

5. *The headlamps comply with applicable requirements for global regions, including UNECE R1123.* S6.2.4 and Annex 3, Figure B of UNECE R112 specify photometric test points for the passing beam (*i.e.*, lower beam headlamp). The photometric points extend to 4° above the lamp optical axis. The subject reflection is well above those test points.

6. *The subject condition has been corrected for service parts and does not affect current-generation vehicles.* GM is purging all affected service and replacement headlamps from dealer stock. Stanley has redesigned service and replacement headlamps to add graining to the inadvertent reflecting surfaces, which will prevent the reflections that are the cause of the issue. These redesigned lamps are expected to be available June 12, 2019. Current-generation GMC Terrain vehicles (model years 2018 and newer) use a different headlamp design and are not affected by this condition.

GM concluded that the subject noncompliance is inconsequential as it relates to motor vehicle safety, and that its petition to be exempted from providing notification of the noncompliance, as required by 49 U.S.C. 30118, and a remedy for the noncompliance, as required by 49 U.S.C. 30120, should be granted.

NHTSA notes that the statutory provisions (49 U.S.C. 30118(d) and 30120(h)) that permit manufacturers to file petitions for a determination of inconsequentiality allow NHTSA to exempt manufacturers only from the duties found in sections 30118 and 30120, respectively, to notify owners, purchasers, and dealers of a defect or noncompliance and to remedy the defect or noncompliance. Therefore, any decision on this petition only applies to the subject vehicles that GM no longer controlled at the time it determined that the noncompliance existed. However, any decision on this petition does not relieve vehicle distributors and dealers of the prohibitions on the sale, offer for sale, or introduction or delivery for introduction into interstate commerce of the noncompliant vehicles under their control after GM notified them that the subject noncompliance existed.

Authority: (49 U.S.C. 30118, 30120; delegations of authority at 49 CFR 1.95 and 501.8).

Otto G. Matheke III,

Director, Office of Vehicle Safety Compliance.
