Bureau of Ocean Energy Management

[OMB Control Number 1010–0081; Docket ID: BOEM–2017–0016]

Agency Information Collection Activities; Operations in the Outer Continental Shelf for Minerals Other Than Oil, Gas, and Sulphur

AGENCY: Bureau of Ocean Energy Management, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the Bureau of Ocean Energy Management (BOEM) is proposing to renew an information collection request (ICR). **DATES:** Interested persons are invited to submit comments on or before March 30, 2020.

ADDRESSES: Send your comments on this ICR by mail to the BOEM Information Collection Clearance Officer, Anna Atkinson, Bureau of Ocean Energy Management, 45600 Woodland Road, Sterling, Virginia 20166; or by email to anna.atkinson@boem.gov. Please reference OMB Control Number 1010–0081 in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT: To request additional information about this ICR, contact Anna Atkinson by email, or by telephone at 703–787–1025.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995, BOEM provides the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps BOEM assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

BOEM is soliciting comments on the proposed ICR described below. We are especially interested in public comment addressing the following issues: (1) Is the collection necessary to the proper functions of BOEM; (2) what can BOEM do to ensure that this information will be processed and used in a timely manner; (3) is the burden estimate accurate; (4) how might BOEM enhance the quality, utility, and clarity of the information to be collected; and (5) how might BOEM minimize the burden of this collection on the respondents, including minimizing the burden through the use of information technology?

Comments submitted in response to this notice are a matter of public record. BOEM will include or summarize each comment in our request to the Office of Management and Budget (OMB) for approval of this ICR. You should be aware that your entire comment—including your address, phone number, email address, or other personally identifiable information—may be made publicly available at any time. In order for BOEM to withhold from disclosure your personally identifiable information, you must identify any information contained in the submittal of your comments that, if released, would constitute a clearly unwarranted invasion of your personal privacy. You must also briefly describe any possible harmful consequences of the disclosure of information, such as embarrassment, injury, or other harm. While you can ask us in your comment to withhold your personally identifiable information from

public review, we cannot guarantee that we will be able to do so.

BOEM protects proprietary information in accordance with the Freedom of Information Act (5 U.S.C. 552) and the Department of the Interior's implementing regulations (43 CFR part 2), and under applicable sections of 30 CFR parts 550 and 552 promulgated pursuant to Outer Continental Shelf Lands Act (OCSLA) at 43 U.S.C. 1352(c).

Abstract: The Outer Continental Shelf Lands Act (43 U.S.C. 1334 and 43 U.S.C. 1337(k)(1)) authorizes the Secretary of the Interior to issue regulations to grant to qualified persons who offer the highest cash bonus on a basis of competitive bidding, leases of any mineral other than oil, gas, and sulphur in any area of the Outer Continental Shelf not then under lease for such mineral upon such royalty, rental, and other terms and conditions as the Secretary may prescribe at the time of offering the area for lease.

Regulations at 30 CFR part 582 carry out these statutory requirements by governing mining operations within the OCS for minerals other than oil, gas, and sulphur and establishing a comprehensive regulatory program for such minerals.

There has been no competitive leasing activity in the OCS for minerals other than oil, gas, and sulphur for many years. Accordingly, BOEM has not generally collected information under this Part of its regulations. However, since these are regulatory requirements, the potential exists for information to be collected. Therefore, we are renewing OMB approval for this information collection.

BOEM will use the information required by 30 CFR part 582 to determine if lessees are complying with the regulations for mining minerals other than oil, gas, and sulphur. BOEM will also use the information to ensure that such operations are conducted in a manner that will result in orderly resource recovery, development, and the protection of the human, marine, and coastal environments and for technical

and environmental evaluations which provide a basis for BOEM to make informed decisions to approve, disapprove, or require modification of the proposed activities.

We protect proprietary information according to the Freedom of Information Act (5 U.S.C. 552) and the Department's implementing regulations (43 CFR part 2), 30 CFR 582.5 and 582.6, and applicable sections of 30 CFR parts 580 and 581. No items of a sensitive nature are collected.

Title of Collection: 30 CFR 582, Operations in the Outer Continental Shelf for Minerals Other than Oil, Gas, and Sulphur.

OMB Control Number: 1010-0081.

Form Number: None.

Type of Review: Extension of a currently approved collection.

Respondents/Affected Public: As there are no active respondents, we estimated the potential annual number of respondents to be one. Potential respondents are OCS lessees.

