1. *Request for Corrections of Earnings Record—20 CFR 404.820 and 20 CFR 422.125—0960–0029.* Individuals alleging inaccurate earnings records in SSA’s files use paper Form SSA–7008, or a personal interview during which

SSA employees key their answers into our electronic Earnings Modernization Item Correction system, to provide the information SSA needs to check earnings posted, and, as necessary, initiate development to resolve any

inaccuracies. The respondents are individuals who request correction of earnings posted to their Social Security earnings record. Type of Request: Revision of an OMB-approved information collection.

2. *Application for a Social Security Number Card, the Social Security Number Application Process (SSNAP), and internet SSN Replacement Card (iSSNRC) Application—20 CFR 422.103—422.110—0960–0066.* SSA collects information on the SS–5 (used in the United States) and SS–5–FS (used outside the United States) to issue original or replacement Social Security cards. SSA also enters the application data into the SSNAP application when issuing a card via telephone or in person. In addition, hospitals collect the same information on SSA’s behalf for newborn children through the Enumeration-at-Birth process. In this process, parents of newborns provide hospital birth registration clerks with information required to register these newborns. Hospitals send this information to State Bureaus of Vital

Statistics (BVS), and they send the information to SSA’s National Computer Center. SSA then uploads the data to the SSA mainframe along with all other enumeration data, and we assign the newborn a Social Security number (SSN) and issue a Social Security card. Respondents can also use these modalities to request a change in their SSN records. In addition, the iSSNRC internet application collects information similar to the paper SS–5 for no-change replacement SSN cards for adult U.S. citizens. The iSSNRC modality allows certain applicants for SSN replacement cards to complete the internet application and submit the required evidence online rather than completing a paper Form SS–5. Finally, the new Online Social Security Number Application Process (oSSNAP) collects information similar to the paper SS–5

for no change, with the exception of name change, replacement SSN cards for U.S Citizens (adult and minor children). oSSNAP will allow certain applicants for SSN replacement cards to start the application process on-line, receive a list of evidentiary documents, and then submit the application data to SSA for further processing by SSA employees. Applicants will need to visit a local SSA office to complete the application process. The respondents for this collection are applicants for original and replacement Social Security cards, or individuals who wish to change information in their SSN records, who use any of the modalities described above.

Type of Request: Revision of an OMB-approved information collection.

3. *Petition for Authorization to Charge and Collect a Fee for Services Before the Social Security Administration—20 CFR 404.1720—404.1730; 20 CFR 416.1520—416.1530—0960—0104.* A Social Security claimant's representative, whether an attorney or a non-attorney, uses Form SSA-1560 to petition SSA for authorization to charge and collect a fee for their services as a representative. In addition, the representatives indicate on the form if they have been disbarred or suspended from a court or bar to which they were previously admitted to practice as an attorney; or if they have

been disqualified from appearing before a Federal program or agency. SSA must authorize a fee to the representative, if the representative requests to be paid from the expected past-due benefits of the claimant. The representative submits the SSA-1560 after a claim decision, or any time when the representation is terminated, to request authorization to charge and collect a fee under the fee petition process. Since this information is mandated by regulation, the form is mandatory for the representative to obtain authorization to charge and collect a fee. SSA collects

the information on a claim-by-claim basis, if the individual representatives decide to use this option to receive authorization of a fee, and representatives must submit the documentation once per claim. SSA employees then evaluate and process the request for authorization of a fee. The respondents are representatives who use this form to request a fee via the fee petition process.

Type of Request: Revision of an OMB-approved information collection.

disability payment recipients whose disability ceased and who participate in vocational rehabilitation programs may continue to receive disability payments. To do this, DDSs need information about the recipients; the types of program participation; and the services they receive under the rehabilitation program. SSA uses Form SSA-4290 to

collect this information. The respondents are State employment networks, vocational rehabilitation agencies, or other providers of educational or job training services.

Type of Request: Revision of an OMB-approved information collection.

BILLING CODE 4191-02-P

OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

Notice of Product Exclusions: China's Acts, Policies, and Practices Related to Technology Transfer, Intellectual Property, and Innovation

AGENCY: Office of the United States Trade Representative.

ACTION: Notice of product exclusions.

SUMMARY: In September of 2018, the U.S. Trade Representative imposed additional duties on goods of China with an annual trade value of approximately \$200 billion as part of the action in the Section 301 investigation of China's acts, policies, and practices related to technology transfer, intellectual property, and innovation. The U.S. Trade Representative initiated a product exclusion process in June 2019, and interested persons have submitted requests for the exclusion of specific products. This notice announces the U.S. Trade Representative's determination to grant certain exclusion requests, as specified in the Annex to this notice, and corrects technical errors in previously announced exclusions.

DATES: The product exclusions announced in this notice will apply as of September 24, 2018, the effective date of the \$200 billion action, to August 7, 2020. The amendments announced in this notice are retroactive to the date the original exclusions were published.

