not been in operation due to financial distress for at least four consecutive months immediately prior to the application, or is a debtor in an involuntary bankruptcy or insolvency proceeding at the time of the application.

- 2. For paragraph (b) of this section only, if one of the television stations involved is a "failing" station that has an all-day audience share of no more than four per cent; the station has had negative cash flow for three consecutive years immediately prior to the application; and consolidation of the two stations would result in tangible and verifiable public interest benefits that outweigh any harm to competition and diversity.
- 3. For paragraph (b) of this section only, if the combination will result in the construction of an unbuilt station. The permittee of the unbuilt station must demonstrate that it has made reasonable efforts to construct but has been unable to do so.

SUPPLEMENTARY INFORMATION:

I. Meeting Details and Agenda

PHMSA is holding a public meeting to assist with the implementation process for the gas transmission final rule, 84 FR 52180, and hazardous liquid pipeline final rule, 84 FR 52260, that were published in the Federal Register on October 1, 2019. PHMSA will provide an overview of the regulations, key regulatory milestones, and regulatory expectations to demonstrate compliance.¹ PHMSA will also discuss the benefits of pipeline operators developing an effective safety culture, including safety management systems. PHMSA will solicit and discuss how operators may further control safety risks in operations by taking into account the operator's specific organizational structures and processes related to safety of operations, including compliance with new and existing

As part of the implementation process, PHMSA has developed draft FAQs for the new regulations. PHMSA subject matter experts on the two rules will lead a discussion on the FAQs and proposed answers. PHMSA will solicit additional FAQ topics on regulatory requirements from operators, regulators, and the public. The FAQs are intended to assist in the implementation of these final rules by providing clarification, guidance, information sources, and affirmation to operators as they strive to comply with new safety regulations. PHMSA has included the initial set of draft FAQs for the meeting in Docket No. PHMSA-2019-0225, and encourages the public to submit comments on the draft FAQs.

PHMSA intends for the public comments to help identify key areas where additional clarifying information is necessary for operators and the general public and to prioritize addressing those areas.

The final meeting agenda, presentations, clarifying statements, and FAQs will be published on a publicly available DOT website at https://primis.phmsa.dot.gov/meetings/ MtgHome.mtg?mtg=146.

Issued in Washington, DC, on January 24, 2020, under authority delegated in 49 CFR 1.97.

Drue Pearce,

Deputy Administrator.

Coastal Migratory Pelagic Resources of the Gulf of Mexico and Atlantic Region; 2019–2020 Commercial Trip Limit Reduction for Spanish Mackerel in the Atlantic Southern Zone

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; trip limit reduction.

SUMMARY: NMFS reduces the commercial trip limit of Atlantic migratory group Spanish mackerel in the southern zone of the Atlantic exclusive economic zone (EEZ) to 500 lb (227 kg) in round or gutted weight per day. This commercial trip limit reduction is necessary to maximize the socioeconomic benefits of the fishery.

DATES: This temporary rule is effective from 6 a.m. eastern time on January 29, 2020, until 12:01 a.m. eastern time on March 1, 2020.

FOR FURTHER INFORMATION CONTACT:

Mary Vara, NMFS Southeast Regional Office, telephone: 727–824–5305, or email: mary.vara@noaa.gov.

SUPPLEMENTARY INFORMATION: The fishery for coastal migratory pelagic fish in the Atlantic includes king mackerel, Spanish mackerel, and cobia on the east coast of Florida, and is managed under the Fishery Management Plan for the Coastal Migratory Pelagic Resources of the Gulf of Mexico and Atlantic Region (FMP). The FMP was prepared by the Gulf of Mexico and South Atlantic Fishery Management Councils and is implemented by NMFS under the authority of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act) by regulations at 50 CFR part 622.
