

Timken Notice

In its decision in *Timken*,⁶ as clarified by *Diamond Sawblades*,⁷ the United States Court of Appeals for the Federal Circuit (CAFC) held that, pursuant to section 516A(c) and (e) of the Tariff Act of 1930, as amended (the Act), Commerce must publish a notice of a court decision that is not “in harmony” with a Commerce determination and must suspend liquidation of entries pending a “conclusive” court decision. The Court’s January 9, 2020 judgment sustaining Commerce’s *Remand Redetermination* constitutes a final decision of the Court that is not in harmony with Commerce’s *Amended Final Determination*. This notice is published in fulfillment of the publication requirements of *Timken* and section 516A of the Act. Commerce will continue the suspension of liquidation of the subject merchandise pending the expiration of the period of appeal, or if appealed, pending a final and conclusive court decision.

Amended Final Determination

Because there is now a final court decision, Commerce is amending the *Amended Final Determination*. China Steel’s rate, as determined in the *Remand Redetermination*, is 6.73 percent.

Cash Deposit Requirements

We have revised China Steel’s cash deposit rate to 6.73 percent, and we will issue instructions to U.S. Customs and Border Protection within five days of the publication of this notice.

Notifications to Interested Parties

This notice is issued and published in accordance with sections 516A(e), 751(a)(1), and 777(i)(1) of the Act.

Dated: January 28, 2020.

Jeffrey I. Kessler,

Assistant Secretary for Enforcement and Compliance.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Proposed Information Collection; Comment Request; NOAA Space-Based Data Collection System (DCS) Agreements

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: To ensure consideration, written or on-line comments must be submitted on or before April 10, 2020.

ADDRESSES: Direct all written comments to Adrienne Thomas, PRA Officer, NOAA, 151 Patton Avenue, Room 159, Asheville, NC 28801 (or via the internet at PRAComments@doc.gov). All comments received are part of the public record. Comments will generally be posted without change. All Personally Identifiable Information (for example, name and address) voluntarily submitted by the commenter may be publicly accessible. Do not submit Confidential Business Information or otherwise sensitive or protected information.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instruments and instructions should be directed to Scott Rogerson, Office of Satellite and Product Operations, (301) 817–4543 or Scott.Rogerson@noaa.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for extension of an existing information collection.

The National Oceanic and Atmospheric Administration (NOAA) operates two space-based data collection systems (DCS) per 15 CFR part 911: The Geostationary Operational Environmental Satellite (GOES) DCS and the Polar-Orbiting Operational Environmental Satellite (POES) DCS, also known as the Argos system. Both the GOES DCS and the Argos DCS are operated to support environmental applications, *e.g.*, meteorology, oceanography, hydrology, ecology, and remote sensing of Earth resources. In addition, the Argos DCS currently

supports applications related to protection of the environment, *e.g.*, hazardous material tracking, fishing vessel tracking for treaty enforcement, and animal tracking. Presently, the majority of users of these systems are government agencies and researchers and much of the data collected by both the GOES DCS and the Argos DCS are provided to the World Meteorological Organization via the Global Telecommunication System for inclusion in the World Weather Watch Program.

Current loading on both of the systems does not use the entire capacity of that system, so NOAA is able to make its excess capacity available to other users who meet certain criteria. Applications are made in response to the requirements in 15 CFR 911 (under the authority of 15 U.S.C. 313, Duties of the Secretary of Commerce and others), using system use agreement (SUA) forms. The application information received is used to determine if the applicant meets the criteria for use of the system. The system use agreements contain the following information: (1) The period of time the agreement is valid and procedures for its termination, (2) the authorized use(s) of the DCS, and its priorities for use, (3) the extent of the availability of commercial services which met the user’s requirements and the reasons for choosing the government system, (4) any applicable government interest in the data, (5) required equipment standards, (6) standards of operation, (7) conformance with applicable International Telecommunication Union (ITU) and Federal Communications Commission (FCC) agreements and regulations, (8) reporting time and frequencies, (9) data formats, (10) data delivery systems and schedules and (11) user-borne costs.

Accepted applicants use the NOAA DCS to collect environmental data and in limited cases, non-environmental data via the Argos DCS, to support other governmental and non-governmental research or operational requirements, such as for law enforcement purposes. The applicants must submit information to ensure that they meet these criteria. NOAA does not approve agreements where there is a commercial service available to fulfill the user requirements (per 15 CFR part 911).

II. Method of Collection

Method of submittal is electronically (via internet).

SUPPLEMENTARY INFORMATION:

Title of Collection: Application Forms for Financial Empowerment Training Programs.

OMB Control Number: 3170-0068.

Type of Review: Revision of a currently approved collection.

Affected Public: Government social service entities, and not-for-profit institutions.

Estimated Number of Annual Respondents: 275.

Estimated Total Annual Burden Hours: 825.

Abstract: The Bureau's Office of Community Affairs (OCA) is responsible

for developing strategies to improve the financial capability of low-income and economically vulnerable consumers, such as consumers who are unbanked or underbanked, those with thin or no credit file, and households with limited savings. To address the needs of these consumers, OCA has developed two initiatives that target intermediary organizations and provide tools, training, technical assistance, and other services to help them reach low-income and economically vulnerable consumers to provide them the financial empowerment tools and information that they need, when they need it, and where they are. These initiatives: (1) Your Money, Your Goals, and (2) Tax Time Savings both require the Bureau to engage organizations to participate in our financial empowerment initiatives. The proposed information collection request consists of application forms that will be used by community-based organizations, local, State, or Federal government entities, and national non-profit organizations to indicate their desire and ability to participate in OCA's various initiatives. Empowerment will use the information provided in these applications to select the best qualified organizations for participation.

Request for Comments: The Bureau issued a 60-day **Federal Register** notice on November 15, 2019, (84 FR 62514), Docket Number: CFPB-2019-0056. Comments were solicited and continue to be invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the Bureau, including whether the information will have practical utility; (b) The accuracy of the Bureau's estimate of the burden of the collection of information, including the validity of the methods and the assumptions used; (c) Ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Comments submitted in response to this notice will be reviewed by OMB as part of its review of this request. All comments will become a matter of public record.

Dated: February 5, 2020.
