

**FOR FURTHER INFORMATION CONTACT:** Any member of the public wishing to obtain information concerning these public meetings may contact Mr. Aaron Yeow, Designated Federal Officer (DFO), at (202) 564-2050 or at [yeow.aaron@epa.gov](mailto:yeow.aaron@epa.gov). General information about the CASAC, as well as any updates concerning the meetings announced in this notice, may be found on the CASAC website at <http://www.epa.gov/casac>.

**SUPPLEMENTARY INFORMATION:**

**Background:** The Clean Air Scientific Advisory Committee (CASAC) was established under section 109(d)(2) of the Clean Air Act (CAA or Act) (42 U.S.C. 7409) as an independent scientific advisory committee. The CASAC provides advice, information and recommendations on the scientific and technical aspects of air quality criteria and the National Ambient Air Quality Standards (NAAQS). The CASAC shall also: Advise the EPA Administrator of areas in which additional knowledge is required to appraise the adequacy and basis of existing, new, or revised NAAQS; describe the research efforts necessary to provide the required information; advise the EPA Administrator on the relative contribution to air pollution concentrations of natural as well as anthropogenic activity; and advise the EPA Administrator of any adverse public health, welfare, social, economic, or energy effects which may result from various strategies for attainment and maintenance of such NAAQS. The CAA requires that the Agency, at five-year intervals, review and revise, as appropriate, the air quality criteria and the NAAQS for the six "criteria" air pollutants, including ozone. EPA is currently reviewing the NAAQS for ozone.

The CASAC is a Federal Advisory Committee chartered under the Federal Advisory Committee Act (FACA), 5 U.S.C., App. 2. The Chartered CASAC will comply with the provisions of FACA and all appropriate SAB Staff Office procedural policies. Pursuant to FACA and EPA policy, notice is hereby given that the Chartered CASAC will hold a public meeting to discuss their Draft Report on EPA's *Integrated Science Assessment for Ozone and Related Photochemical Oxidants* (*External Review Draft—September 2019*) and their Draft Report on EPA's *Policy Assessment for the Review of the Ozone National Ambient Air Quality Standards* (*External Review Draft*).

**Technical Contacts:** Any technical questions concerning EPA's *Integrated Science Assessment for Ozone and Related Photochemical Oxidants*

(*External Review Draft—September 2019*) should be directed to Dr. Tom Luben ([luben.tom@epa.gov](mailto:luben.tom@epa.gov)) and Dr. Meredith Lassiter ([lassiter.meredith@epa.gov](mailto:lassiter.meredith@epa.gov)). Any technical questions concerning EPA's *Policy Assessment for the Review of the Ozone National Ambient Air Quality Standards* (*External Review Draft*) should be directed to Dr. Deirdre Murphy ([murphy.deirde@epa.gov](mailto:murphy.deirde@epa.gov)).

**Availability of Meeting Materials:** Prior to the meeting, the review documents, agenda and other materials will be accessible through the calendar link on the blue navigation bar at <http://www.epa.gov/casac/>.

**Procedures for Providing Public Input:** Public comment for consideration by EPA's federal advisory committees and panels has a different purpose from public comment provided to EPA program offices. Therefore, the process for submitting comments to a federal advisory committee is different from the process used to submit comments to an EPA program office. Federal advisory committees and panels, including scientific advisory committees, provide independent advice to EPA. Members of the public can submit relevant comments on the topic of this advisory activity, including the charge to the CASAC and the EPA review documents, and/or the group conducting the activity, for the CASAC to consider as it develops advice for EPA. Input from the public to the CASAC will have the most impact if it provides specific scientific or technical information or analysis for CASAC to consider or if it relates to the clarity or accuracy of the technical information. Members of the public wishing to provide comment should follow the instructions below to submit comments.

