Steel Concrete Reinforcing Bar From the Republic of Turkey: Final Results of the Expedited First Sunset Review of the Countervailing Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of this expedited sunset review, the Department of Commerce (Commerce) finds that revocation of the countervailing duty order on steel concrete reinforcing bar

(rebar) from the Republic of Turkey (Turkey) would be likely to lead to continuation or recurrence of countervailable subsidies at the levels as indicated in the “Final Results of Sunset Review” section of this notice.

DATES: Applicable January 28, 2020.

FOR FURTHER INFORMATION CONTACT: Charlotte Baskin-Gerwitz, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-4880.

SUPPLEMENTARY INFORMATION:

Background

On November 6, 2014, Commerce published the countervailing duty order on rebar from Turkey in the **Federal Register**.¹ On October 1, 2019, Commerce published the notice of initiation of the first five-year (sunset) review of the *Order*, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).² On October 16, 2019, Commerce received a notice of intent to participate from the Rebar Trade Action Coalition (RTAC) and its individual members³ (collectively, the domestic interested parties), within the deadline specified in 19 CFR 351.218(d)(1)(i).⁴ The domestic interested parties claimed interested party status under section 771(9)(F) of the Act as an association, a majority of whose members are composed of interested parties within the meaning of section 771(9)(C)—a manufacturer of the domestic like product.⁵

On October 30, 2019, Commerce received adequate substantive responses

to the *Notice of Initiation* from the domestic interested parties and the Government of Turkey (GOT) within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i).⁶ Commerce received no substantive response from any respondent interested parties.

On November 22, 2019, Commerce notified the U.S. International Trade Commission (ITC) that it did not receive an adequate substantive response from respondent interested parties.⁷ Accordingly, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), Commerce conducted an expedited (120-day) sunset review of the *Order*.

Scope of the Order

The merchandise covered by the *Order* is steel concrete reinforcing bar imported in either straight length or coil form (rebar) regardless of metallurgy, length, diameter, or grade. The subject merchandise is classifiable in the Harmonized Tariff Schedule of the United States (HTSUS) primarily under item numbers 7213.10.0000, 7214.20.0000, and 7228.30.8010.

The subject merchandise may also enter under other HTSUS numbers including 7215.90.1000, 7215.90.5000, 7221.00.0015, 7221.00.0030, 7221.00.0045, 7222.11.0001, 7222.11.0057, 7222.11.0059, 7222.30.0001, 7227.20.0080, 7227.90.6085, 7228.20.1000, and 7228.60.6000. Specifically excluded are plain rounds (*i.e.*, non-deformed or smooth rebar). Also excluded from the scope is deformed steel wire meeting ASTM A1064/A1064M with no bar markings (*e.g.*, mill mark, size, or grade)

and without being subject to an elongation test. HTSUS numbers are provided for convenience and customs purposes; however, the written description of the scope remains dispositive.

Analysis of Comments Received

All issues raised in this sunset review are addressed in the Issues and Decision Memorandum, including the likelihood of continuation or recurrence of countervailable subsidies and the net countervailable subsidy likely to prevail if the order were revoked.⁸ The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Services System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>, and to all parties in the Central Records Unit in Room B8024 of the main Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://enforcement.trade.gov/frn/index.html>. The signed and electronic versions of the Issues and Decision Memorandum are identical in content. A list of the issues discussed in the decision memorandum is attached at the Appendix to this notice.

Diamond Sawblades and Parts Thereof From the People's Republic of China: Notice of Covered Merchandise Referral and Initiation of Scope Inquiry

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: Pursuant to the Enforce and Protect Act of 2015 (EAPA), the Department of Commerce (Commerce) received a covered merchandise referral from U.S. Customs and Border Protection (CBP) in connection with a CBP EAPA investigation concerning the antidumping duty order on diamond sawblades and parts thereof (diamond sawblades) from the People's Republic of China (China). In accordance with EAPA, Commerce intends to determine whether the merchandise subject to the referral is covered by the scope of this order and promptly transmit its determination to CBP. Commerce is providing notice of the referral and

inviting participation from interested parties.

DATES: Applicable January 28, 2020.

FOR FURTHER INFORMATION CONTACT: Yang Jin Chun, AD/CVD Operations, Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230, telephone: (202) 482-5760.

SUPPLEMENTARY INFORMATION:**Background**

On February 24, 2016, the Trade Facilitation and Trade Enforcement Act of 2015 was signed into law, which contains Title IV—Prevention of Evasion of Antidumping and Countervailing Duty Orders (short title “Enforce and Protect Act of 2015” or “EAPA”) (Pub. L. 114–125, 130 Stat. 122, 155, Feb. 24, 2016). Effective August 22, 2016, section 421 of the EAPA added section 517 to the Tariff Act of 1930, as amended (the Act), which establishes a formal process for CBP to investigate allegations of the evasion of antidumping duty and/or countervailing duty orders. Section 517(b)(4)(A) of the Act provides that if, during the course of an EAPA investigation, CBP is unable to determine whether the merchandise at issue is covered merchandise within the meaning of section 517(a)(3) of the Act, it shall refer the matter to Commerce to make such a determination. Section 517(a)(3) of the Act defines covered merchandise as merchandise that is subject to an antidumping duty order issued under section 736 of the Act or a countervailing duty order issued under section 706 of the Act. Section 517(b)(4)(B) of the Act states that Commerce, after receiving a covered merchandise referral from CBP, shall determine whether the merchandise is covered merchandise and promptly transmit its determination to CBP. The Act does not establish a deadline within which Commerce must issue its determination.

On September 26, 2019, Commerce received a covered merchandise referral from CBP regarding CBP EAPA Investigation No. 7250,¹ which concerns the antidumping duty order on diamond

sawblades from China. CBP explained that the petitioner's allegation involves diamond sawblades from China transshipped through Thailand and imported by Lyke Industrial Tool, LLC (Lyke). In response to the petitioner's allegation, CBP requested and obtained information from Lyke and Lyke's supplier of cores and segments, Like Tools Co. Ltd. (Like Thailand). CBP has requested that Commerce issue a determination as to whether the following categories of diamond sawblades are covered merchandise subject to the antidumping duty order:

Category 1: Core sourced from Thailand; segments from China; joined in Thailand.

Category 2: Core and segments both sourced from China; joined in Thailand.

Category 3: Core sourced from China; segments from Thailand; joined in Thailand.

In addition, on September 6, 2019, Lyke requested a scope ruling with respect to certain diamond sawblades that Lyke imported from Thailand.² Specifically, Lyke requested that Commerce determine whether diamond sawblades made by Like Thailand using Thai segments (regardless of the origin of the cores) are outside the scope of the antidumping duty order on diamond sawblades from China.³ On September 19, 2019, the petitioner filed a response letter in opposition to Lyke's scope request.⁴ We extended the time period for issuing a scope ruling or initiating a formal scope inquiry to January 21, 2020.⁵

Notification to Interested Parties

Commerce is hereby notifying interested parties that it has received the covered merchandise referral referenced above and will begin a new segment of the proceeding by initiating a scope inquiry concerning the merchandise imported by Lyke that were supplied by Like Thailand, in accordance with 19 CFR 351.225(b). Based on our finding in that scope inquiry, we intend to notify CBP as to whether the merchandise subject to the referral is covered merchandise within the meaning of
