SUPPLEMENTARY INFORMATION:

Background.—On September 14, 2009, the Department of Commerce ("Commerce") issued antidumping and countervailing duty orders on imports of certain kitchen appliance shelving and racks from China (74 FR 46971). Following the five-year reviews by Commerce and the Commission, effective March 12, 2015, Commerce issued a continuation of the antidumping and countervailing duty orders on imports of certain kitchen appliance shelving and racks from China (80 FR 12983). The Commission is now conducting second reviews pursuant to section 751(c) of the Act, as amended (19 U.S.C. 1675(c)), to determine whether revocation of the orders would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. Provisions concerning the conduct of this proceeding may be found in the Commission's Rules of Practice and Procedure at 19 CFR part 201, subparts A and B, and 19 CFR part 207, subparts A and F. The Commission will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct full or expedited reviews. The Commission's determinations in any expedited reviews will be based on the facts available, which may include information provided in response to this notice.

Definitions.—The following definitions apply to these reviews:

(1) *Subject Merchandise* is the class or kind of merchandise that is within the scope of the five-year reviews, as defined by Commerce.

(2) The *Subject Country* in these reviews is China.

(3) The *Domestic Like Product* is the domestically produced product or products which are like, or in the absence of like, most similar in characteristics and uses with, the *Subject Merchandise*. In its original determinations and its expedited first five-year review determinations, the Commission found two *Domestic Like Products*: (1) Certain refrigeration shelving and baskets for refrigerators, freezers, combination refrigerator/freezers and other refrigerating or freezing equipment ("refrigeration shelving"); and (2) certain oven racks, side racks, and subframes for cooking stoves, ranges, and ovens ("oven racks").

(4) The *Domestic Industry* is the U.S. producers as a whole of the *Domestic*