**Oral Statements:** Individuals or groups requesting an oral presentation during the public meeting will be limited to three minutes. Each person making an oral statement should consider providing written comments as well as their oral statement so that the points presented orally can be expanded upon in writing. Interested parties should contact Mr. Aaron Yeow, DFO, in writing (preferably via email) at the contact information noted above by February 4, 2020, to be placed on the list of public speakers.

**Written Statements:** Written statements will be accepted throughout the advisory process; however, for timely consideration by CASAC members, statements should be supplied to the DFO (preferably via email) at the contact information noted above by February 4, 2020. It is the SAB Staff Office general policy to post

written comments on the web page for the advisory meeting or teleconference. Submitters are requested to provide an unsigned version of each document because the SAB Staff Office does not publish documents with signatures on its websites. Members of the public should be aware that their personal contact information, if included in any written comments, may be posted to the CASAC website. Copyrighted material will not be posted without explicit permission of the copyright holder.

**Accessibility:** For information on access or services for individuals with disabilities, please contact Mr. Aaron Yeow at (202) 564-2050 or [yeow.aaron@epa.gov](mailto:yeow.aaron@epa.gov). To request accommodation of a disability, please contact Mr. Yeow preferably at least ten days prior to each meeting to give EPA as much time as possible to process your request.

Dated: January 10, 2020.

**Khanna Johnston,**

*Deputy Director, EPA Science Advisory Staff Office.*

## ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OECA-2013-0301; FRL-10004-53-OMS]

### Information Collection Request Submitted to OMB for Review and Approval; Comment Request; NESHAP for Beryllium (Renewal)

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** The Environmental Protection Agency (EPA) has submitted an information collection request (ICR), NESHAP for Beryllium (EPA ICR Number 0193.13, OMB Control Number 2060-0092), to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act. This is a proposed extension of the ICR, which is currently approved through March 31, 2020. Public comments were previously requested via the **Federal Register** on May 6, 2019, during a 60-day comment period. This notice allows for an additional 30 days for public comments. A fuller description of the ICR is given below, including its estimated burden and cost to the public. An agency may neither conduct nor sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

**DATES:** Additional comments may be submitted either on or before February 26, 2020.

**ADDRESSES:** Submit your comments, referencing Docket ID Number EPA-HQ-OECA-2013-0301, to: (1) EPA online using [www.regulations.gov](http://www.regulations.gov) (our preferred method), or by email to [docket.oeca@epa.gov](mailto:docket.oeca@epa.gov), or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW, Washington, DC 20460; and (2) OMB via email to [oira\\_submission@omb.eop.gov](mailto:oira_submission@omb.eop.gov). Address comments to OMB Desk Officer for EPA.

EPA's policy is that all comments received will be included in the public docket without change, including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI), or other information whose disclosure is restricted by statute.

**FOR FURTHER INFORMATION CONTACT:** Patrick Yellin, Monitoring, Assistance, and Media Programs Division, Office of Compliance, Mail Code 2227A, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460; telephone number: (202) 564-2970; fax number: (202) 564-0050; email address: [yellin.patrick@epa.gov](mailto:yellin.patrick@epa.gov).

**SUPPLEMENTARY INFORMATION:** Supporting documents, which explain in detail the information that the EPA will be collecting, are available in the public docket for this ICR. The docket can be viewed online at [www.regulations.gov](http://www.regulations.gov), or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA's public docket, visit: <http://www.epa.gov/dockets>.

**Abstract:** The National Emission Standards for Hazardous Air Pollutants (NESHAP) for Beryllium (40 CFR part 61, subpart C) apply to all extraction plants, ceramic plants, foundries, incinerators, and propellant plants which process beryllium ore, beryllium, beryllium oxides, beryllium alloys, or beryllium-containing waste. All sources known to have either caused, or to have the potential to cause, dangerous levels of beryllium in the ambient air are covered by this standard. This information is being collected to assure compliance with 40 CFR part 61, subpart C. In general, all NESHAP standards require initial notifications, performance tests, and periodic reports by the owners/operators of the affected facilities. They are also required to

maintain records of the occurrence and duration of any startup, shutdown, or malfunction in the operation of an affected facility, or any period during which the monitoring system is inoperative. These notifications, reports, and records are essential in determining compliance, and are required of all affected facilities subject to NESHAP.

