5. *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* Based on the projected increases in registrations from 2017 to 2020, an estimated 296 new registrants will complete Form NSD–3 (OMB 1124–0006). NSD estimates that all of the approximately 296 respondents will fully complete the form.

6. *An estimate of the total public burden (in hours) associated with the collection:* The estimated public burden associated with this collection is 65.12 annual burden hours. It is estimated that respondents will take .22 hours to complete the form. (296 respondents × .22 hours = 65.12 annual burden hours).

7. Beginning September 23, 2019, NSD completed its ongoing multi-year design review, testing, and requirements enhancement efforts under the FARA e-File 4.0 initiative to a level where it began to rollout initial capabilities for new registrants only. NSD continues to make progress in enhancing the functionality of FARA e-File and Form NSD–3.
