

General description of report: From the universe of finance companies identified by the FR 3033p, a sample of finance companies will be invited to fill out FR 3033s. From these finance companies, the FR 3033s survey collects balance sheet data on major categories of consumer and business credit receivables and major liabilities. In addition, the survey may be used to gather information on topics that are pertinent to increasing the Federal Reserve's understanding of the finance companies.

Proposed revisions: The Board proposes to revise the FR 3033p to improve the accuracy of identifying finance companies, improve response rates, and simplify the form overall; the FR 3033s is not being revised in this submission. The proposed FR 3033p revisions, which would be effective for the May 2020 survey date, include:

- Revising the questionnaire title to “2020 Census of Finance Companies and Other Lenders” for clarity. Responses from past rounds of surveys indicated that some respondents might not view themselves as finance companies, even though they are likely to be a target of interest by the survey definition.
- Revising general instructions at the beginning of the survey for clarity.
- Renumbering questions as needed to conform to revisions and to improve clarity. As a result, the FR 3033p will have seven questions instead of eleven.
- Clarifying the “No” option in question 1 to read “My company or I do not make loans or leases (in person or online)” so that an early exit is offered to recipients who have likely received the survey form by mistake.
- Revising the “Other” option in question 1 to have two choices: “Sold” and “Not in business”.
- Simplifying question 3 to a yes/no question.
- Revising the wording in question 4 to read “Business loans and leases” and “Consumer loans and leases”.

Definitions for these terms are incorporated into the answer choices.

- Deleting question 5. This question asks about the types of credit or financing that a company offers. It has five parts with multiple choices available for selection. This question was first added to the 2015 census, and the responses showed little value. The burden seems relatively high, especially given the lack of value.

- Revising question 11 and renumbering as question 7. Explicit categories for contact information are created, such as name of person completing the survey and title of the person. City, state, and zip code

information are asked in separate categories.

- Adding a check box at the end of the questionnaire to offer respondents an opportunity to receive the results of the survey. This is a way to encourage participation and improve survey response.

Legal authorization and confidentiality: The FR 3033 is authorized pursuant to sections 2A and 12A of the Federal Reserve Act (“FRA”). Section 2A of the FRA requires that the Board and the Federal Open Market Committee (“FOMC”) “maintain long run growth of the monetary and credit aggregates commensurate with the economy’s long run potential to increase production, so as to promote effectively the goals of maximum employment, stable prices, and moderate long-term interest rates” (12 U.S.C. 225a). Under section 12A of the FRA, the FOMC is required to implement regulations relating to the open market operations conducted by Federal Reserve Banks “with a view to accommodating commerce and business and with regard to [their] bearing upon the general credit situation of the country” (12 U.S.C. 263). Information collected from the FR 3033 is used to fulfill these obligations.

The information collected pursuant to the FR 3033 may be treated as confidential pursuant to exemption 4 of the Freedom of Information Act, 5 U.S.C. 552(b)(4), which protects “trade secrets and commercial or financial information obtained from a person [that is] privileged or confidential.”

Consultation outside the agency: For the renewal of this information collection, the Board consulted with OpenCorporates, Competiscan, Zoominfo, Melissa Data, and Infogroup to identify companies as potential respondents for the census.