*Form Numbers:* None.

*Respondents/affected entities:* Facilities processing beryllium and its derivatives.

*Respondent's obligation to respond:* Mandatory (40 CFR part 61, subpart C).

*Estimated number of respondents:* 33 (total).

*Frequency of response:* Initially, occasionally, and monthly.

*Total estimated burden:* 2,670 hours (per year). Burden is defined as 5 CFR 1320.3(b).

*Total estimated cost:* \$344,000 (per year), which includes \$35,000 in annualized capital/startup and/or operation & maintenance costs.

*Changes in the Estimates:* There is no change in the labor hours or cost in this ICR compared to the previous ICR. This is due to two considerations. First, the regulations have not changed over the past three years and are not anticipated to change over the next three years. Secondly, the growth rate for the industry is very low, negative or non-existent, so there is no significant change in the overall burden.

**Courtney Kerwin,**

*Director, Regulatory Support Division.*

### Carbon Tetrachloride; Draft Toxic Substances Control Act (TSCA) Risk Evaluation and TSCA Science Advisory Committee on Chemicals (SACC) Meetings; Notice of Availability, Public Meetings, and Request for Comment

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** EPA is announcing the availability of and soliciting public comment on the draft Toxic Substances Control Act (TSCA) risk evaluation of carbon tetrachloride. EPA is also submitting the same document to the TSCA Science Advisory Committee on Chemicals (SACC) for peer review and

is announcing that there will be an in-person public meeting of the TSCA SACC to consider and review the draft risk evaluation. Preceding the in-person meeting, there will be a preparatory virtual public meeting for the panel to consider the scope and clarity of the draft charge questions for the peer review. The purpose of conducting risk evaluations under TSCA is to determine whether a chemical substance presents an unreasonable risk of injury to health or the environment under the conditions of use, including an unreasonable risk to a relevant potentially exposed or susceptible subpopulation.

**DATES: Virtual Meeting:** The preparatory virtual meeting will be held on February 4, 2020, from 1:00 p.m. to approximately 4:00 p.m. (EST). You must register online on or before February 4, 2020 to receive the webcast meeting link and audio teleconference information. Submit your comments for the preparatory virtual meeting, or request time to present oral comments, on or before noon, January 31, 2020.

**In-Person Meetings:** The in-person meeting will be held on February 25-26, 2020, from 9:00 a.m. to approximately 5:30 p.m. (EST) (final times for each day will be provided in the Meeting Agenda that will be posted). Any comments submitted on the draft risk evaluation on or before February 19, 2020, will be provided to the TSCA SACC committee for their consideration before the meeting. Comments received after February 19, 2020 and prior to the oral public comment period during the meeting will be available to the SACC for their consideration during the meeting. Please submit requests to present oral comments during the in-person meeting on or before February 19, 2020, to be included on the meeting agenda. All comments received by the end of the comment period will be considered by EPA.

**Comments:** All comments on the draft risk evaluation must be received on or before March 27, 2020. For additional instructions, see Unit III. of the **SUPPLEMENTARY INFORMATION.**

**ADDRESSES: Virtual Meeting:** Please visit <http://www.epa.gov/tsca-peer-review> to register.

**In-Person Meeting:** The location of the in-person meeting will be at the Holiday Inn Rosslyn, 1900 N Fort Myer Drive, Arlington, Virginia 22209.

**Comments.** Submit your comments, identified by docket identification (ID) number EPA-HQ-OPPT-2019-0499, by one of the following methods:

- **Federal eRulemaking Portal:** <http://www.regulations.gov>. Follow the online
