Title: Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery.

OMB Control No.: 1557–0248.

Type of Review: Regular.

Affected Public: Businesses or individuals.

Frequency of Response: On occasion.

Burden Estimate:

Number of Respondents: 7,025.

Total Annual Burden: 2,850.

Description: This generic information collection request (ICR) provides a means to solicit qualitative customer and stakeholder feedback in an efficient, timely manner, in accordance with the Federal government's commitment to improving service delivery. Qualitative feedback is information that provides useful insights on perceptions and opinions but does not include statistical survey or quantitative results that can be attributed to the surveyed population. This qualitative feedback provides insights into customer or stakeholder perceptions, experiences, and expectations; provides an early warning of issues with service; and/or focuses attention on areas where communication, training, or changes in operations might improve delivery of products or services. It also enables ongoing, collaborative, and actionable communications between the OCC and its customers and stakeholders, while also utilizing feedback to improve program management.

The OCC's solicitations for feedback target areas such as timeliness, appropriateness, accuracy of information, courtesy, efficiency of service delivery, and resolution of issues related to service delivery. The OCC uses the responses to inform and plan efforts to improve or maintain the quality of service offered to the public. If the OCC does not collect this information, it will not have access to vital feedback from customers and stakeholders.

Under this generic ICR, the OCC will submit a specific information collection for approval only if the collection meets the following conditions:

- It is voluntary;
- It imposes a low burden on respondents (based on considerations of total burden hours, total number of respondents, or burden-hours per respondent) and a low cost on both respondents and the Federal government;

¹ On November 5, 2019, the OCC published a 60-day notice for this information collection, 84 FR 59674.

- It is non-controversial and does not raise issues of concern to other Federal agencies;
- It is targeted to solicit opinions from respondents who have experience with the program or will have experience with the program in the near future;
- It includes personally identifiable information (PII) only to the extent necessary, and the OCC does not retain the PII;²
- It gathers information intended to be used internally only for general service improvement and program management purposes and not intended for release outside of the OCC;
- It does not gather information to be used for the purpose of substantially informing influential policy decisions;
- It gathers information that will yield qualitative information and will not be designed or expected to yield statistically reliable results or used to reach general conclusions about the surveyed population; and
- Feedback collected provides useful information, but it does not yield data that can be attributed to the overall population.

If these conditions are not met, the OCC will submit an information collection request to OMB for approval through the normal PRA process.

The OCC will not use this type of generic clearance for the collection of qualitative feedback for any quantitative information collection.

As a general matter, these information collections will not result in any new system of records containing privacy information and will not ask questions of a sensitive nature.

Comments: On November 5, 2019, the OCC issued a notice for 60 days of comment concerning this collection, 84 FR 59674. No comments were received. Comments continue to be invited on:

(a) Whether the collection of information is necessary for the proper performance of the functions of the

OCC, including whether the information has practical utility;

(b) The accuracy of the OCC's estimate of the burden of the information collection;

(c) Ways to enhance the quality, utility, and clarity of the information to be collected;

(d) Ways to minimize the burden of the collection on respondents, including through the use of automated collection techniques or other forms of information technology; and

(e) Estimates of capital or start-up costs and costs of operation, maintenance, and/or purchase of services expended to provide information.

Dated: January 16, 2020.

Theodore J. Dowd,

Deputy Chief Counsel, Office of the Comptroller of the Currency.

BILLING CODE 4810-33-P

DEPARTMENT OF VETERANS AFFAIRS

Reimbursement for Caskets and Urns for Burial of Unclaimed Remains in a National Cemetery or a VA-Funded State or Tribal Veterans' Cemetery

AGENCY: Department of Veterans Affairs.

ACTION: Notice.

SUMMARY: The Department of Veterans Affairs (VA) is updating the monetary reimbursement rates for caskets and urns purchased for the interment in a VA national cemetery or a VA-funded state or tribal veterans' cemetery of Veterans who die with no known next of kin and where there are insufficient resources for furnishing a burial container. The purpose of this notice is to notify interested parties of the rates that will apply to reimbursement claims that occur during calendar year (CY) 2020.

FOR FURTHER INFORMATION CONTACT: Jerry Sowders, National Cemetery Administration, Department of Veterans Affairs, 4850 Lemay Ferry Road, Saint Louis, MO 63129. Telephone: (314) 461-6216 (this is not a toll-free number).

SUPPLEMENTARY INFORMATION: Section 2306(f) of title 38, United States Code, authorizes VA National Cemetery Administration (NCA) to furnish a casket or urn for interment in a VA national cemetery or a VA-funded state or tribal veterans' cemetery of the unclaimed remains of Veterans for whom VA cannot identify a next of kin and determines that sufficient financial resources for the furnishing of a casket or urn for burial are not available. VA implemented regulations to administer this authority as a reimbursement benefit in section 38.628 of title 38, Code of Federal Regulations.

Reimbursement for a claim received in any CY will not exceed the average cost of a 20-gauge metal casket or a durable plastic urn during the fiscal year (FY) preceding the CY of the claim. Average costs are determined by market analysis for 20-gauge metal caskets, designed to contain human remains, with a gasketed seal, and external rails or handles. The same analysis is completed for durable plastic urns, designed to contain human remains, which include a secure closure to contain the cremated remains.

Using this method of computation, in FY 2019, the average costs for caskets were determined to be \$1,903 for caskets and \$149 for urns. Accordingly, the maximum reimbursement rates payable for qualifying interments occurring during CY 2020 are \$1,903 for caskets and \$149 for urns.
