's seaward boundary as established in the regulations, the requirements are the same as those that would be applicable if the source were located in the corresponding onshore area. Sources locating beyond 25 nautical miles from the state seaward boundary are subject to federal air quality requirements which could include the EPA's PSD preconstruction permit program, Part 71 Title V operating permit program, New Source Performance Standards and some standards for Hazardous Air Pollutants promulgated under section 112 of the CAA. State and local air pollution control agencies are usually requested to provide information concerning regulation of offshore sources and are provided opportunities to comment on the proposed determinations. The public is also provided an opportunity to comment on the proposed determinations.

Form numbers: None.

Respondents/affected entities: Entities potentially affected by this action are those that must apply for and obtain an

OCS permit pursuant the OCS permit program. In addition, state and local agencies that have been delegated authority to implement and enforce the OCS permit program, which must review permit applications and issue permits, are affected entities.

Respondent's obligation to respond: Mandatory [see 40 CFR part 55].

Estimated number of respondents: 29 industrial facilities and 7 state and local permitting agencies.

Frequency of response: On occasion, as necessary.

Total estimated burden: 20,223 hours (per year). Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$1,876,567 (per year). This includes \$21,496 annually in Operation and Maintenance costs.

Changes in estimates: There is a decrease of 6,707 hours in the total estimated respondent burden compared with the ICR most recently approved by OMB. This decrease is primarily due to a decrease in the projected number of OCS sources subject to the program.

Dated: January 9, 2020.

Scott Mathias,

Acting Director, Air Quality Policy Division.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OECA-2012-0978; FRL-10004-17-OECA]

Access by United States Environmental Protection Agency (EPA) Subcontractor to Information Claimed as Confidential Business Information (CBI) Submitted Under Clean Air Act (CAA), Title I, Programs and Activities Air, and Title II Emission Standards for Moving Sources, and Act To Prevent Pollution From Ships (APPS)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The United States Environmental Protection Agency's (EPA's) Office of Enforcement and Compliance Assurance (OECA) plans to authorize a subcontractor to access information that will be submitted to EPA under the Clean Air Act (CAA) Titles I and II and the Act to Prevent Pollution from Ships (APPS) that may be claimed as, or may be determined to be, confidential business information (CBI).

DATES: Comments must be received on or before January 21, 2020. The

subcontractors' access to information collected under the CAA Titles I and II, and the APPS, will begin on January 21, 2020.

ADDRESSES: You may send comments, identified by Docket ID No. EPA HQ-OECA-2012-0978, by any of the following methods:

- *Federal eRulemaking Portal:* <https://www.regulations.gov/> (our preferred method). Follow the online instructions for submitting comments.

- *Email:* docket.oeca@epa.gov. Include Docket ID No. EPA-HQ-OECA-2012-0978 in the subject line of the message.

Instructions: All submissions received must include the Docket ID No. for this rulemaking. Comments received may be posted without change to <https://www.regulations.gov/>, including any personal information provided.

FOR FURTHER INFORMATION CONTACT:

Jeffrey Kimes, Air Enforcement Division, Office of Enforcement and Compliance Assurance (Mail Code 8MSU), Environmental Protection Agency, 1595 Wynkoop St., Denver, CO 80202; telephone number: (303) 312-6445; fax number (303) 312-7208; email address: kimes.jeffrey@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Does this notice apply to me?

This action is directed to the general public. However, this action may be of particular interest to certain parties, including: Motor vehicle manufacturers and importers; engine manufacturers and importers; motor vehicle fuel and fuel additive producers and importers; manufacturers, importers and distributors of motor vehicle and engine emission control equipment and parts; and any other parties subject to the regulations found in 40 CFR parts 79, 80, 85, 86, 89-92, 94, 1033, 1036, 1037, 1039, 1042, 1043, 1045, 1048, 1051, 1054, 1060, 1065, and 1068.

This **Federal Register** document may be of particular relevance to parties that have submitted data to EPA under the above-listed regulations. Because other parties may also be interested, EPA has not attempted to describe all the specific parties that may be affected by this action. If you have further questions regarding the applicability of this action to a particular party, please contact the person listed in **FOR FURTHER INFORMATION CONTACT**.

II. How can I get copies of this document and other related information?

A. Electronically

EPA has established a public docket for this **Federal Register** document

under Docket ID No. EPA–HQ–OECA–2012–0978.

All documents in the docket are identified in the docket index available at <http://www.regulations.gov>. Although listed in the index, some information is not publicly available, such as CBI or other information for which disclosure is restricted by statute. Certain materials, such as copyrighted material, will only be available in hard copy at the EPA Docket Center.

B. EPA Docket Center

Materials listed under Docket ID No. EPA–HQ–OECA–2012–0978 will be available for public viewing at the EPA Docket Center (EPA/DC), EPA West, Room 3334, 1301 Constitution Avenue NW, Washington, DC 20460. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is (202) 566–1744, and the telephone number for the Air Docket is (202) 566–1742.

III. Description of Programs and Potential Disclosure of Information Claimed as CBI to Contractors.

EPA's OECA has responsibility for protecting public health and the environment by regulating air pollution from motor vehicles, engines, and the fuels used to operate them, and by encouraging travel choices that minimize emissions. In order to implement various Clean Air Act programs, and to give regulated entities flexibility in meeting regulatory requirements (e.g., compliance on average), OECA collects compliance reports and other information from the regulated industry. Occasionally, the information submitted to, or obtained by, EPA, is claimed to be CBI by persons submitting data to EPA. Information submitted under such a claim is handled in accordance with EPA's regulations at 40 CFR part 2, subpart B, and in accordance with EPA procedures that are consistent with those regulations. When EPA has determined that disclosure of information claimed as CBI to EPA contractors or subcontractors is necessary, the corresponding contract must address the appropriate use and handling of the information by the EPA contractor and subcontractor and the EPA contractor and subcontractor must require its personnel who require access to information claimed as CBI to sign written non-disclosure agreements before they are granted access to data.

On May 29, 2019, EPA provided notice in the **Federal Register** of, and an opportunity to comment on, EPA's

determination that subcontractors to EPA contractor Eastern Research Group, Incorporated, (ERG) 14555 Avion Parkway, Suite 200, Chantilly, VA 20151, required access to CBI submitted to EPA under section 114 of the CAA, section 208 of the CAA, and the APPS for the work ERG subcontractors would be conducting under Contract Number 68HERH19C0004. See Access by United States Environmental Protection Agency (EPA) Subcontractors to Information Claimed as Confidential Business Information (CBI) Submitted under Clean Air Act (CAA), Title I, Programs and Activities Air, and Title II Emission Standards for Moving Sources, and Act To Prevent Pollution From Ships (APPS), 84 **Federal Register** 103 (May 29, 2019). In accordance with 40 CFR 2.301(h), EPA has now determined that the subcontractor Blum, Shapiro and Company, P.C. (Blum Shapiro) also requires access to CBI submitted to EPA under section 114 of the CAA, section 208 of the CAA, and the APPS, and we are providing notice and an opportunity to comment on Blum Shapiro's access to information claimed as CBI. OECA collects this data in order to monitor compliance with regulations promulgated under the CAA Title II Emission Standards for Moving Sources, the APPS, and the International Convention for the Prevention of Pollution from Ships (MARPOL), Annex VI. We are issuing this **Federal Register** document to inform all affected submitters of information that we plan to grant access to material that may be claimed as CBI to the subcontractor Blum Shapiro on a need-to-know basis.

Under Contract Number 68HERH19C0004, ERG provides enforcement support for EPA's CAA mobile source regulatory and enforcement activities, including field inspections, investigations, audits, and other CAA regulatory and enforcement support that involve access to information claimed as CBI. ERG also employs subcontractors, who support these activities, under the above-listed contract. The subcontractor Blum Shapiro requires access to information claimed as CBI to support EPA enforcement activities described above. Access to data, including information claimed as CBI, will commence six days after the date of publication of this document in the **Federal Register**, and will continue until March 1, 2024. If the contract and associated subcontracts are extended, this access will continue for the remainder of the ERG contract without further notice. If the contract expires prior to March 1, 2024, the access will cease at that time. If ERG

employs additional subcontractors to support EPA on a regular basis or on a limited or one-time basis under the above-listed contract, and those subcontractors require access to CBI, EPA will notify affected companies of the contemplated disclosure and provide them with an opportunity to comment by either sending them a letter or by publishing an additional document in the **Federal Register**.

Parties who wish to obtain further information about this **Federal Register** document, or about OECA's disclosure of information claimed as CBI to subcontractors, may contact the person listed under **FOR FURTHER INFORMATION CONTACT**.

Dated: December 20, 2019.

Phillip A. Brooks,

Director, Air Enforcement Division.
