

CATEGORIES OF INDIVIDUALS:

The individuals whose information is involved in this matching program are beneficiaries for whom SSA must make Medicare Part D LIS determinations.

CATEGORIES OF RECORDS:

SSA Responsibilities—When Medicare, Medicaid, Supplemental Security Income, and Medicare Savings Program beneficiaries apply for LIS under section 1860D–14 of the Act, they must self-certify on the application form their income, resources, and family size. SSA will verify each applicant's self-certification information before making a subsidy determination.

When beneficiaries apply for LIS, and SSA cannot otherwise verify the income information provided on an application, SSA discloses to IRS the last four characters of the applicant's surname and Social Security number. On a weekly basis, SSA provides IRS with such identifying information for applicants for benefits available under LIS. SSA electronically transmits the records to IRS.

Once each year, SSA electronically transmits the identifying information of each current LIS recipient to IRS. SSA must notify IRS of its intent to request this annual extract at least 30 days prior to transmitting the file.

IRS Responsibilities—On a weekly basis, IRS extracts return information with respect to unearned income from the Information Returns Master File (IRMF) using the same extract process as the Disclosure of Information to Federal, State, and Local Agencies (DIFSLA) program. When there is a match of an individuals' identifier, IRS extracts and discloses the Payee Account Number; Payee Name and Mailing Address; Payee Taxpayer Identification Number (TIN); Payer Name and Address; Payer TIN and Income Type and Amount for unearned income data pertaining to the most recent tax year for which such data is available in electronic format. When each new tax year data becomes available in electronic format, IRS provides the most recent data in response to the weekly SSA request. IRS transmits the records electronically to SSA.

Once each year, at the request of SSA, IRS extracts return information with respect to unearned income pertaining to current subsidy recipients from the IRMF using the same extract process as the DIFSLA program. IRS provides the response records electronically to SSA.

SYSTEM(S) OF RECORDS:

SSA provides IRS with identifying information with respect to applicants for, and recipients of, LIS from the

existing Medicare Database (MDB File) system of records, 60–0321, last fully published on July 25, 2006 (71 FR 42159), as amended on December 10, 2007 (72 FR 69723), and November 1, 2018 (83 FR 54969). Unearned income information provided by IRS is maintained in the MDB File.

IRS extracts return information with respect to unearned income from the IRMF, Treasury/IRS 22.061, as published at 77 FR 47946 (August 10, 2012) as amended by 80 FR 54081 (September 8, 2015).

SUPPLEMENTARY INFORMATION: The FAA invites public comment on the request to release approximately 2.964 acres of airport property at Paulding Northwest Atlanta Airport (PUJ) under the provisions of 49 U.S.C. 47107(h)(2). On September 6, 2019, the CEO of the Paulding County Airport Authority

requested from the FAA that approximately 2.964 acres of property be released for the Chattahoochee Technical College for use as a new public Airframe and Power Plant (A&P) school consistent with the zoning ordinances of Paulding County. The FAA has determined that the proposed property release at the Paulding Northwest Atlanta Airport, as submitted by the Paulding County Airport Authority, meets the procedural requirements of the FAA and release of the property does not and will not impact future aviation needs at the airport. The FAA may approve the request, in whole or in part, no sooner than thirty days after the publication of this notice.

The following is a brief overview of the request:

Paulding Northwest Atlanta Airport is proposing the release of airport property totaling 2.964 acres, more or less. This land is to be used for an Airframe and Power Plant training school. The release of land is necessary to comply with Federal Aviation Administration Grant Assurances that do not allow federally acquired airport property to be used for non-aviation purposes. The sale of the subject property will result in the land at Paulding Northwest Atlanta Airport being changed from aeronautical to non-aeronautical use and release the land from the conditions of the Airport Improvement Program Grant Agreement Grant Assurances. In accordance with 49 U.S.C. 47107(c)(2)(B)(i) and (iii), the airport will receive fair market value for the property, which will be subsequently reinvested in another eligible airport improvement project for general aviation facilities at the Paulding Northwest Atlanta Airport.

Any person may inspect, by appointment, the request in person at the FAA office listed above under **FOR FURTHER INFORMATION CONTACT**. In addition, any person may, upon appointment and request, inspect the application, notice and other documents determined by the FAA to be related to the application in person at Paulding Northwest Atlanta Airport.

Issued in Atlanta, Georgia on January 23, 2020.

Larry F. Clark,
Manager.
