SUPPLEMENTARY INFORMATION: This ICR seeks approval under the PRA for revisions to the Trade Adjustment Assistance (TAA) Efforts to Improve Outcomes. TAA Efforts to Improve Outcomes is a data collection and reporting system that supplies critical information on the operation of the TAA program and the outcomes for its participants. Information is required to be collected by state, and is used by local, state, and federal agencies to (1) report program management information to Congress and other Federal agencies, and (2) to improve the effectiveness of job training programs. This information collection is a revision, because the collection is being modified significantly as to no longer require the submission of individual participant records under the Trade Activity Participant Report (TAPR). In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1205-0392. The current approval is scheduled to expire on January 30, 2020; however, the DOL notes that existing information collection requirements submitted to the OMB will receive a month-to-month extension while they undergo review. New requirements would only take effect upon OMB approval. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on September 25, 2019 (84 FR 50475).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within thirty (30) days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1205-0392. The OMB is particularly interested in comments that:
