

Estimated total number of potential respondents: 285 per year.

Frequency of response: On occasion.

Estimated total average number of responses for each respondent: 0.78 per year.

Estimated total annual burden hours: 40,089 hours.

Estimated total annual costs: \$3,067,546. This includes an estimated burden cost of \$3,067,546 and an estimated cost of \$0 for capital investment or maintenance and operational costs.

Burden statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average approximately 121 hours per response. Burden is defined in 5 CFR 1320.3(b).

III. Are there changes in the estimates from the last approval?

There is decrease of 26,861 hours in the total estimated respondent burden compared with that identified in the ICR currently approved by OMB. This decrease reflects EPA's expectation of decreased submissions. In the previous ICR period, the rule required an initial one-time reporting on current nanomaterials, while the reporting covered in this period only requires the reporting of new nanomaterials. Furthermore, burden estimates assume that the same manufacturers will report each year and, therefore, will have already undertaken rule familiarization in the previous ICR period. Wage rates were also updated to reflect 2018 dollars. This change is an adjustment in estimates.

IV. What is the next step in the process for this ICR?

EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR 1320.12. EPA will issue another **Federal Register** document pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the technical person listed under **FOR FURTHER INFORMATION CONTACT**.

SUPPLEMENTARY INFORMATION: Section 7A of the Clayton Act, 15 U.S.C. 18a, as added by the Hart-Scott-Rodino Antitrust Improvements Act of 1976, Public Law 94-435, 90 Stat. 1390 ("the Act"), requires all persons contemplating certain mergers or acquisitions, which meet or exceed the jurisdictional thresholds in the Act, to file notification with the Commission and the Assistant Attorney General and to wait a designated period of time before consummating such transactions.
