

Field office	FY 2015	FY 2016	FY 2017	FY 2018	FY 2019	5-year rolling average
Toledo	2,484,604	2,030,506	2,229,920	1,802,762	1,597,584	2,029,075

The local field office administrative costs for fiscal year 2019 and the fiscal year 2020 calculated local field office

tonnage fee, prior to the operating reserve review, are as follows:

Field office	FY 2019 local administrative costs	Calculated FY 2020 local tonnage fee
New Orleans	\$1,517,733	\$0.023
League City	755,374	0.069
Portland	329,221	0.078
Toledo	236,158	0.116

Operating reserve. In order to maintain an operating reserve not less than 3 and not more than 6 months, FGIS reviewed the value of the operating reserve at the end of FY2019 to ensure that an operating reserve of 4½ months is maintained.

The program operating reserve at the end of fiscal year 2019 was \$15,543,893 with a monthly operating expense of \$3,159,182. The target of 4.5 months of operating reserve is \$14,216,321. Therefore, the operating reserve is greater than 4.5 times the monthly operating expenses by \$1,327,572. For each \$1,000,000, rounded down, above the target level, all Schedule A fees must be reduced by 2 percent. The operating reserve is \$1.3 million above the target level resulting in a calculated 2 percent reduction, as required by 800.71(b)(2)(ii). Therefore, for 2020, FGIS is reducing all the 2019 Schedule A fees for service in Schedule A in paragraph (a)(1) by 2 percent. All Schedule A fees for service are rounded to the nearest \$0.10, except for fees based on tonnage or hundredweight. The fee Schedule A has been published on the agency's public website.

Forest Service

Title: Special Use Administration.

OMB Control Number: 0596–0082.

Summary of Collection: Several statutes authorize the Forest Service (FS) to issue and administer authorizations for use and occupancy of National Forest System (NFS) lands and require the collection of information from the public for those purposes. The laws for authorizing the use and managing these uses of NFS lands include: The Organic Administration Act of 1897 (16 U.S.C. 551); Title V of the Federal Land Policy and Management Act of 1976 (FLPMA, 43 U.S.C. 1761–1771); The Act of March 4, 1915 (16 U.S.C. 497); The National Forest Ski Area Permit Act (16 U.S.C. 497b); Section 28 of the Mineral Leasing Act (30 U.S.C. 185); The National Forest Roads and Trails Act (FRTA, 16 U.S.C. 532–538); Section 7 of the Granger-Thye Act (16 U.S.C. 480d); The Act of May 26, 2000 (16 U.S.C. 460–6d); The Federal Lands Recreation Enhancement Act (16 U.S.C. 6801–6814); Act of September 3, 1954 (68 Stat. 1146; 43 U.S.C. 931c, 931d); Archeological Resource Protection Act of October 31, 1979 (16 U.S.C.1996); The Rural Electrification Act of 1936, as amended; and Title VI of the Civil Rights Act of 1964.

Forest Service regulations implementing these authorities are found under Title 36, Code of Federal Regulations, Section 251, Subpart B (36 CFR 251, Subpart B). Information collected include submission of applications, execution of forms, and imposition of terms and conditions that entail information collection requirements, such as the requirement to submit annual financial information; to prepare and update an operating plan; to prepare and update a maintenance plan; and to submit compliance reports and information updates.

Under this request, FS seeks to amend an existing form FS–2700–4i (Special Use Permit for Outfitting and Guiding) and create two supporting documents, FS 2700–4i, Appendix H (Annual Stewardship Act Fee Offset Agreement) and FS–2700–4i, Appendix I (Stewardship Act Fee Offset Claim Certification). The burden hours in this notice only account for the amendment to the existing form and the creation of the two new supporting documents, and not the overall collection.

Need and Use of the Information: The information collected is evaluated by the FS to ensure that authorized uses of NFS lands are in the public interest and are compatible with the agency's mission. The information helps each agency identify environmental and social impacts of special uses for purposes of compliance with the National Environmental Policy Act and program administration. Information is collected under six categories: (1) Information required from proponents and applicants to evaluate proposals and applications to use or occupy NFS lands; (2) information required from applicants to complete special use authorizations; (3) annual financial information required from holders to determine land use fees; (4) information required from holders to prepare and update operating plans; (5) information required from holders to prepare and update maintenance plans; and (6) information required from holders to complete compliance reports and information updates.

Description of Respondents: Individuals or households; Business or other for-profit; Not-for-profit institutions; Farms; Federal Government; State, Local or Tribal Government.

Number of Respondents: 20.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 50.