Total Estimated Number of Annual Responses: As there are no active respondents, we estimated the potential annual number of respondents to be one.

Total Estimated Number of Annual Burden Hours: 212 hours.

Respondent's Obligation: Mandatory or voluntary.

Frequency of Collection: Monthly; quarterly; on occasion.

Total Estimated Annual Non-hour Burden Cost: We have identified no non-hour paperwork cost burdens for this collection.

Estimated Reporting and Recordkeeping Hour Burden: We expect the burden estimate for the renewal will be 212 hours. The following table details the individual BOEM components and respective hour burden estimates of this ICR. In calculating the burdens, we assumed that respondents perform certain requirements in the normal course of their activities. We consider these to be usual and customary and took that into account in estimating the burden.

INTERNATIONAL TRADE COMMISSION

[Investigation No. 731–TA–1443 (Final)]

Carbon and Alloy Steel Threaded Rod From Taiwan

Determination

On the basis of the record¹ developed in the subject investigation, the United States International Trade Commission (“Commission”) determines, pursuant to the Tariff Act of 1930 (“the Act”), that an industry in the United States is materially injured by reason of imports of carbon and alloy steel threaded rod (“threaded rod”) from Taiwan, provided for in subheadings 7318.15.50, 7318.15.20, and 7318.19.00 of the Harmonized Tariff Schedule of the United States, that have been found by the U.S. Department of Commerce (“Commerce”) to be sold in the United States at less than fair value (“LTFV”).²

Background

The Commission instituted this investigation effective February 21, 2019, following receipt of countervailing duty and/or antidumping duty petitions filed with the Commission and Commerce on threaded rod from China, India, Taiwan, and Thailand, by Vulcan Threaded Products

Inc. (“Vulcan”), Pelham, Alabama. The Commission established a general schedule for the conduct of the final phase of the investigations following notification of a preliminary determination by Commerce that imports of threaded rod from Thailand were being sold at LTFV within the meaning of section 733(b) of the Act (19 U.S.C. 1673b(b)).³ Notice of the scheduling of the final phase of the Commission’s investigations and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of August 27, 2019 (84 FR 44916). The hearing was held in Washington, DC, on October 15, 2019, and all persons who requested the opportunity were permitted to appear in person or by counsel. The Commission subsequently issued its final affirmative determination regarding dumped imports from Thailand on December 5, 2019 (84 FR 67476, December 10, 2019).

Following notification of a final determination by Commerce that imports of threaded rod from Taiwan were being sold in the United States at LTFV,⁴ notice of the supplemental scheduling of the final phase of the Commission’s antidumping duty investigation with respect to Taiwan was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of December 16, 2019 (84 FR 68473).

The Commission made this determination pursuant to section 735(b) of the Act (19 U.S.C. 1673d(b)). It completed and filed its determination in this investigation on January 23, 2020. The views of the Commission are contained in USITC Publication 5013 (January 2020), entitled *Carbon and Alloy Steel Threaded Rod from Taiwan: Investigation No. 731–TA–1443 (Final)*.

By order of the Commission.
Issued: January 23, 2020.

Lisa Barton,
Secretary to the Commission.

INTERNATIONAL TRADE COMMISSION

Notice of Request for Extension of a Previously Approved Information Collection

AGENCY: United States International Trade Commission.

ACTION: 60-Day notice and request for comments.

SUMMARY: This notice announces the intention of the U.S. International Trade Commission (Commission) to request a three-year extension, under the Paperwork Reduction Act of 1995 (the Act), of the current generic survey clearance that the Office of Management and Budget (OMB) previously approved. The Commission uses this clearance to issue information collections for investigations that it is required to conduct under the Tariff Act of 1930, the Trade Act of 1974, and other trade-remedy statutes that require or authorize the Commission to make findings or determinations. The current generic survey clearance is assigned OMB Control No. 3117–0016; it will expire on June 30, 2020. The Commission requests comments concerning the proposed information collections under section 3506(c)(2)(A) of the Act; this notice describes such comments in greater detail in the **SUPPLEMENTARY INFORMATION** section.

DATES: To assure that the Commission will consider your comments, it must receive them no later than 60 days after publication of this notice in the **Federal Register**.

ADDRESSES: Submit signed comments to Lisa R. Barton, Secretary to the Commission, U.S. International Trade Commission, 500 E St. SW, Washington, DC 20436.
