Confidential Business Information

Confidential Business Information (CBI) is commercial or financial information that is both customarily and actually treated as private by its owner. Under the Freedom of Information Act (FOIA) (5 U.S.C. 552), CBI is exempt from public disclosure. If your comments responsive to this notice contain commercial or financial information that is customarily treated

as private, that you actually treat as private, and that is relevant or responsive to this notice, it is important that you clearly designate the submitted comments as CBI. Pursuant to 49 CFR 190.343, you may ask PHMSA to give confidential treatment to information you give to the agency by taking the following steps: (1) Mark each page of the original document submission containing CBI as "Confidential"; (2) send PHMSA, along with the original document, a second copy of the original document with the CBI deleted; and (3) explain why the information you are submitting is CBI. Unless you are notified otherwise, PHMSA will treat such marked submissions as confidential under the Freedom of Information Act, and they will not be placed in the public docket of this notice. Submissions containing CBI should be sent to Robert Smith at DOT, PHMSA, PHP–80, 1200 New Jersey Avenue SE, Washington, DC 20590–0001. Any commentary PHMSA receives that is not specifically designated as CBI will be placed in the public docket for this matter.

The Pipeline R&D Forum allows the public, government, and industry pipeline stakeholders to develop recommendations on the technical gaps and challenges for future pipeline safety research. It also reduces duplication of research programs, shares ongoing research efforts, leverages resources, and broadens synergies. The national research agenda that will be developed through this forum will help PHMSA align its research program with the needs of its pipeline safety mission and make use of the best available knowledge and expertise, as well as consider stakeholder perspectives. The Pipeline R&D Forum will also provide an opportunity to discuss the potential need for establishing an integrated safety research, development, and testing facility at the Transportation Technology Center located in Pueblo, Colorado. This would create a world-class national pipeline safety research facility used to accelerate innovation and bring new safety technologies to market more quickly than is currently possible.

Issued in Washington, DC, on January 24, 2020, under authority delegated in 49 CFR 1.97.

Drue Pearce,

Deputy Administrator.

Alcohol and Tobacco Tax and Trade Bureau (TTB)

1. *Title:* Drawback on Wines Exported.

OMB Control Number: 1513–0016.

Type of Review: Extension without change of a currently approved collection.

Description: In general, the Internal Revenue Code (IRC) at 26 U.S.C. 5041 imposes Federal excise tax on wine produced or imported into the United States, while section 5362(c) allows domestic wine to be exported, transferred to a foreign trade zone, or used on certain vessels and aircraft without payment of that tax. In the case of taxpaid domestic wine that is subsequently exported, the IRC at 26 U.S.C. 5062(b) provides that exporters of such wine may claim “drawback” (refund) of the Federal excise tax paid or determined on the exported wine. Under the Alcohol and Tobacco Tax and Trade Bureau (TTB) regulations in 27 CFR part 28, Exportation of Alcohol, exporters of taxpaid domestic wine use form TTB F 5120.24 to document the wine’s exportation and to submit drawback claims for the Federal excise taxes paid on the exported wine. TTB uses the provided information to determine if the exported wine is eligible for drawback and to verify the amount of drawback claimed by the exporter. This information collection is necessary to protect the revenue.

Form: TTB F 5120.25.

Affected Public: Businesses or other for-profits.

Estimated Number of Respondents: 40.

Frequency of Response: On occasion.

Estimated Total Number of Annual Responses: 160.

Estimated Time per Response: 67 minutes.

Estimated Total Annual Burden Hours: 179 hours.

2. *Title:* Specific and Continuing Transportation Bonds—Distilled Spirits or Wines Withdrawn for Transportation

to Manufacturing Bonded Warehouse, Class Six.

OMB Control Number: 1513–0031.

Type of Review: Extension without change of a currently approved collection.

Description: The Internal Revenue Code (IRC) at 26 U.S.C. 5214(a)(6) and 5362(c)(4) authorizes the transfer without payment of Federal excise tax of, respectively, distilled spirits and wine from a bonded premises to certain customs bonded warehouses for subsequent exportation. However, to protect the revenue, the customs laws at 19 U.S.C. 1311 requires bonds for such transfers of non-taxpaid goods. To provide proprietors of manufacturing bonded warehouses with operational flexibility based on individual need, the Alcohol and Tobacco Tax and Trade Bureau (TTB) alcohol export regulations in 27 CFR part 28 allow the filing of either a specific transportation bond using form TTB F 5100.12 to cover a single shipment from a bonded premises to a manufacturing bonded warehouse, or a continuing transportation bond using form TTB F 5110.67 to cover multiple shipments.

Form: TTB F 5100.12, TTB F 5110.67.

Affected Public: Businesses or other for-profits.

Estimated Number of Respondents: 50.

Frequency of Response: On occasion.

Estimated Total Number of Annual Responses: 50.

Estimated Time per Response: 1 hour.

Estimated Total Annual Burden Hours: 50.

3. *Title:* Letterhead Applications and Notices Relating to Denatured Spirits.

OMB Control Number: 1513–0061.

Type of Review: Revision of a currently approved collection.

Description: Under the Internal Revenue Code (IRC) at 26 U.S.C. 5214, denatured spirits (alcohol to which denaturants have been added to render it unfit for beverage purposes) may be withdrawn from distilled spirits plants free of tax for nonbeverage industrial purposes in the manufacture of certain personal and household products. Since it is possible to recover potable alcohol from denatured spirits and articles made with denatured spirits, the IRC at 26 U.S.C. 5271–5275 sets forth provisions relating to denatured spirits and articles made with denatured spirits. Under those IRC authorities, the Alcohol and Tobacco Tax and Trade Bureau (TTB) regulations in 27 CFR part 20 require specially denatured spirits (SDS) dealers and manufacturers of nonbeverage products made with denatured alcohol to apply for and obtain a permit. In addition, the part 20 regulations that