FOR FURTHER INFORMATION CONTACT: For general questions about this notice, contact Assistant General Counsels Philip Butler or Megan Grimball, or Director of Industrial Goods Justin Hoffmann at (202) 395-5725. For specific questions on customs classification or implementation of the product exclusions identified in the Annex to this notice, contact traderemedycbpdhs.gov.

SUPPLEMENTARY INFORMATION:

A. Background

For background on the proceedings in this investigation, please see the prior notices issued in the investigation, including 82 FR 40213 (August 23, 2017), 83 FR 14906 (April 6, 2018), 83 FR 28710 (June 20, 2018), 83 FR 33608 (July 17, 2018), 83 FR 38760 (August 7,

2018), 83 FR 47974 (September 21, 2018), 83 FR 49153 (September 28, 2018), 83 FR 65198 (December 19, 2018), 84 FR 7966 (March 5, 2019), 84 FR 20459 (May 9, 2019), 84 FR 29576 (June 24, 2019), 84 FRN 38717 (August 7, 2019), 84 FR 46212 (September 3, 2019), 84 FR 49591 (September 20, 2019), 84 FR 57803 (October 28, 2019), 84 FR 61674 (November 13, 2019), 84 FR 65882 (November 29, 2019), 84 FR 69012 (December 17, 2019), and 85 FR 549 (January 6, 2020).

Effective September 24, 2018, the U.S. Trade Representative imposed additional 10 percent duties on goods of China classified in 5,757 full and partial subheadings of the Harmonized Tariff Schedule of the United States (HTSUS), with an approximate annual trade value of \$200 billion. *See* 83 FR 47974, as modified by 83 FR 49153. In May 2019, the U.S. Trade Representative increased the additional duty to 25 percent. *See* 84 FR 20459. On June 24, 2019, the U.S. Trade Representative established a process by which U.S. stakeholders may request exclusion of particular products classified within an 8-digit HTSUS subheading covered by the \$200 billion action from the additional duties. *See* 84 FR 29576 (the June 24 notice).

Under the June 24 notice, requests for exclusion had to identify the product subject to the request in terms of the physical characteristics that distinguish the product from other products within the relevant 8-digit subheading covered by the \$200 billion action. Requestors also had to provide the 10-digit subheading of the HTSUS most applicable to the particular product requested for exclusion, and could submit information on the ability of U.S. Customs and Border Protection to administer the requested exclusion. Requestors were asked to provide the quantity and value of the Chinese-origin product that the requestor purchased in the last three years. With regard to the rationale for the requested exclusion, requestors had to address the following factors:

- Whether the particular product is available only from China and specifically whether the particular product and/or a comparable product is available from sources in the United States and/or third countries.
- Whether the imposition of additional duties on the particular product would cause severe economic harm to the requestor or other U.S. interests.
- Whether the particular product is strategically important or related to "Made in China 2025" or other Chinese industrial programs.

The June 24 notice stated that the U.S. Trade Representative would take into account whether an exclusion would undermine the objective of the Section 301 investigation.

The June 24 notice required submission of requests for exclusion from the \$200 billion action no later than September 30, 2019, and noted that the U.S. Trade Representative would periodically announce decisions. In August 2019, the U.S. Trade Representative granted an initial set of exclusion requests. *See* 84 FR 38717. The U.S. Trade Representative granted additional exclusions in September 2019, October 2019, November 2019, December 2019, and January 2020. *See* 84 FR 49591, 84 FR 57803, 84 FR 61674, 84 FR 65882, 84 FR 69012, 85 FR 549. The Office of the United States Trade Representative (USTR) regularly updates the status of each pending request on the USTR Exclusions Portal at <https://exclusions.ustr.gov/s/docket?docketNumber=USTR-2019-0005>.

B. Determination To Grant Certain Exclusions

Based on the evaluation of the factors set forth in the June 24 notice, which are summarized above, pursuant to sections 301(b), 301(c), and 307(a) of the Trade Act of 1974, as amended, and in accordance with the advice of the interagency Section 301 Committee, the U.S. Trade Representative has determined to grant the product exclusions set forth in the Annex to this notice. The U.S. Trade Representative's determination also takes into account advice from advisory committees and any public comments on the pertinent exclusion requests.

As set forth in the Annex, the exclusions are reflected in 2 10-digit HTSUS subheadings, which cover 52 requests, and 117 specially prepared product descriptions, which cover 156 separate exclusion requests.

In accordance with the June 24 notice, the exclusions are available for any product that meets the description in the Annex, regardless of whether the importer filed an exclusion request. Further, the scope of each exclusion is governed by the scope of the product descriptions in the Annex, and not by the product descriptions found in any particular request for exclusion.

Subparagraphs A(3-7) of the Annex contain conforming amendments to the HTSUS reflecting the modifications made by the Annex. Paragraph B of the Annex contains amendments reflecting technical corrections to the specially prepared product descriptions in certain notes to the HTSUS, specifically U.S.
